MINUTES
**SPECIAL MEETING OF THE BOARD OF TRUSTEES OF THE OKLAHOMA
MUNICIPAL RETIREMENT FUND AND THE INVESTMENT COMMITTEE OF
OKLAHOMA MUNICIPAL RETIREMENT FUND**
February 25, 2021

1. Call To Order

The Investment Committee of the Oklahoma Municipal Retirement Fund met at Oklahoma Municipal Retirement Fund Offices, Oklahoma City, Oklahoma on February 25, 2021, at 2:00 p.m. with Chair Doolen calling the meeting to order due to quorum. On roll call the following members were present:

BOARD OF TRUSTEES PRESENT

Investment Committee: Jim Luckett, Jr., Retiree, City of Thomas
Robert Park, Retiree, City of Sallisaw
Ed Tinker, Retiree, City of Glenpool

Others: Donna Doolen, Finance Director, City of Ada
Joe Don Dunham, City Manager, City of Guymon (*via video*)
Tamera Johnson, Retiree, City of Shawnee (*via video*)
Robert Johnston, City Manager, City of Clinton (*via video/arrived at 2:05 p.m.*)
Melissa Reames, Deputy City Manager & Chief Financial Officer, City of Stillwater (*via video*)

OTHERS PRESENT:

OkMRF Staff: Jodi Cox, CEO & Executive Director (*via video*)
Chris Whatley, Plan Advisor & Portfolio Strategist
Katie Girardi, Retirement Plan Administrator (*via video*)
Rhnea Stewart, Fund Accountant (*via phone*)

Others: Haley Rives, ACG (*via video*)
Kevin Moore, ACG (*via video*)
Tom Janisch, ACG (*via video*)
Kevin, FundMap (*via video*)

NOTICE: The agenda for the February 25, 2021, meeting was posted in the Columbus Square, first floor by 2:00 p.m. on February 23, 2021, by Gloria Cudjoe.

Signatures

Investment Committee Chair, Luckett, extended a welcome to all in attendance and presided over the meeting.

2. Conduct DB Long/Short Portfolio Review

Janisch provided an educational review of how shorting works and the potential for profit and loss. Park asked how long a shorted share can be held and the response was no limit on time. Janisch explained the benefits of shorting as providing liquidity to market participants and price discovery on stock issues. Janisch presented a chart from Goldman Sachs showing how shorting activity had increased tremendously over the last year. He then applied these principles to recent events involving GameStop stock. GameStop was mostly influenced by feeling and emotions of smaller investors instead of company fundamentals. The trading history of GameStop since January 13th shows the tremendous volatility associated with the stock, as well as periods of substantial price appreciation which could not be justified. Janisch then explained how a short squeeze takes place and hurts managers who are short the position. He finished the education section by stating the SEC is discussing potential regulations on shorting.

Janisch reviewed how ACG constructs the Long/Short portfolio using a core/satellite/emerging manager approach. The OkMRF Long/Short portfolio is diversified between long/short managers who hold differing company stocks based on market cap size, industry, sector, region, country, etc. The portfolio currently has eleven (11) managers with a net exposure of 67% as of December 31, 2020. Janisch reviewed portfolio statistics highlighting individual manager long and short exposures, geographic, market cap and sector positioning compared to the HFRI Index. Since July 2014, when OkMRF began participating in a Long/Short strategy, there have been twenty-eight (28) negative performance months in the market. However, the OkMRF Long/Short portfolio has only experienced four (4) negative performance months. Over the last five (5) years, the OkMRF Long/Short portfolio has returned 10.02% versus the HFRI Strategic Index of 6.74%. In addition, the OkMRF Long/Short portfolio over the one (1) and three (3) year time horizons provided a return of 21.53% and 9.35% versus the ACWI Index of 17.59% and 8.47% respectively. Using Sharpe Ratio, the portfolio has provided more return per unit of risk over all time periods measured when compared to both the HFRI Strategic Index and the ACWI Index.

ACG recommended redeeming from Manager K and reallocating the proceeds to Manager L. Manager K and Manager L are both activist managers; however, Manager K is primarily a large cap activist whereas Manager L is a small-mid cap activist with an Environmental, Social and Governance (ESG) tilt. Manager K was described as having okay returns and as of late has exhibited style drift to mega cap names. Therefore, ACG recommends a reallocation to Manager L which could provide more opportunities with the ESG factors. Both Manager K and Manager L were described as typically holding eight (8) to twelve (12) positions with ten (10) being the average. The fee structure for Manager L was quoted as 1.75% and 17.5% of the profits, a one (1) year lockup and quarterly liquidity afterwards. After being invested in the Manager L portfolio for more than two (2) years, the annual management fee would be decreased by 25 bps.

3. Discuss and Develop a Recommendation for Board Action Regarding ACG Recommendation for Reallocation from Existing Manager to a New Manager in the K2 Long/Short Portfolio

Motion by Luckett, seconded by Tinker to make a recommendation to the Board to accept the ACG recommendation to redeem all capital from Triun Partners and reallocate to Impactive Capital.

Luckett: Yes

Park: Yes

Tinker: Yes

4. Discuss and Develop a Recommendation for Board Action Regarding Reallocation and/or Rebalancing of Assets Among Investment Managers

Moore reviewed the rebalancing recommendation by ACG. The proposed changes include a strategic allocation adjustment moving 5.0% of Fixed Income Portfolio to the International Equity Portfolio allocation. Other factors include reallocating money within the Long/Short Portfolio from excess cash, a need to raise cash to fund the expected closure of the City of Stillwater DB plan and an increase cash for future pension benefit payouts. Most trades will execute during the first week of March, however the redemption from SSgA S&P 500 fund, which would fund the WCM Focused Internal Growth fund would not occur until the last full week of March 2021. Redemption proceeds from Manager K would be used to fund Manager L in the fourth quarter of 2021.

Motion by Luckett, seconded by Park to recommend to the Board to accept the ACG recommended reallocation of assets between investment managers as listed on page 271 of the agenda packet.

Luckett: Yes

Park: Yes

Tinker: Yes

5. Conduct Semi-Annual Investment Performance Review and Receive Quarterly Performance Report for December 31, 2020, as Presented by Asset Consulting Group

Moore reviewed the December 31, 2020 quarterly performance report. For the DB Fund, all metrics of risk and return exceeded the benchmark Policy Portfolio over the last ten (10) years. In addition, peer group rankings with other DB Public plans around the nation placed the OkMRF portfolio in the top percentile of performers over the last one (1), three (3), five (5) and ten (10) year periods.

In the Defined Contribution Plan, options are constructed using a core and satellite approach which helps the portfolio gain diversification benefits and lowers the overall expense ratio charged by managers. The Growth and Value Fund has 50% allocated to the S&P 500 index, 25% allocated to Vanguard Windsor II and 25% allocated to Fred Alger Capital Appreciation. Last year, Fred Alger saw three (3) healthcare analysts depart the team for other opportunities. At the time, it was determined that Fred Alger had a deep bench of analysts ready to step into the roles and a redemption was not necessary. Recently, a portfolio manager, who is a key decision maker, announced they would be leaving the firm to pursue other interests. As a result of this departure, ACG will be recommending the OkMRF Board of Trustees the termination of Fred Alger from the portfolio. ACG will review options available on the Voya platform and bring a list of suitable replacement managers to the March Board meeting. Despite this change, portfolio performance has been excellent when compared to the peer universe with the Growth and Value Fund ranking in the top percentile of overall time periods measured.

The Aggressive Equity Fund has a similar core and satellite construct. The SSgA Small Cap Completeness Fund provides broad market access, Victory Integrity Small Cap Value accesses the value space and TimesSquare Small Cap Growth accesses the growth space. Portfolio performance has been strong when compared to the peer universe with the Aggressive Equity Fund ranking in the top one-third percentile of performance over all time periods measured.

The International Equity Fund has similar core and satellite construct. The SSgA Global Equity Ex-U.S. fund provides broad market access, Artisan International Value accesses the value

space, Harding Loevner International Equity accesses the growth space and Harding Loevner Emerging Markets accesses the emerging market space. Portfolio performance is mixed over shorter time horizons when compared to the peer universe, however the ten (10) year performance is still in the top percentile.

The Total Yield Fund utilizes the same three (3) managers as the Defined Benefit plan. The option is constructed to be all active with the JP Morgan Chase Core Bond Trust being the investment grade bond manager, Amundi Core Plus as the multi-sector manager and Blackrock Strategic Income Opportunities as the opportunistic manager. Over time, ACG has been pleased with relative performance. As yields have fallen, the Fund is much less interest rate sensitive which helps the portfolio in a rising interest rate environment, while hurting it in a falling interest rate environment. With interest rates currently held so low, the portfolio should be well positioned to take advantage of a rising rate environment once the Federal Reserve begins to raise rates in the future. Currently, there are no concerns despite some of the lower rankings.

6. New Business

None.

7. Adjourn

With no further discussion, meeting adjourned at 3:46 p.m.

Jim Luckett, Jr., Investment Chair

Donna Doolen, Chair

Investment Committee Chair, Luckett, extended a welcome to all in attendance and presided over the meeting.

2. Conduct DB Long/Short Portfolio Review

Janisch provided an educational review of how shorting works and the potential for profit and loss. Park asked how long a shorted share can be held and the response was no limit on time. Janisch explained the benefits of shorting as providing liquidity to market participants and price discovery on stock issues. Janisch presented a chart from Goldman Sachs showing how shorting activity had increased tremendously over the last year. He then applied these principles to recent events involving GameStop stock. GameStop was mostly influenced by feeling and emotions of smaller investors instead of company fundamentals. The trading history of GameStop since January 13th shows the tremendous volatility associated with the stock, as well as periods of substantial price appreciation which could not be justified. Janisch then explained how a short squeeze takes place and hurts managers who are short the position. He finished the education section by stating the SEC is discussing potential regulations on shorting.

Janisch reviewed how ACG constructs the Long/Short portfolio using a core/satellite/emerging manager approach. The OkMRF Long/Short portfolio is diversified between long/short managers who hold differing company stocks based on market cap size, industry, sector, region, country, etc. The portfolio currently has eleven (11) managers with a net exposure of 67% as of December 31, 2020. Janisch reviewed portfolio statistics highlighting individual manager long and short exposures, geographic, market cap and sector positioning compared to the HFRI Index. Since July 2014, when OkMRF began participating in a Long/Short strategy, there have been twenty-eight (28) negative performance months in the market. However, the OkMRF Long/Short portfolio has only experienced four (4) negative performance months. Over the last five (5) years, the OkMRF Long/Short portfolio has returned 10.02% versus the HFRI Strategic Index of 6.74%. In addition, the OkMRF Long/Short portfolio over the one (1) and three (3) year time horizons provided a return of 21.53% and 9.35% versus the ACWI Index of 17.59% and 8.47% respectively. Using Sharpe Ratio, the portfolio has provided more return per unit of risk over all time periods measured when compared to both the HFRI Strategic Index and the ACWI Index.

