INDEPENDENT ACCOUNTANTS' REPORT

Board of Trustees
Oklahoma Municipal Retirement Fund (OkMRF)

We have examined management's assertion that:

1. The census data provided to the actuary as of July 1, 2017, is complete and accurate based on the accumulation of census data reported by participating employers for the period from June 30, 2016, to June 30, 2017. Census data includes the following for the categories listed below:

Active Participants

- Date of birth
- Service credit date
- Eligible compensation
- Gender
- Employment status

Retirees

- Date of birth
- Gender
- Contingent annuitant's birthdate if participant selected joint and survivor benefit
- Retirement status
- Form of benefit
- Monthly benefit

As set forth in the Participant Accounting System and as required by the actuary.

2. The census data provided to the actuary as of July 1, 2017, properly reflects current benefit provisions in effect as of July 1, 2017, included in the Participant Accounting System and the respective Joinder Agreement.
3. The census data provided to the actuary as of July 1, 2017, properly excludes deceased members based on OkMRF's validation of the existence of inactive and retired members by cross-matching social security numbers of inactive and retired members with the Social Security Administration as of June 30, 2017.

(Continued)

INDEPENDENT ACCOUNTANTS' REPORT, CONTINUED

Management's assertions 1, 2, and 3, described above, are presented in accordance with the criteria established by OkMRF as set forth in Note 1. OkMRF's management is responsible for the assertions. Our responsibility is to express an opinion on the assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions 1, 2, and 3, described above, are in accordance with (or based on) the criteria, in all material respects. An examination involves performing procedures to obtain evidence about management's assertions 1, 2, and 3, described above. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions 1, 2, and 3, described above, whether due to fraud or error. Included among our procedures were the following tests which were performed on the data provided to us:

- Using computer audit software (ACL), we compared selected census data for all participants from the census data as of July 1, 2016, to the census data as of July 1, 2017, and investigated the differences.
- Selected census data for active participants and retirees for the period from July 1, 2016, to July 1, 2017, was agreed to supporting documentation.
- Benefit payments reflected on the census data as of July 1, 2017, were agreed to supporting documentation, and selected payments were recomputed using the applicable Joinder Agreement.
- Using social security numbers, a comparison was made of deceased inactive and retired members in order to validate that the census data provided to the actuary as of July 1, 2017, did not include any deceased members.

We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

The examination report has been prepared to aid employers of the OkMRF defined benefit pension plans that must comply with Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*, by providing such members with information needed to prepare their individual financial statements and footnotes and recommended support for their auditors.

In our opinion, management's assertions referred to above are fairly stated, in all material respects, based on the OkMRF criteria as set forth in Note 1.

This report is intended solely for the information and use of the Oklahoma Municipal Retirement Fund—Defined Benefit Pension Plan's management and Board of Trustees and the Oklahoma Municipal Retirement—Defined Benefit Pension Plan's participating employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO INDEPENDENT ACCOUNTANTS' REPORT

(1) CRITERIA AS DEVELOPED BY OkMRF

The Oklahoma Municipal Retirement Fund (OkMRF) set as the criteria for the information being tested a maximum exception rate of 5% for the tests performed by Finley & Cook to evaluate whether the assertions were fairly stated. Exceptions noted, if any, had to be less than 5% for the assertion to be considered fairly stated. An exception is an item selected and found not to agree with the assertion made by OkMRF. The exception rate would be the ratio of the number of items which did not agree, divided by the number of items selected to validate the assertion. It should be noted that statistical sampling techniques were not utilized.
