Total Assets \$15,021,111

FUND DESCRIPTION

The Bond Index Fund is comprised of fixed income securities which replicate the Barclays Capital Aggregate Bond Index. The purpose of this fund is to generally mirror the performance of the Barclays Capital Aggregate Bond Index with minimal tracking error. A stratified sampling approach is used to create a representative portfolio of securities from each industry, quality and duration sector of the Index. Each sector is held in proportion to its representative weight in the Index. Participants should have a minimum investment time horizon of 3 to 5 years.