ACG recommended redeeming from Manager K and reallocating the proceeds to Manager L. Manager K and Manager L are both activist managers; however, Manager K is primarily a large cap activist whereas Manager L is a small-mid cap activist with an Environmental, Social and Governance (ESG) tilt. Manager K was described as having okay returns and as of late has exhibited style drift to mega cap names. Therefore, ACG recommends a reallocation to Manager L which could provide more opportunities with the ESG factors. Both Manager K and Manager L were described as typically holding eight (8) to twelve (12) positions with ten (10) being the average. The fee structure for Manager L was quoted as 1.75% and 17.5% of the profits, a one (1) year lockup and quarterly liquidity afterwards. After being invested in the Manager L portfolio for more than two (2) years, the annual management fee would be decreased by 25 bps.

3. Discuss and Develop a Recommendation for Board Action Regarding ACG Recommendation for Reallocation from Existing Manager to a New Manager in the K2 Long/Short Portfolio

Motion by Luckett, seconded by Tinker to make a recommendation to the Board to accept the ACG recommendation to redeem all capital from Trian Partners and reallocate to Impactive Capital.

Luckett: Yes

Park: Yes

Tinker: Yes

4. Discuss and Develop a Recommendation for Board Action Regarding Reallocation and/or Rebalancing of Assets Among Investment Managers

Moore reviewed the rebalancing recommendation by ACG. The proposed changes include a strategic allocation adjustment moving 5.0% of Fixed Income Portfolio to the International Equity Portfolio allocation. Other factors include reallocating money within the Long/Short Portfolio from excess cash, a need to raise cash to fund the expected closure of the City of Stillwater DB plan and an increase cash for future pension benefit payouts. Most trades will execute during the first week of March, however the redemption from SSgA S&P 500 fund, which would fund the WCM Focused Internal Growth fund would not occur until the last full week of March 2021. Redemption proceeds from Manager K would be used to fund Manager L in the fourth quarter of 2021.

Motion by Luckett, seconded by Park to recommend to the Board to accept the ACG recommended reallocation of assets between investment managers as listed on page 271 of the agenda packet.

Luckett: Yes

Park: Yes

Tinker: Yes

5. Conduct Semi-Annual Investment Performance Review and Receive Quarterly Performance Report for December 31, 2020, as Presented by Asset Consulting Group

Moore reviewed the December 31, 2020 quarterly performance report. For the DB Fund, all metrics of risk and return exceeded the benchmark Policy Portfolio over the last ten (10) years. In addition, peer group rankings with other DB Public plans around the nation placed the OkMRF portfolio in the top percentile of performers over the last one (1), three (3), five (5) and ten (10) year periods.

In the Defined Contribution Plan, options are constructed using a core and satellite approach which helps the portfolio gain diversification benefits and lowers the overall expense ratio charged by managers. The Growth and Value Fund has 50% allocated to the S&P 500 index, 25% allocated to Vanguard Windsor II and 25% allocated to Fred Alger Capital Appreciation. Last year, Fred Alger saw three (3) healthcare analysts depart the team for other opportunities. At the time, it was determined that Fred Alger had a deep bench of analysts ready to step into the roles and a redemption was not necessary. Recently, a portfolio manager, who is a key decision maker, announced they would be leaving the firm to pursue other interests. As a result of this departure, ACG will be recommending the OkMRF Board of Trustees the termination of Fred Alger from the portfolio. ACG will review options available on the Voya platform and bring a list of suitable replacement managers to the March Board meeting. Despite this change, portfolio performance has been excellent when compared to the peer universe with the Growth and Value Fund ranking in the top percentile of overall time periods measured.

The Aggressive Equity Fund has a similar core and satellite construct. The SSgA Small Cap Completeness Fund provides broad market access, Victory Integrity Small Cap Value accesses the value space and TimesSquare Small Cap Growth accesses the growth space. Portfolio performance has been strong when compared to the peer universe with the Aggressive Equity Fund ranking in the top one-third percentile of performance over all time periods measured.

The International Equity Fund has similar core and satellite construct. The SSgA Global Equity Ex-U.S. fund provides broad market access, Artisan International Value accesses the value

space, Harding Loevner International Equity accesses the growth space and Harding Loevner Emerging Markets accesses the emerging market space. Portfolio performance is mixed over shorter time horizons when compared to the peer universe, however the ten (10) year performance is still in the top percentile.

The Total Yield Fund utilizes the same three (3) managers as the Defined Benefit plan. The option is constructed to be all active with the JP Morgan Chase Core Bond Trust being the investment grade bond manager, Amundi Core Plus as the multi-sector manager and Blackrock Strategic Income Opportunities as the opportunistic manager. Over time, ACG has been pleased with relative performance. As yields have fallen, the Fund is much less interest rate sensitive which helps the portfolio in a rising interest rate environment, while hurting it in a falling interest rate environment. With interest rates currently held so low, the portfolio should be well positioned to take advantage of a rising rate environment once the Federal Reserve begins to raise rates in the future. Currently, there are no concerns despite some of the lower rankings.

**SPECIAL MEETING OF THE BOARD OF TRUSTEES OF THE OKLAHOMA
MUNICIPAL RETIREMENT FUND AND THE CONTRACT COMMITTEE OF
OKLAHOMA MUNICIPAL RETIREMENT FUND**
February 26, 2021

1. Call To Order

The Contract Committee of the Oklahoma Municipal Retirement Fund met at Oklahoma Municipal Retirement Fund Offices, Oklahoma City, Oklahoma on February 26, 2021, at 9:00 a.m. with Contract Chair Reames presiding. On roll call the following members were present.

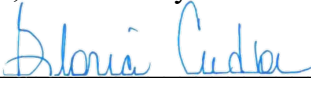

BOARD OF TRUSTEES PRESENT

Contract Committee: Melissa Reames, Deputy City Manager & Chief Financial Officer, City of Stillwater *(via video)*
Joe Don Dunham, City Manager, City of Guymon *(via video)*
Timothy Rooney, City Manager, City of Mustang *(via video)*

OTHERS PRESENT

OkMRF Staff: Jodi Cox, CEO/Director *(via video)*
Rhnea Stewart, Fund Accountant *(via telephone)*

NOTICE: The agenda for the February 26, 2021, meeting was posted in the Columbus Square, first floor by 9:00 a.m. on February 24, 2021, by Gloria Cudjoe.

Signature

Contract Committee Chair Reames extended a welcome to all in attendance and called the meeting to order.

2. Review of Vendor Evaluations

Reames expressed appreciation for staff's efforts to document the vendor reviews. Cox stated that the vendor review process is a very intentional annual task. OkMRF no longer automatically goes out for RFPs based on a set schedule to waste Staff and the proposer's time. Instead, we annually conduct this documented and extensive review of our service providers which are discussed annually with this Committee. Noting, OkMRF reserves the right to pull the trigger and go out for RFP at any time if we become dissatisfied with a vendor's performance. This process was established several years back with a different Contract Committee. She asked if the Committee was in agreeance with the philosophy and process or if they wanted to make any changes on a go-forward basis. Highlighting that Finley & Cook will be conducting their fifth year audit of a five (5) year engagement for FY 20-21. Cox reminded the Committee of the last failed audit RFP process due to Finley & Cook's public retirement plan expertise and price competitiveness. Of the fourteen (14) potential proposers, no one bid except Finley & Cook. Reames complimented Staff and appreciated the thorough reviews. The Committee agreed with this established philosophy and will not go out for RFPs on a routine basis, only as needed or required. Cox reported that all vendor scores increased this past year even during a Pandemic.

Cox also reported that she had reached out to Deltra and Voya's National Strategic Market Leaders for an OkMRF fee review. Voya determined that our fees are well aligned with the industry, in fact, the level of services OkMRF provides at our non-profit price, could not be bundled at the fees currently charged to our Participants. Because of the inquiry, Deltra did a fee assessment since OkMRF is five (5) years into our ten (10) year contract. As a result, OkMRF was provided a fee notice that Voya will be reducing future DC recordkeeping fees by 2 bps from 11 bps to 9 bps beginning July 1, 2021.

Motion by Reames, seconded by Rooney to recommend no vendor changes on the existing service providers of Dean Actuaries, Northern Trust, Voya Financial, Asset Consulting Group and Finley & Cook to the OkMRF Board of Trustees.

Reames: Yes

Dunham: Yes

Rooney: Yes

3. Discuss and Develop Recommendation for Board Action Regarding Renewal of Liability and Crime Insurance Policies

Cox stated that at this time, we do not have the renewal for the excess fiduciary liability coverage first purchased last year, it is expected to be quoted next month. She further reviewed the fact that this fiduciary liability policy carries pre-approved Counsel, McAfee & Taft. Certain levels of counsel endorsement are listed in the policy and for certain positions are less than the hourly McAfee & Taft rates. This means that OkMRF would have to cover the differentials if usage of this policy were ever necessary.

The overall premium went up by 10% but Cox explained that the Insurance rates according to the U.S. Insurance Journal survey, went up in most cases over 23%.

Motion made by Rooney, seconded by Dunham to recommend to the OkMRF Board of Trustees to accept the renewals of the Fiduciary Liability and Crime insurance policies.

Reames: Yes

Dunham: Yes

Rooney: Yes

4. Discuss and Develop Recommendation for Board Action Regarding Annual Audit Engagement Letter

Motion made by Reames, seconded by Rooney to recommend to the OkMRF Board of Trustees that Chair and CEO sign engagement letters with Finley & Cook for the annual financial audit for 2021.

Reames: Yes

Dunham: Yes

Rooney: Yes

5. Discuss and Develop Recommendation for Board Action Regarding GASB 68 Engagement Letters

Motion made by Reames, seconded by Dunham to recommend to the OkMRF Board of Trustees that Chair and CEO sign engagement letters with Finley & Cook for the GASB 68 annual audits for 2021.

Reames: Yes

Dunham: Yes

Rooney: Yes

6. New Business

None.

7. Adjourn

With no further discussion, meeting adjourned at 9:24 a.m.

Melissa Reames, Contract Chair

Donna Doolen, Chair

5. **Harding Loevner: Annual Update from Investment Manager – Jared Tramutola and Ray Vars**

Tramutola began presentation by providing an organizational firm update. Harding Loevner offices reopened in the middle of last year, but many employees continue to work from home. No plans to require attendance until July 2021. Strategy assets remain stable with 50% of assets in International Equity strategy and 25% of assets in Emerging Market strategy. A new Chinese Equity strategy was launched at the end of 2020 with employee capital and will work towards gaining a track record prior to marketing towards clients. There was limited turnover in the past year with two (2) additional analysts hired and the passing of Rusty Johnson, Emerging Markets co-lead portfolio manager, in May. A tenured analyst was added to the International Equity portfolio team to aid in their long-term succession planning.

Vars began discussion of the Emerging Markets strategy with an overview of markets for the past year. The unique year for markets was particularly extreme within emerging markets in terms of market movement. Harding Loevner's philosophy remains to seek out high-quality growing businesses regardless of the market conditions, but still being mindful of prices paid for those stocks to maintain their diversified portfolio. Good absolute performance, but disappointing relative performance of 13.51% over the past year versus index performance of 18.31%. Dramatic movements throughout the year caused more than a 30% sell-off of emerging markets within the first few months and a later rebound of almost 74%, which is the strongest absolute performance within emerging markets in the last twenty years. Harding Loevner's disciplined philosophy paid off in the fourth quarter of 2020 by outperforming the index and returning 22.58%. Information technology, geared towards e-commerce, and healthcare, with the innovation of the vaccine, sectors were the strongest performers. The main headwind for the portfolio was the strong contributions from the top ten stocks in the index whose price was not reasonably attractive for the strategy. Few transactions were made last year, which is in line with their long-term perspective and contributed to the 17.5% five (5) year annualized average of portfolio turnover.

Tramutola began discussion on the International Equity strategy. As financials are reported for the end of the year, earnings and cash flow growth are expected to go up relative to peers because the quality businesses held in the portfolio are expected to perform better. Both relative and absolute performance has been strong, with the portfolio outpacing the index by over 10% throughout 2020. The fastest growing, highest quality, and most expensive companies outperformed their counterparts by 30 bps in 2020, even with the huge shift in the fourth quarter based on the vaccine rollouts. The information technology sector performance was nearly double the next best sector, consumer discretionary, and was four times greater than the index. The portfolio's overweight positioning in the information technology sector was beneficial during the past year with four (4) of the five (5) top performing companies being held in this sector. Few transactions were made in 2020, 11% turnover, with the majority occurring in the first quarter when cash was put to work for opportunities. Forecasts for the international markets are difficult to predict based on previous metrics of performance and earnings.

6. **Consideration and Possible Action Regarding Investment Committee Report**

A. **ACG: Review of Monthly ASAP Reports and Quarterly Performance Report**

Moore began presentation with reminders about ACG's quarterly webcast which will give a general update on the firm and market conditions, along with an ESG portion and a Trustee education session which will dive into bitcoin and cryptocurrency. Moving to market conditions for January, volatility has been present due to some speculative short trading around GameStop and AMC, which caused mixed equity market results. Economists see an improved outlook on the economy related to GDP and predict around 5% growth for this year. This positive economic outlook will cause fixed income yields to rise and the yield curve to steepen

as investors start to assess the attractiveness of bonds versus stocks. Small caps stocks are up over 11% due to the improved economic outlook.

Moore began review of DB portfolio, noting \$705 million in assets at the end of January. Target allocations have been updated to reflect decisions at January's meeting with a slight reduction in fixed income allocated to international developed market equities. Performance of the portfolio is strong on long-term time frames. January's volatility caused negative relative performance of (0.67%), slightly below the policy index, while long-term time frames report outperformance in all measured years, gross of fees. Equities provided double-digit returns due to their offensive position in the portfolio. Small/Mid Cap equity manager, River Road, struggled on a relative basis due to less exposure to cyclical companies which proved to be a headwind at the end of 2020. Non-U.S. equities, outside of one month returns, reported strong outperformance of the benchmark over all time periods benefiting from active management during volatile markets. Long/short equity portfolio, net of fees, is up over 21% over the past trailing one (1) year and providing the downside protection. As interest rates began to tick up in January, bond prices have declined causing negative performance in January, but active management proved beneficial in the longer time horizons. Real Assets remain flat for January with industrials being a main benefactor along with upward trending rent collections of the underlying properties. Returns over the next ten (10) years are expected to remain in the mid-single digits.

Moore began review of DC portfolio, noting good positioning amongst peer rankings across all white-label funds. Growth and Value option benefited from both passive and active management with the underlying funds generating outperformance in all measured time horizons. Candidate replacements for underlying manager, Fred Alger, will be presented at next month's Board meeting due to an update in portfolio personnel. Both the Aggressive and International options reported outperformance on longer term time frames with no concerns of underlying managers. Short lived performance with ESG U.S. Stock option, but Calvert has done a good job managing the fund despite slight underperformance. Stronger relative short-term results have bled into longer term results in the Total Yield option. Commodities, within the Real Assets options, have performed well over the past few months due to the increase in demand with the expectation of more normalization happening over the next two (2) years. Target Date Funds are performing in-line with expectations and reporting double-digit returns.

B. ACG: Discussion and Possible Action Regarding Long/Short Allocation as Recommended by the Investment Committee

Janisch discussed recommendation provided to Investment Committee. In order to focus on smaller-cap exposure, assets are recommended to be reallocated from activist Manager K, who focuses on large-cap exposure, to Manager L, an ESG small-cap activist. Redemption from Manager K will occur on September 30th and subscription to Manager L is targeted for November 1st.

C. ACG: Consideration and Possible Action to Reallocate Capital from Existing Manager to a New Manager in the K2 Long/Short DB Portfolio as Recommended by the Investment Committee

Motion made by Luckett, seconded by Park to accept ACG's recommendation to redeem all capital from Triun Partners and reallocate capital to Impactive Capital, as soon as administratively feasible.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Reames, Rooney and Tinker

NAY: None

D. Consideration and Possible Action on Reallocation and/or Rebalancing of Assets Among Investment Managers as Recommended by the Investment Committee

Moore discussed DB rebalancing recommendation. Proposed adjustments include new asset allocation targets, raise cash for pension payments, distribution for a plan termination (City of Stillwater Retiree Only) and long/short reallocation.

Motion made by Luckett, seconded by Park to accept ACG's recommendation of reallocation and rebalancing within the Defined Benefit portfolio.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Reames, Rooney and Tinker

NAY: None

7. Consideration and Possible Action Regarding Administrative Committee Report

No action taken.

8. Consideration and Possible Action Regarding Contract Committee Report

A. Approve Renewal of Fiduciary Liability and Crime Insurance Policies as Recommended by the Contract Committee

Reames, Contract Committee Chair, presented a recommendation to renew the Fiduciary Liability insurance by Federal Insurance Company with the same terms and 10% increase in premium due to asset growth. Renewal premium will remain flat through 2023. Recommendation presented to renew the Crime Policy insurance from Travelers Casualty and Surety Company of America with the same coverage as previous year, no increase in aggregated deductible amount and 1.77% (\$133) premium increase.

Motion made by Reames, seconded by Dunham to accept the renewal for both the Fiduciary Liability policy and the Crime policy for the term April 2, 2021 to April 2, 2022.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Reames, Rooney and Tinker

NAY: None

B. Finley & Cook: Consideration and Possible Action Regarding Annual Audit Engagement Letter as Recommended by the Contract Committee

Reames, Contract Committee Chair, presented a recommendation to approve the annual audit engagement letter with Finley & Cook. Annual audit fee to increase by \$1,000. Reames stated this is the final year of the current contract, but based on niche audit expertise, it is recommended to sign subsequent five (5) year renewal contract with Finley & Cook.

Motion made by Reames, seconded by Dunham to approve the annual audit engagement letter for fiscal year end 2021 with Finley & Cook, authorizing Doolen and Cox to sign.

Motion carried: AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Reames, Rooney and Tinker

NAY: None

C. Finley & Cook: Consideration and Possible Action Regarding GASB 68 Engagement Letters as Recommended by the Contract Committee

Reames, Contract Committee Chair, presented recommendation to approve the two (2) GASB related engagement letters. No increase in cost from previous year.

Motion made by Reames, seconded by Rooney to approve the two related GASB 68 engagement letter with Finley & Cook for fiscal year end 2021, authorizing Doolen and Cox to sign.

Motion carried: AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Reames, Rooney and Tinker

NAY: None

D. Consideration and Possible Action Regarding Review of Vendor Evaluation as Recommended by the Contract Committee

Reames, Contract Committee Chair, reported that vendor evaluations were well documented and discussed with Staff. At this time, no changes are recommended to existing service providers.

Motion made by Reames, seconded by Rooney to retain Voya, Dean Actuaries, ACG, Northern Trust and Finley & Cook as service providers for the upcoming year.

Motion carried: AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Rooney and Tinker

NAY: None

9. Receive Report on Newly Adopted or Amended OkMRF Member Plans

Whatley reported on plan changes for the OkMRF members.

10. OkMRF Staff Report

Cox reported on the following items:

- SSgA will be presenting an investment overview at the next meeting.
- Investment Policies and Guidelines will be on the agenda for review at the March meeting.
- Sean Sullivan, Dean Actuaries will be presenting the funding rates and results from actuarial studies.
- Trustees were reminded of the importance of their waiver recourse insurance and to pay David Davis \$25 for their personal coverage premium. Checks or cash can be mailed to his office at 4312 N. Classen Blvd., Oklahoma City, OK 73118.
- Virtual Trustee Retreat is scheduled for Wednesday, May 26th. Check calendars for TEXPERS conflicts and determine if a reschedule in June is needed.
- Retreat topics or suggestions should be provided to Robert Johnston, Administration Chair, or herself.

11. New Business

None.

12. Trustee/Member Comments

Luckett requested Cox to report to Trustees regarding distribution team's due diligence in locating participants with outstanding checks. Cox explained that the distribution team with Catherine McCartney's leadership, worked to locate and pay individuals, reducing the outstanding checks in the administrative account by \$40k. Outstanding checks of \$42k remain and the team will continue to work on locating individuals for payment.

Doolen presented a letter sent by a Glenpool participant regarding Staff's outstanding work.

Whatley confirmed attendance of the following Trustees: In-person; Doolen, Luckett, Johnston and Dunham. Video; Reames, Johnson, Rooney and Park. Phone; Tinker

13. Adjourn

With no further business to conduct meeting adjourned.

Robert Park, Secretary

Donna Doolen, Chair

6. **Consideration and Possible Action Regarding Investment Committee Report**

A. **ACG: Review of Monthly ASAP Reports and Quarterly Performance Report**

Moore began presentation with reminders about ACG's quarterly webcast which will give a general update on the firm and market conditions, along with an ESG portion and a Trustee education session which will dive into bitcoin and cryptocurrency. Moving to market conditions for January, volatility has been present due to some speculative short trading around GameStop and AMC, which caused mixed equity market results. Economists see an improved outlook on the economy related to GDP and predict around 5% growth for this year. This positive economic outlook will cause fixed income yields to rise and the yield curve to steepen

as investors start to assess the attractiveness of bonds versus stocks. Small caps stocks are up over 11% due to the improved economic outlook.

Moore began review of DB portfolio, noting \$705 million in assets at the end of January. Target allocations have been updated to reflect decisions at January's meeting with a slight reduction in fixed income allocated to international developed market equities. Performance of the portfolio is strong on long-term time frames. January's volatility caused negative relative performance of (0.67%), slightly below the policy index, while long-term time frames report outperformance in all measured years, gross of fees. Equities provided double-digit returns due to their offensive position in the portfolio. Small/Mid Cap equity manager, River Road, struggled on a relative basis due to less exposure to cyclical companies which proved to be a headwind at the end of 2020. Non-U.S. equities, outside of one month returns, reported strong outperformance of the benchmark over all time periods benefiting from active management during volatile markets. Long/short equity portfolio, net of fees, is up over 21% over the past trailing one (1) year and providing the downside protection. As interest rates began to tick up in January, bond prices have declined causing negative performance in January, but active management proved beneficial in the longer time horizons. Real Assets remain flat for January with industrials being a main benefactor along with upward trending rent collections of the underlying properties. Returns over the next ten (10) years are expected to remain in the mid-single digits.

Moore began review of DC portfolio, noting good positioning amongst peer rankings across all white-label funds. Growth and Value option benefited from both passive and active management with the underlying funds generating outperformance in all measured time horizons. Candidate replacements for underlying manager, Fred Alger, will be presented at next month's Board meeting due to an update in portfolio personnel. Both the Aggressive and International options reported outperformance on longer term time frames with no concerns of underlying managers. Short lived performance with ESG U.S. Stock option, but Calvert has done a good job managing the fund despite slight underperformance. Stronger relative short-term results have bled into longer term results in the Total Yield option. Commodities, within the Real Assets options, have performed well over the past few months due to the increase in demand with the expectation of more normalization happening over the next two (2) years. Target Date Funds are performing in-line with expectations and reporting double-digit returns.

B. ACG: Discussion and Possible Action Regarding Long/Short Allocation as Recommended by the Investment Committee

Janisch discussed recommendation provided to Investment Committee. In order to focus on smaller-cap exposure, assets are recommended to be reallocated from activist Manager K, who focuses on large-cap exposure, to Manager L, an ESG small-cap activist. Redemption from Manager K will occur on September 30th and subscription to Manager L is targeted for November 1st.

C. ACG: Consideration and Possible Action to Reallocate Capital from Existing Manager to a New Manager in the K2 Long/Short DB Portfolio as Recommended by the Investment Committee

Motion made by Luckett, seconded by Park to accept ACG's recommendation to redeem all capital from Triam Partners and reallocate capital to Impactive Capital, as soon as administratively feasible.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Lockett,
Park, Reames, Rooney and Tinker

NAY: None

D. Consideration and Possible Action on Reallocation and/or Rebalancing of Assets Among Investment Managers as Recommended by the Investment Committee

Moore discussed DB rebalancing recommendation. Proposed adjustments include new asset allocation targets, raise cash for pension payments, distribution for a plan termination (City of Stillwater Retiree Only) and long/short reallocation.

Motion made by Lockett, seconded by Park to accept ACG's recommendation of reallocation and rebalancing within the Defined Benefit portfolio.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Lockett,
Park, Reames, Rooney and Tinker

NAY: None

7. Consideration and Possible Action Regarding Administrative Committee Report

No action taken.

8. Consideration and Possible Action Regarding Contract Committee Report

A. Approve Renewal of Fiduciary Liability and Crime Insurance Policies as Recommended by the Contract Committee

Reames, Contract Committee Chair, presented a recommendation to renew the Fiduciary Liability insurance by Federal Insurance Company with the same terms and 10% increase in premium due to asset growth. Renewal premium will remain flat through 2023. Recommendation presented to renew the Crime Policy insurance from Travelers Casualty and Surety Company of America with the same coverage as previous year, no increase in aggregated deductible amount and 1.77% (\$133) premium increase.

Motion made by Reames, seconded by Dunham to accept the renewal for both the Fiduciary Liability policy and the Crime policy for the term April 2, 2021 to April 2, 2022.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Lockett,
Park, Reames, Rooney and Tinker

NAY: None

B. Finley & Cook: Consideration and Possible Action Regarding Annual Audit Engagement Letter as Recommended by the Contract Committee

Reames, Contract Committee Chair, presented a recommendation to approve the annual audit engagement letter with Finley & Cook. Annual audit fee to increase by \$1,000. Reames stated this is the final year of the current contract, but based on niche audit expertise, it is recommended to sign subsequent five (5) year renewal contract with Finley & Cook.

Motion made by Reames, seconded by Dunham to approve the annual audit engagement letter for fiscal year end 2021 with Finley & Cook, authorizing Doolen and Cox to sign.

Motion carried: AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Reames, Rooney and Tinker

NAY: None

C. Finley & Cook: Consideration and Possible Action Regarding GASB 68 Engagement Letters as Recommended by the Contract Committee

Reames, Contract Committee Chair, presented recommendation to approve the two (2) GASB related engagement letters. No increase in cost from previous year.

Motion made by Reames, seconded by Rooney to approve the two related GASB 68 engagement letter with Finley & Cook for fiscal year end 2021, authorizing Doolen and Cox to sign.

Motion carried: AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Reames, Rooney and Tinker

NAY: None

D. Consideration and Possible Action Regarding Review of Vendor Evaluation as Recommended by the Contract Committee

Reames, Contract Committee Chair, reported that vendor evaluations were well documented and discussed with Staff. At this time, no changes are recommended to existing service providers.

Motion made by Reames, seconded by Rooney to retain Voya, Dean Actuaries, ACG, Northern Trust and Finley & Cook as service providers for the upcoming year.

Motion carried: AYE: Doolen, Dunham, Johnson, Johnston, Luckett,
Park, Rooney and Tinker

NAY: None

9. Receive Report on Newly Adopted or Amended OkMRF Member Plans

Whatley reported on plan changes for the OkMRF members.

10. OkMRF Staff Report

Cox reported on the following items:

- SSgA will be presenting an investment overview at the next meeting.
- Investment Policies and Guidelines will be on the agenda for review at the March meeting.
- Sean Sullivan, Dean Actuaries will be presenting the funding rates and results from actuarial studies.
- Trustees were reminded of the importance of their waiver recourse insurance and to pay David Davis \$25 for their personal coverage premium. Checks or cash can be mailed to his office at 4312 N. Classen Blvd., Oklahoma City, OK 73118.
- Virtual Trustee Retreat is scheduled for Wednesday, May 26th. Check calendars for TEXPERS conflicts and determine if a reschedule in June is needed.
- Retreat topics or suggestions should be provided to Robert Johnston, Administration Chair, or herself.

11. **New Business**

None.

12. **Trustee/Member Comments**

Luckett requested Cox to report to Trustees regarding distribution team's due diligence in locating participants with outstanding checks. Cox explained that the distribution team with Catherine McCartney's leadership, worked to locate and pay individuals, reducing the outstanding checks in the administrative account by \$40k. Outstanding checks of \$42k remain and the team will continue to work on locating individuals for payment.

Doolen presented a letter sent by a Glenpool participant regarding Staff's outstanding work.

Whatley confirmed attendance of the following Trustees: In-person; Doolen, Luckett, Johnston and Dunham. Video; Reames, Johnson, Rooney and Park. Phone; Tinker

13. **Adjourn**

With no further business to conduct meeting adjourned.

Robert Park, Secretary

Donna Doolen, Chair

Respectfully submitted by:

Katie Girardi

Institutional Client Service Model

OkMRF can expect continuous service from the same consistent dedicated points of contact, along with additional guidance from best in class resources.

David Settles

Account Executive
+1 (404) 442 - 0506
David.Settles@ssga.com

Relationship lead providing consultative, solutions-based engagement.

Michael Barnes

Relationship Manager
+1 (617) 662 - 9237
Michael.Barnes@ssga.com

Ongoing, day-to-day relationship support and servicing.

Investment Teams

Multi-Asset

Equity

Fixed Income, Cash & Currency

Alternatives

Environmental, Social & Governance

Strategy & Research

Dedicated Global Defined Contribution Team

Recordkeeper Relationships

Ongoing, day-to-day relationship support and servicing

Coordinates internally to ensure client's needs are fulfilled effectively

Implementation Team

Leads any transition events and serves as the project manager of on-boarding event/process

Ensure all parties involved are aware of their responsibilities & timelines

Participant Engagement

Produce engaging communications and wellness programs, including product-specific information

Complementary to recordkeeper; additional resource to leverage communication best practices

DC Investment Strategy

Provides DC plan design & solutions expertise

Bespoke DC-specific research projects (ex. retirement readiness, demographic analysis)

DC Public Policy

Provides DC specific public policy expertise in the form of consistent regulatory updates

Crossing includes In-kind transfers are redemptions/contributions made via security transfers. Crossing data is as of 12/31/2020 and is updated annually. ⁴ Net notional volume, excludes internal crossing

Intelligent Indexing in Action: Equity

When considering an index mandate, it's important to be aware of all the factors that can have an impact on performance beyond fees.

Source: State Street Global Advisors. ¹Assumes open market trading cost of 28bps and management fees of 14bps. Open market trading cost of 28bps is an estimate that combines the expected explicit costs of commissions, taxes and fees with a mean estimate market impact cost. Management fees of 14bps reflects the highest fee for Commingled Fund products reported by the 10 largest managers in the eVestment ACWI ex-US Passive Equity universe, as of 9/30/18, assuming a \$250M allocation. ²Difference between the highest (14bps) and lowest (7bps) reported Commingled Fund fees for the 10 largest managers in the eVestment ACWI ex-US Passive Equity universe, as of 9/30/18, assuming a \$250M allocation. ³Average historical lending returns paid to the fund in the State Street MSCI ACWI ex USA IMI Index ERISA DC strategy from 2014-2017. ⁴MSCI Index Data, published ERISA and RIC Tax Rates, as of 12/31/2017. ⁵Estimated cost savings from In-kind/Internal Crossing/Unit Crossing activity in the State Street Global All Cap Equity Ex U.S. Index Fund from January 2012 – October 2018.

Internal Crossing: A Powerful Source of Cost Savings & Liquidity

DC-Series Commingled Fund ¹	Total Value Traded ²	In-kind ³ /Internal Crossing/ Unit Crossing	Estimated Cost Savings ⁴	Transaction Cost Savings ⁴
S&P 500® Index Strategy	\$331.3 Billion	91% of the Total	0.05% of the Total	\$181.6M
Russell Small Cap Completeness® Index Strategy	\$67.3 Billion	76% of the Total	0.19% of the Total	\$128.5M
MSCI ACWI ex-USA IMI Index Strategy	\$62.5 Billion	75% of the Total	0.21% of the Total	\$107.6M
U.S. Aggregate Bond Index Strategy	\$129.2 Billion	79% of the Total	0.08% of the Total	\$101.2M

Availability of internal crossing at State Street Global Advisors may be affected by your asset class, vehicle type, jurisdiction, or other factors.

¹ Based on actual client order flow trading activity in the respective Defined Contribution Commingled Funds.

² For calendar years 2012–2020. It is not known whether similar results have been achieved after 2020.

³ In-kind transfers are redemptions/contributions made via security transfers.

⁴ This represents estimated average savings across all aggregate trading over the period. These estimates are based on subjective judgments and assumptions and do not reflect the effect of unforeseen economic and market factors on decision making. There is no guarantee that a particular client transaction will experience the same level of savings.

In fact, savings could differ substantially. Any savings is contingent upon other activity taking place on a given transaction day. Had other funds been selected, different results of transaction cost savings may have been achieved. All figures are in USD.

Partnering with our Clients

State Street offers a comprehensive suite of DC investment solutions...

Index Equity TIPS High Yield Company Stock Fixed Income
Custom Target Date Balanced Risk Active Equity
Enhanced Equity Cash Alternatives Real Assets Retirement Income ESG
Smart Beta Multi-manager

...In addition to providing best-in-class resources to our DC clients.

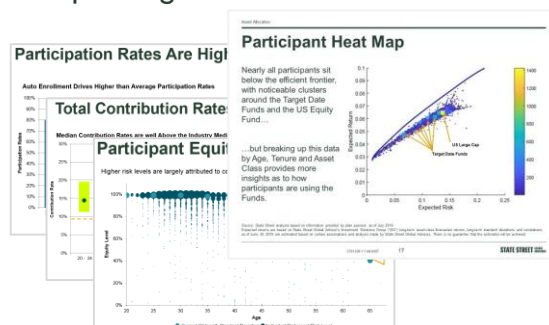

Participant Education

Improving retirement readiness of participants through engaging communications and wellness

DC Ecosystem Analysis

Complimentary plan and participant level analysis that empowers you to take actions, improving outcomes.

Public Policy

When it comes to retirement policy, we consider three distinct angles: the needs of the individual, the requirements on the sponsor and the future.

Empowering Participants

- Financial Wellness
- Savings Sufficiency

Supporting Sponsors

- Fiduciary Oversight
- Administrative Simplicity

Driving Future Policy

- Access and Coverage
- Retirement Income

Public Policy Priorities

The Biden Administration Retirement Policy Priorities

Melissa Kahn

Melissa_Kahn@ssga.com

Retirement Policy
Strategist

Legislative: First 100 Days

- Budget reconciliation/stimulus will be the vehicle for many retirement provisions
- First Up: Multiemployer and single employer DB funding relief
- SECURE 2.0 provisions with revenue impact may be included (e.g., refundable Saver's Credit, RMD changes)
- Restrictions on HCE compensation and benefits
- Consider impact to your plan if tax changes impact HCEs

Legislative: What Comes Next?

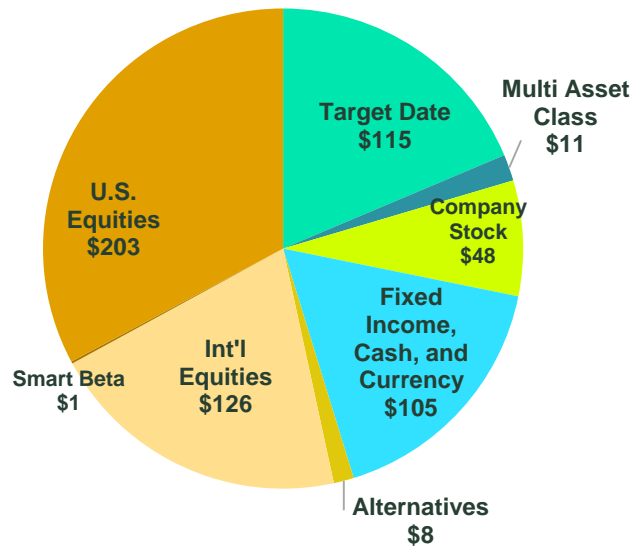

- Portman-Cardin/Neal-Brady: Provisions include QLAC changes ("free-look" provision), and allowing 403(b) plans to invest in CITs
- Neal Auto Plan: Would require substantially all employers to have a plan, which can include a 401(k), IRA, SIMPLE or SEP
- Potential that these proposals and others will be consolidated into 'SECURE 2.0' to be reintroduced in early 2021

Regulatory: Executive Orders

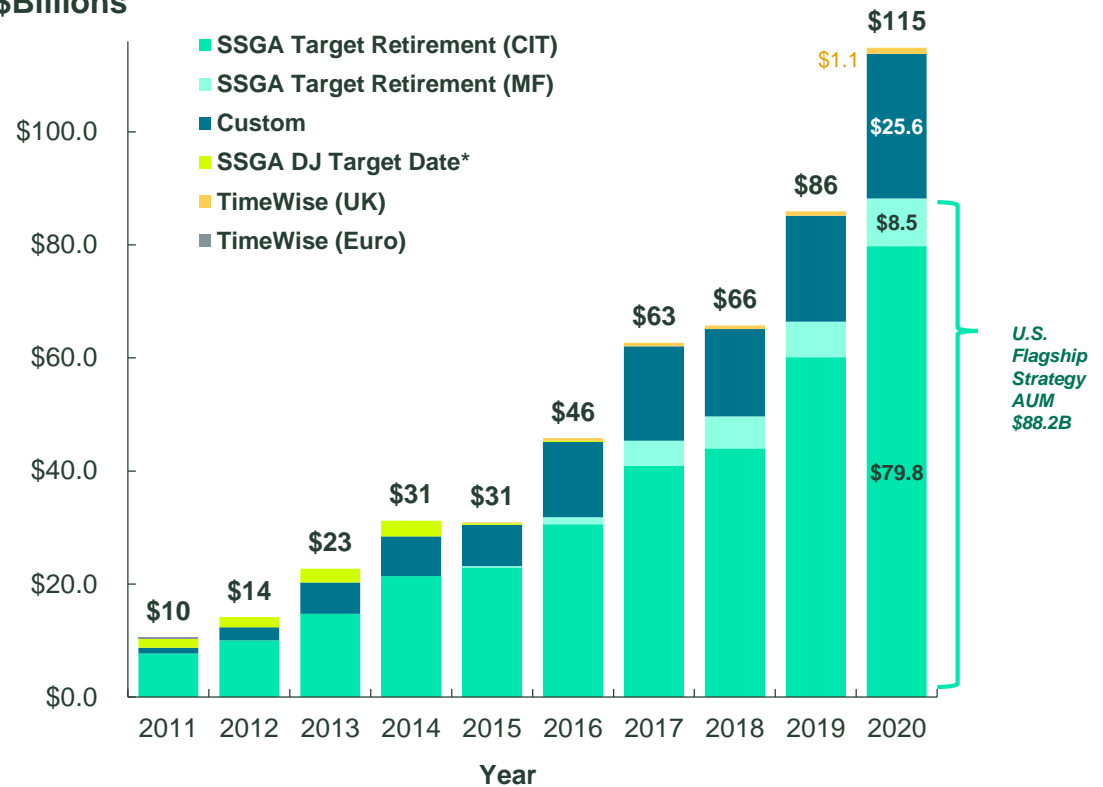

- DOL guidance on use of PE in TDFs, ESG in retirement plans, new fiduciary PTE will all be reviewed by new DOL
- Open MEPs: DOL issued PEPs RFI in June requesting info on whether financial companies should sponsor PEPs; further regulation expected
- E-Delivery: DOL issued final reg that creates a new safe harbor that plans could rely on to communicate electronically but new Administration may revise

2021 Annual Review & Enhancements

Historically low yields present headwinds for Long US Gov't Bonds going forward

We expect US Gov't Bonds to maintain diversification benefits, but must consider impact of lower return expectations for Long US Gov't Bonds on portfolio efficiency

Long U.S. Gov't Bond Index
Yield to Worst (%)¹

¹ Source: State Street Global Advisors and Factset Systems, as of September 30, 2020.

² Effective April 1, 2021 the allocation will be a mix of US Long Government Bonds and US Intermediate Government Bonds, with the percentage allocated to each determined in Q1 2021.

³ SSGA Long-Term Asset Class Forecasts, as of September 30, 2020. Diversification does not ensure a profit or guarantee against loss.

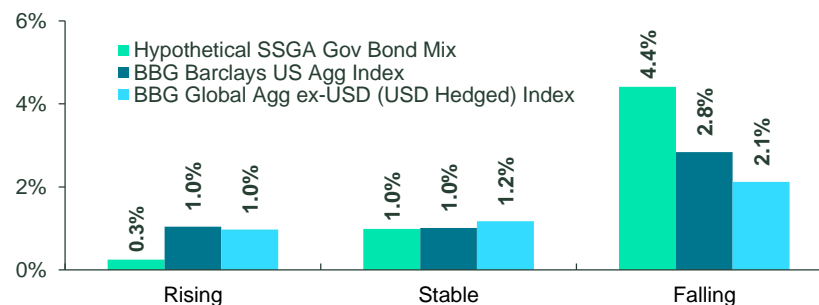

⁴ Rising Equity Markets: S&P 500 Quarterly Returns >5%, Falling Equity Markets: S&P 500 Quarterly Returns <-5%, as of January 2000–September 2020

Target Date Glidepath will add an allocation to Intermediate US Gov't Bonds²

Allocation will be funded from a portion of existing Long US Gov't Bond exposure, maintaining same overall allocation to US Gov't Bonds:

- Improves long-term return expectations³
- Preserves higher expected downside protection of US Gov't Bonds relative to other fixed income exposures (e.g. Credit)³

Average Returns during Rising, Stable and Declining Equity Markets⁴

Proposed Strategy Allocations - CIT

Strategic Target Allocations (%)

Effective April 1, 2021

The forecasted returns are based on SSGA's Investment Solutions Group forecasted returns and long-term standard deviations. The forecasted performance data is reported on a gross of fees basis. Additional fees, such as the advisory fee, would reduce the return. The performance includes the reinvestment of dividends and other corporate earnings and is calculated in the local (or regional) currency presented. It does not take into consideration currency effects. The forecasted returns are based upon estimates and reflect subjective judgments and assumptions. The results were achieved by means of a mathematical formula and do not reflect the effect of unforeseen economic and market factors on decision-making. The forecasted performance is not necessarily indicative of future performance, which could differ substantially.

Appendix C: Biographies

David Settles

David has nearly 30 years of experience in the investment business. He began his career in fixed income sales with Salomon Brothers and today, David is a Vice President of State Street Global Advisors working as a Relationship Manager in the Atlanta office. He is responsible for managing existing client relationships as well as developing new relationships in multiple market channels in the Southeast.

Prior to joining SSGA in 2013, David spent nearly 10 years with Wellington Management Co., LLP as a Business Developer covering Public Funds, Corporate pension and investment plans, endowments, foundations and other institutional plan sponsors. Also, David was with INVESCO from 1996-2002 where he worked exclusively with insurance companies as well as other alternative risk transfer facilities (i.e. Captives).

David holds a BS from Georgia Southern University and he also holds his FINRA Series 3, 7, and 63 licenses.

Brian Murtagh, CFA

Brian is a Vice President of State Street Global Advisors and an Investment Strategist within the Defined Contribution team. He is responsible for representing SSGA's DC investment strategies, supporting existing relationships and expanding SSGA's DC initiative. As a member of the Defined Contribution team, he also serves as an internal expert on DC plan design architecture and key regulatory and legislative topics affecting the retirement industry for Plan Sponsors, Consultants and Regulators.

Prior to joining the Defined Contribution team, Brian worked as a Portfolio Administrator, supporting Portfolio Management teams across a variety of SSGA's strategies in Developed and Emerging Markets.

Brian earned a B.A. in Economics from Connecticut College. He earned the Chartered Financial Analyst designation and is a member of the Boston Security Analysts Society and CFA Institute. Brian holds FINRA series 7 and 63 licenses.

Assumptions and forecasts used by State Street Global Advisors in developing the target date funds asset allocation glide path may not be in line with future capital market returns and participant savings activities, which could result in losses near, at or after the target date year or could result in the target date fund not providing adequate income at and through retirement.

BLOOMBERG®, a trademark and service mark of Bloomberg Finance L.P. and its affiliates. Bloomberg Barclays US High Yield 2% Cap Index has been licensed for use in connection with the listing of the Bloomberg High Yield Very Liquid Index.

State Street Global Advisors Target Date Fund are designed for investors expecting to retire around the year indicated in each fund's name. When choosing a Fund, investors should consider whether they anticipate retiring significantly earlier or later than age 65 even if such investors retire on or near a fund's approximate target date. There may be other considerations relevant to fund selection and investors should select the fund that best meets their individual circumstances and investment goals. The funds' asset allocation strategy becomes increasingly conservative as it approaches the target date and beyond. The investment risks of each Fund change over time as its asset allocation changes.

Important Disclosures (2)

This document may contain certain statements deemed to be forward-looking statements. All statements, other than historical facts, contained within this document that address activities, events or developments that State Street Global Advisors expects, believes or anticipates will or may occur in the future are forward-looking statements. These statements are based on certain assumptions and analyses made by State Street Global Advisors in light of its experience and perception of historical trends, current conditions, expected future developments and other factors it believes are appropriate in the circumstances, many of which are detailed herein. Such statements are subject to a number of assumptions, risks, uncertainties, many of which are beyond SSGA's control. Please note that any such statements are not guarantees of any future performance and that actual results or developments may differ materially from those projected in the forward-looking statements.

Asset Allocation is a method of diversification which positions assets among major investment categories. Asset Allocation may be used in an effort to manage risk and enhance returns. It does not, however, guarantee a profit or protect against loss.

Derivative investments may involve risks such as potential illiquidity of the markets and additional risk of loss of principal.

Equity securities may fluctuate in value in response to the activities of individual companies and general market and economic conditions.

Bonds generally present less short-term risk and volatility than stocks but contain interest rate risk (as interest rates rise bond prices usually fall); issuer default risk; issuer credit risk; liquidity risk; and inflation risk. These effects are usually pronounced for longer-term securities. Any fixed income security sold or redeemed prior to maturity may be subject to a substantial gain or loss.

Investing in commodities entail significant risk and is not appropriate for all investors. Commodities investing entail significant risk as commodity prices can be extremely volatile due to wide range of factors. A few such factors include overall market movements, real or perceived inflationary trends, commodity index volatility, international, economic and political changes, change in interest and currency exchange rates.

Increase in real interest rates can cause the price of inflation-protected debt securities to decrease. Interest payments on inflation-protected debt securities can be unpredictable.

Investing in REITs involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. Equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Generally, among asset classes, stocks are more volatile than bonds or short-term instruments. Government bonds and corporate bonds generally have more moderate short-term price fluctuations than stocks but provide lower potential long-term returns. US Treasury Bills maintain a stable value if held to maturity, but returns are generally only slightly above the inflation rate.

Investing in foreign domiciled securities may involve risk of capital loss from unfavorable fluctuation in currency values, withholding taxes, from differences in generally accepted accounting principles or from economic or political instability in other nations.

Investments in emerging or developing markets may be more volatile and less liquid than investing in developed markets and may involve exposure to economic structures that are generally less diverse and mature and to political systems which have less stability than those of more developed countries.

Companies with large market capitalizations go in and out of favor based on market and economic conditions. Larger companies tend to be less volatile than companies with smaller market capitalizations. In exchange for this potentially lower risk, the value of the security may not rise as much as companies with smaller market capitalizations.

The returns on a portfolio of securities which exclude companies that do not meet the portfolio's specified ESG criteria may trail the returns on a portfolio of securities which include such companies. A portfolio's ESG criteria may result in the portfolio investing in industry sectors or securities which underperform the market as a whole.

The information provided does not constitute investment advice and it should not be relied on as such. It should not be considered a solicitation to buy or an offer to sell a security. It does not take into account any investor's particular investment objectives, strategies, tax status or investment horizon. You should consult your tax and financial advisor.

Important Disclosures (3)

The trademarks and service marks referenced herein are the property of their respective owners. Third party data providers make no warranties or representations of any kind relating to the accuracy, completeness or timeliness of the data and have no liability for damages of any kind relating to the use of such data.

Investments in small/mid-sized companies may involve greater risks than in those of larger, better known companies.

Investing in high yield fixed income securities, otherwise known as junk bonds is considered speculative and involves greater risk of loss of principal and interest than investing in investment grade fixed income securities. These Lower-quality debt securities involve greater risk of default or price changes due to potential changes in the credit quality of the issuer.

Investing in futures is highly risky. Futures positions are considered highly leveraged because the initial margins are significantly smaller than the cash value of the contracts. The smaller the value of the margin in comparison to the cash value of the futures contract, the higher the leverage. There are a number of risks associated with futures investing including but not limited to counterparty credit risk, currency risk, derivatives risk, foreign issuer exposure risk, sector concentration risk, leveraging and liquidity risks.

Passively managed funds invest by sampling the index, holding a range of securities that, in the aggregate, approximates the full Index in terms of key risk factors and other characteristics. This may cause the fund to experience tracking errors relative to performance of the index.

There are risks associated with investing in Real Assets and the Real Assets sector, including real estate, precious metals and natural resources. Investments can be significantly affected by events relating to these industries.

Disclosures and Legal Notice

This report was prepared by ACG using information from sources that may include the following: client's custodian(s); client's investment manager(s); ACG Investment Manager Database and Client Reporting Tool; third party data vendors; and other outside sources as may be directed by the client. Index Characteristics utilized in this report are obtained from third party data providers and may be different than index characteristics reported by investment managers/funds due to varied calculation methodologies and data sources. Although the information presented herein has been obtained from and is based upon sources ACG believes to be reliable, no representation or warranty, express or implied, is made as to the accuracy or completeness of that information. Accordingly, ACG does not itself endorse or guarantee, and does not itself assume liability whatsoever for, the accuracy or reliability of any third party data or the financial information contained herein.

The information presented herein is for informational purposes only and is not intended as an offer to sell or the solicitation of an offer to purchase a security.

This report is provided as a management tool for the client's internal use only. Information contained in this report does not constitute a recommendation by ACG.

This report may contain confidential or proprietary information and may not be copied or redistributed to any party not legally entitled to receive it.

Past performance is not indicative of future results. Any comparison to an index is for comparative purposes only. An investment cannot be made directly into an index. Indices are unmanaged and do not reflect the deduction of advisory fees.

This report is distributed with the understanding that it is not rendering accounting, legal or tax advice. Please consult your legal or tax advisor concerning such matters. No assurance can be given that the investment objectives described herein will be achieved and investment results may vary substantially on a quarterly, annual or other periodic basis. There is no representation or warranty as to the current accuracy of, nor liability for, decisions based on such information.

Oklahoma Municipal Retirement Fund Investment Policy, Guidelines and Objectives Defined Benefit (DB) Plan ~~Adopted-Proposed~~ March ~~2021~~2020

I. Purpose

The following Statement of Investment Policy, Guidelines and Objectives (Investment Policy) has been established to provide guidance for consistent, informed decision making to those involved with the management and operation of the Oklahoma Municipal Retirement Fund (OkMRF). Those involved include but are not limited to the OkMRF Trustees and Staff, ~~I~~investment ~~M~~anagers and advisors, legal advisor(s), the ~~I~~investment ~~C~~onsultant and any professional advisor helping to identify and facilitate the attainment of its investment objectives within the investment guidelines as set forth in this Investment Policy.

II. Plan Background

OkMRF was established in 1966 to provide a retirement program for cities, towns, and municipal agencies in Oklahoma. Assets of OkMRF Members are pooled and invested in aggregate with investment managers worldwide. This allows for individual Members to achieve economies of scale and access to ~~I~~investment ~~M~~anagers that they may not have achieved individually. Policies for OkMRF will be controlled by, and shall be in compliance with, the OkMRF Trust Indenture.

III. Investment Philosophy

The primary fiduciary responsibility of the Trustees is to ensure that the assets of the Plan are responsibly and prudently managed in accordance with the actuarial needs of the Plan while adhering to sound and accepted financial investment procedures. The Prudent Person Rule shall govern the Trustees in their choice of investment alternatives as it may in its sole discretion elect from time to time.

The Trustees have consciously diversified the Plan to ensure that adverse or unexpected results from a security class will not have an excessively detrimental impact on the entire portfolio. Diversification is interpreted to include diversification by security type, characteristic, number of investments as well as by the investment styles of the management organizations.

Investment management will be delegated to external professional organizations or ~~I~~investment ~~M~~anagers. The Trustees shall manage those monies not specifically allocated to ~~I~~investment ~~M~~anagers as part of a cash portfolio handled by the Plan's ~~C~~ustodian. It is the Trustees' intention to participate in investment strategies or vehicles that are free from any revenue-sharing agreements.

The Trustees shall invest the assets of the Plan solely in the best interest of the Membership, ~~Participants~~ and their beneficiaries for the exclusive purpose of providing benefits, ~~to the Membership.~~

IV. Parties Associated with the Plan

A. Board of Trustees

- 1) Holds ultimate responsibility for the Plan and the appropriateness of its Investment Policy and its execution.
- 2) Retains Consultants, Investment Managers, Recordkeeper, Custodian and other advisors to implement and execute the Investment Policy as it relates to the Plan.
- 3) Reviews adequacy or need for change of this Investment Policy.
- 4) Meets with Investment Managers periodically and reviews quarterly reports concerning Investment Manager/fund asset management.
- 5) Administers the Plan.
- 6) Engages a custodian bank.
- 7) Adopts the statement of Investment Policy, Guidelines and Objectives for the Plan including risk tolerance and asset allocation.
- 8) Responsible for reviewing and voting on matters put forth by the Investment Committee.
- 9) Conduct on-going due diligence on service providers.

B. Investment Committee

At the direction of the Board Chairman, an Investment Committee will be formed. This Committee will meet as often as necessary, and will be on call by the Chairman of the Board, Investment Committee Chairman, or the OkMRF Chief Executive Officer (CEO). All Trustees are invited to attend Investment Committee meetings. In addition, the OkMRF CEO and/or Investment Consultant will attend Investment Committee meetings. The responsibilities of the Investment Committee, as directed by the Trustees, will include:

- 1) Review of Investment Policy and asset allocation.
- 2) Interview/review of Investment Managers/funds and portfolio performance.
- 3) Collaborate with Investment Consultant.
- 4) Develop recommendations for Trustees' consideration and adoption.
- 3)5) Other investment related areas as directed by the Trustees.

The Investment Committee makes recommendations to the Trustees on investment related matters, and the Trustees will in turn vote on the action that should be taken by the Plan.

C. Investment Consultant

- 1) Assists ~~the~~ Trustees in developing the Investment Policy, including asset class choices and risk tolerance objectives, as well as rebalancing recommendations, -asset allocation targets and diversification strategies.
- 2) Provides the Trustees with objective education and information on a broad spectrum of investment management topics and helps construct a portfolio management team of superior Investment Managers.
- 3) Monitors the performance and efficiency of the Investment Managers/funds and provides regular monthly and quarterly reports to the Trustees, which will aid in carrying out the intent of this Investment Policy and assists Trustees and Staff in monitoring changes in Investment Manager firms/funds including:
 - a. Changes in management and/or personnel.
 - b. Major Changes in areas of responsibility.
 - c. Changes in assets gained or lost, as well as clients gained or lost.
 - d. Changes in investment philosophy, process or major strategies.
 - e. Changes in ownership and/or the portfolio manager.
 - ~~a.f.~~ Annual report on proxy voting records, if applicable.
- ~~3)4)~~ Reports recommendations and conclusions to the Trustees as required.
- 5) Evaluates and makes recommendations, as needed, on other areas of investment.
- ~~4)6)~~ Aids in Equity Long/Short and Custodian review Recordkeeper and Custodian review, search and selection.

D. Investment Managers

- 1) Will have full discretion in the management of assets allocated to the Investment ~~M~~anagers, subject to the Investment Policy set by the Trustees.
- 2) Serve as fiduciaries, responsible for specific security decisions.
- 3) Will abide by duties, responsibilities and guidelines detailed in any specific Investment Manager agreement and side letter, if applicable.
- 4) Communications with the Trustees, Investment Committee ~~consultant~~, Staff and Investment Committee may include:
 - a) Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.

- b) On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.

~~e) The Investment Consultant will assist the Trustees and Staff in monitoring changes in investment management firms/funds, including:~~

- ~~1) Changes in management and/or personnel.~~
- ~~2) Major changes in areas of responsibility.~~
- ~~3) Changes in assets gained or lost, as well as clients gained or lost.~~
- ~~4) Changes in investment philosophy, process or major strategies.~~
- ~~5) Changes in ownership and/or the portfolio manager.~~
- ~~6) Annual report on proxy voting records, if applicable.~~

E. Custodian

- 1) Acts in accordance with relevant custody agreements; complies with all applicable guidelines.
- 2) Reports all financial transactions and prepares periodic summaries of transactions, asset valuations and other related information as deemed appropriate by the Trustees.
- 3) Accepts and holds cash.
- 4) Meets as required with the Trustees and provides reports relative to the status of the Plan's investments.
- 5) Educates the Trustees regarding current and emerging best practices and regulatory requirements affecting the Plan.
- 6) Provides an annual ~~SSAE 16~~/SOC_1 report evaluating the system design and operating effectiveness of related internal controls of respective integrated companies.
- 7) Services benefit payment processing.
- 8) Provides unitized Plan accounting by Member.

V. Asset Allocation Guidelines

The Trustees have adopted the asset allocation policy shown below for Plan assets. Target percentages have been determined for each asset class along with allocation ranges. Percentage allocations are intended to serve as guidelines; the Trustees will not be required to remain strictly within the designated ranges. Market conditions or an investment transition by asset class or ~~I~~investment ~~M~~anager may require an interim investment strategy. This can therefore result in a temporary imbalance from the target allocation ranges in the asset mix. Figures below reflect percentages of total DB assets, effective January 29, 2021.

Asset Class	Minimum	Target	Maximum	Broad Asset Class Benchmark
Large Cap Equity	20%	25%	30%	S&P 500 Index
Small/Mid-Cap Equity	5%	10%	15%	Russell 2000 Index; Russell 2500 Index
Non-U.S. Equity	40% 15%	20% 25%	30% 35%	MSCI ACWI ex U.S. Index
Equity Long/Short	5%	10%	15%	MSCI ACWI Index
Fixed Income	25% 20%	30% 25%	35% 30%	Bloomberg Barclays U.S. Aggregate Bond Index
Real Estate	0%	5%	10%	NCREIF Property Index

~~The Trustees approved this asset allocation in November 2014.~~ January 2021.

VI. Portfolio Rebalancing

~~Portfolio rebalancing actions will be reviewed, and approved or ratified by with the Trustees at Board meetings.~~ Rebalancing to the above targets shall be made on a cash flow basis, as needed. ~~In the event of unusual or emergency circumstances and Should~~ the Plan moves outside the ranges beyond cash flow means of correcting, the OkMRF CEO with the advice of the Investment Consultant will review the allocations and shall have the authority to bring the asset allocation back within allowable ranges with reporting at the next scheduled Board meeting. ~~Portfolio rebalancing actions will be reviewed with the Trustees at Board meetings.~~

VII. Total Plan Objectives

The Plan's total return will be expected to provide equal or superior results over the following time periods: three years, five years, and ten years. The following guidelines will be used to evaluate performance:

- 1) An absolute return objective of 7.25%, which is the actuarial assumed rate of return for all ~~of the~~ Plan's Members.
- 2) A relative return objective to outperform a policy index comprised of the following: ~~65%~~70% MSCI All Country World Index (ACWI), ~~30%~~25% Bloomberg Barclays U.S. Aggregate Bond Index and 5% NCREIF Property Index.
- 3) A relative Total Plan return objective of performing at or above the median peer in a manager universe with comparable equity allocations.
- 4) Volatility or standard deviation in line with that of the blended policy index, as described in Item 2, above.

VIII. Mandate Specific Guidelines

In the cases where assets are managed in commingled funds or mutual funds, the Trustees will make its best efforts to utilize funds managed in strategies that are generally consistent

with this Investment Policy and the ~~M~~mandate ~~S~~specific ~~G~~guidelines listed below. Criteria utilized in the evaluation of mutual funds will be generally the same as that utilized in the evaluation of a separate account or commingled fund. Morningstar is a leading provider of mutual fund information and will be the primary source of both quantitative and qualitative information, to the extent this data is available on a timely basis, regarding mutual funds held in the OkMRF DB portfolio. Evestment Alliance is a leading provider of commingled fund information and will be the primary source of both quantitative and qualitative information, to the extent this data is available on a timely basis, regarding commingled funds held in the OkMRF DB portfolio. An eEquivalent service provider benchmark and or peer data -is not readily available for comparison purposes for the Equity Long/Short or Real Estate portfolios. However, manager performance metrics will still be monitored for qualitative and quantitative information when compared to historical portfolio measures.

The investment management style and process of each ~~I~~investment ~~M~~manager is important because of the manner in which each style blends with the structure of the total Plan; therefore, adherence to this discipline is a critical issue. The portfolio should be managed in a style consistent with the ~~I~~investment ~~M~~manager's other portfolios within the same investment mandate or product. Any significant deviation from the ~~I~~investment ~~M~~manager's stated style will require written approval from the Trustees.

U.S. Large Cap Equity Guidelines

Common Stock Guidelines

- A. The ~~I~~investment ~~M~~manager is expected to prudently diversify the portfolio across industry / economic sectors, number of securities and size of positions. U.S. Large Cap equity strategies can be implemented through separate accounts, commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.
- B. Equity securities shall mean common stocks, ADR's, or stocks of foreign corporations that trade primarily on a major U.S. exchange, and issues convertible into common stocks.
- C. Though short-term cash positions within the portfolio will fluctuate, the ~~I~~investment ~~M~~manager is expected to be 90% to 100% invested most of the time; however, if the ~~I~~investment ~~M~~manager believes that market conditions warrant it, the investment manager may reduce the equity holdings below 90%. If the equity holdings at any time fall below 90%, the Board will be notified as soon as practicable.

Performance Criteria

- A. Investment ~~M~~manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, five and five years, seven years and ten years- with an emphasis on three year, and five year and ten year -periods.
- B. The investment manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Passive indexing will be the primary method of accessing Large Cap U.S. Equity markets. Over a full market cycle, the overall large cap equity portfolio should outperform the broad-based S&P 500 Index while underlying active investment managers should outperform the relevant style benchmark. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk and return profile of the appropriate benchmark(s). Over a full market cycle, the overall large cap equity portfolio should perform in-line with the broad-based S&P 500 Index on both an absolute and relative basis.

Communications

Investment Manager communications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager Consultant shall report to ~~will assist the~~ Trustees, Investment Committee, and Staff and Investment Consultant ~~in monitoring~~ changes in investment management firms/funds, including:
- 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual report on proxy voting records, if applicable.

U.S. Small/Mid-Cap Equity Manager Guidelines

Common Stock Guidelines

- A. The Investment Manager is expected to prudently diversify the portfolio across industry /economic sectors, number of securities and size of positions. U.S. Small/Mid-Cap equity strategies can be implemented through separate accounts, commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager. Separate accounts should be managed according to this Investment Policy Statement.

- B. Equity securities shall mean common stocks, ADR's, or stocks of foreign corporations that trade primarily on a major U.S. exchange or over the counter market, and issues convertible into common stocks.
- C. Though short-term cash positions within the portfolio will fluctuate, the investment manager is expected to be 90% to 100% invested most of the time; however, if the investment manager believes that market conditions warrant it, the investment manager may reduce the equity holdings below 90%. If the equity holdings at any time fall below 90%, the Board will be notified as soon as practicable.

Performance Criteria

- A. Investment ~~M~~anager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and five years~~, seven years and -ten years with an emphasis on three year, ~~and five year~~ and ten year periods.
- B. The ~~I~~investment ~~M~~anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Over a full market cycle, the overall small/mid-cap equity portfolio should outperform the appropriate broad-based index (Russell 2000 or 2500 Index) while underlying active ~~I~~investment ~~M~~anagers should outperform the relevant style benchmark (Russell 2000 Value; Russell 2500 Growth). Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

Communications

~~Investment Manager c~~ommunications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment ~~Consultant~~Manager ~~will assist the~~shall report to Trustees, Investment Committee, ~~and Staff and Investment Consultant in monitoring~~ changes in ~~I~~investment ~~M~~anagement firms/funds, including:
 - 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.

- 3) Changes in assets gained or lost, as well as clients gained or lost.
- 4) Changes in investment philosophy, process-or major strategies.
- 5) Changes in ownership and/or the portfolio manager.
- 6) Annual report on proxy voting records, if applicable.

Non-U.S. Equity Manager Guidelines (Developed and Emerging Market Managers)

Non-U.S. Equity Guidelines

- A. The Investment Manager(s) will broadly diversify across country markets. Non-U.S. equity strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the Investment Manager.
- B. Equity securities shall be of non-U.S. issues (including ADR's, convertible bonds and U.S. registered securities) whose principal markets are outside of the U.S.
- C. The Investment Manager shall use reasonable prudence and good judgment to diversify across regions, countries, sectors, ~~and~~ industries and currencies.
- D. Though short-term cash positions within the portfolio will fluctuate, the Investment Manager is expected to be 90% to 100% invested most of the time; however, if the Investment Manager believes that market conditions warrant it, the investment manager may reduce the equity holdings below 90%. If the equity holdings at any time fall below 90%, the Board will be notified as soon as practicable.

Performance Criteria

- A. Investment Manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and~~ five years, seven years and ten years with an emphasis on three year, ~~and~~ five year and ten year periods.
- B. The Investment Manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Over a full market cycle, the overall non-U.S. equity portfolio should outperform the broad-based MSCI ACWI ex-U.S. Index. International developed equity Investment ~~M~~anagers should outperform the MSCI EAFE Index and the relevant style benchmark, if appropriate, and emerging market equity Investment Managers should outperform the MSCI Emerging Markets Index. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

Communications

Investment Manager ~~Communications~~ with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager shall report to ~~Consultant will assist the~~ Trustees, Investment Committee, and Staff and Investment Consultant in monitoring ~~changes in~~ investment management firms/funds, including:
 - 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual report on proxy voting records, if applicable.

Equity Long/Short Manager Guidelines

Common Stock Guidelines

- A. The equity long/short allocation will be implemented through multiple Investment Managers ~~underlying~~ strategies. Equity Long/Short strategies can be implemented through commingled funds. Commingled fund assets are expected to be managed within the guidelines set forth for each fund by the Investment Manager.
- B. In aggregate, the total portfolio of underlying Investment Managers ~~strategies~~ should be prudently diversified across market capitalization, geography, industry/economic sectors, number of underlying Investment Managers and size of positions.

Performance Criteria

- A. Investment Manager ~~performance~~ shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and~~ five years, seven years and ten years with an emphasis on three ~~and~~ five year and ten year periods.
- B. Investment Manager ~~performance~~ will be evaluated on absolute return, relative return, volatility profile, and consistency with stated style.

Performance Expectations

The total equity long/short portfolio shall be expected to meet the following performance objectives over a full market cycle are as follows:

- A. Outperform the MSCI ACWI Index and HFRI FOF: Strategic Index.
- B. Annualized volatility of approximately two-thirds or less than that of the MSCI ACWI Index as measured by standard deviation.
- C. Low relative beta and correlation to the MSCI ACWI Index.

Communications

Investment Manager c Communications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager Consultant shall report to ~~will assist the~~ Trustees, Investment Committee, and Staff and Investment Consultant in monitoring changes in Investment ~~management~~ firms/funds, including:
 - 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual report on proxy voting records, if applicable.

Fixed Income Manager Guidelines

Core Fixed Income Guidelines

- A. Eligible investments include, but are not limited to, obligations of the U.S. Government or U.S. Government agencies, corporate bonds, mortgages and mortgage backed securities (including CMBS), and other asset backed securities.
- B. The overall portfolio is expected to maintain an average credit quality of Ainvestment grade or higher as rated by at least two of three rating agencies. (Standard & Poor's,

Moody's and/or Fitch). Core fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the Investment Manager.

- C. The portfolio's duration shall be managed to ± 2 years of the benchmark's duration. Prudent distribution across the yield curve in relation to the benchmark is also desired. Portfolio duration is monitored through a quarterly performance report provided by the Investment Consultant.
- D. Though short-term cash positions within the portfolio will fluctuate, the Investment Manager is expected to be 90% to 100% invested most of the time; however, if the Investment Manager believes that market conditions warrant it, the Investment Manager may reduce the fixed income holdings below 90%. If the fixed income holdings at any time fall below 90%, the Board will be notified as soon as practicable.

Performance Criteria

- A. Investment Manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and five years~~, seven years and ten years with an emphasis on three ~~year~~, ~~and five year~~ and ten year periods.
- B. The Investment Manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Active core fixed income ~~Investment Managers~~ should outperform the broad-based Bloomberg Barclays U.S. Aggregate Bond Index over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

Communications

Investment Manager ~~Communications~~ with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager Consultant ~~will assist the~~ shall report to Trustees, Investment Committee, and Staff and Investment Consultant ~~in monitoring~~ changes in Investment Management firms/funds, including:
 - 1) Changes in management and/or personnel.

- 2) Major changes in areas of responsibility.
- 3) Changes in assets gained or lost, as well as clients gained or lost.
- 4) Changes in investment philosophy, process or major strategies.
- 5) Changes in ownership and/or the portfolio manager.
- 6) Annual Report on proxy voting records, if applicable.

Opportunistic Fixed Income Guidelines

- A. The portfolio has the ability to invest in a broad range of fixed income securities including domestic, international, emerging market debt as well as high yield securities, TIPS, bank loans, non-agency mortgage backed securities and asset backed securities, municipals and convertible bonds. The Investment Manager will have the flexibility to invest in fixed income obligations issued by national governments, government agencies, supranational organizations, banks and corporations based on their opportunistic views of the market. The portfolio may include exposure to currencies other than the U.S. dollar.
- B. The overall portfolio is expected to maintain an average credit quality of BBB- or higher as rated by at least two of three rating agencies (Standard & Poor's, Moody's and/or Fitch). Opportunistic fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the Investment Manager.
- C. Though short-term cash positions within the portfolio will fluctuate, the Investment Manager is expected to be 90% to 100% invested most of the time; however, if the Investment Manager believes that market conditions warrant it, the Investment Manager may reduce the fixed income holdings below 90%. If the fixed income holdings at any time fall below 90%, the Board will be notified as soon as practicable.

Performance Criteria

- A. Investment Manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and five years~~, seven years and ten years -with an emphasis on three year, ~~and five year~~ and ten year periods.
- B. The Investment Manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Opportunistic fixed income Investment Managers should outperform the Bloomberg Barclays Universal Bond Index over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis.

Communications

Investment Manager ~~c~~ Communications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager shall report to Consultant will assist the Trustees, Investment Committee, s and Staff and Investment Consultant in monitoring changes in Investment Management firms/funds, including:
 - 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership or the portfolio manager.
 - 6) Annual Report on proxy voting records, if applicable.

Liquid Absolute Return Fixed Income Guidelines

- A. The portfolio has an unconstrained mandate with the ability to invest in a broad range of fixed income securities including, but not limited to, domestic, international, emerging market debt as well as high yield securities, TIPS, bank loans, non-agency mortgage backed securities and asset backed securities, municipals and convertible bonds. The Investment Manager will have the flexibility to invest in fixed income obligations issued by national governments, government agencies, supranational organizations, banks and corporations based on their opportunistic views of the market. The portfolio may include exposure to currencies other than the U.S. dollar and to derivatives instruments as a means to hedge certain portfolio positions.
- B. The overall portfolio is expected to maintain an average credit quality of BBB- or higher as rated by at least two of three rating agencies (Standard & Poor's, Moody's and/or Fitch). Liquid absolute return fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the Investment Manager.

Performance Criteria

- A. Investment Manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months,

year to date, one year, three years, ~~and five years~~, seven years and ten years with an emphasis on three year, ~~and five year~~ and ten year periods.

- B. The ~~I~~Investment ~~M~~anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Liquid absolute return fixed income portfolios should meet or exceed the stated target return of T-Bills + 4% over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis.

Communications

Investment Manager cCommunications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager shall report to Consultant will assist the Trustees, Investment Committee, and Staff and Investment Consultant in monitoring chchanges in IInvestment ~~M~~anagement firms/funds, including:
- 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - ~~3)4)~~ Changes in investment philosophy, process or major strategies.
 - ~~4)5)~~ Changes in ownership and/or the portfolio manager.
 - ~~5)6)~~ Annual Report on proxy voting records, if applicable.

Real Estate Manager Guidelines

Core Real Estate Guidelines

- A. The ~~i~~Investment ~~M~~anager shall prudently diversify by geography, property type, size of the property and number of properties. Core real estate strategies can be implemented through commingled funds. Commingled fund assets are expected to be managed within the guidelines set forth for each fund by the Investment Manager.

- B. The ~~I~~investment ~~M~~anager is expected to invest in high-quality properties with the dual objective of providing income and capital appreciation. It is expected that the income component will comprise the majority of the portfolio's total return.

Performance Criteria

- A. Investment ~~M~~anager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and~~ five years, seven years and ten years with an emphasis on three year, ~~and~~ five year and ten year periods.
- B. The ~~I~~investment ~~M~~anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Over a full market cycle, the overall real estate portfolio should outperform the broad-based NCREIF Property Index. Underlying core real estate ~~I~~investment ~~M~~anagers should outperform the NFI ODCE Net Index and the median core real estate ~~I~~investment ~~M~~anager.

Communications

Investment Manager communications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment ~~Manager Consultant will assist the~~ shall report to Trustees, Investment Committee, and Staff and Investment Consultant in monitoring changes in ~~I~~investment ~~M~~anagement firms/funds, including:
- 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual Report on proxy voting records, if applicable.

Value Added Real Estate Guidelines

- A. The Investment Manager shall prudently diversify by geography, property type, size of the property and number of properties. Value added real estate can be implemented through commingled funds. Commingled fund assets are expected to be managed within the guidelines set forth for each fund by the Investment Manager.
- B. The Investment Manager is expected to invest in properties that can be improved upon through development, renovation, re-leasing and where occupancy can be increased. Capital appreciation is expected to comprise a significant portion of the strategy's return, with income comprising the balance.

Performance Criteria

- A. Investment Manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and five years~~, seven years and ten years with an emphasis on three year, ~~and five year~~ and ten year periods.
- B. The Investment Manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Over a full market cycle, the overall real estate portfolio should outperform the broad-based NCREIF Property Index. Underlying value added real estate Investment Managers should outperform the NFI ODCE Net Index by at least 100 basis points and the median Investment Manager within the relevant peer group.

Communications

Investment Manager Communications with the Trustees, ~~and Investment Committee~~, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager shall report ~~Consultant will assist to the~~ Trustees, Investment Committee, ~~and Staff and Investment Consultant~~ in monitoring changes in Investment Management firms/funds, including:
 - 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.

- 4) Changes in investment philosophy, process or major strategies.
- 5) Changes in ownership and/or the portfolio manager.
- 6) Annual Report on proxy voting records, if applicable.

~~IX. Open Records~~

~~OkMRF complies with the Oklahoma Open Records Act, 51 O.S. §24A.1 to 24A.30. Reports and records are considered public documents and are available for inspection and/or copying in compliance with this act.~~

~~X.IX. Investment Manager Termination~~

Investment Managers or funds will be considered for termination or reduction in assets if one or more of the following occur:

- 1) Major changes in professional personnel.
- 2) Changes in the ownership structure of the firm.
- 3) Major changes in the investment process, philosophy or style.
- 4) Failure to follow specific guidelines as provided by Trustees/Consultant.
- 5) Substandard performance as determined by the Trustees with the assistance from the Investment Consultant.

This list is not all inclusive and the Trustees reserve the right to terminate Investment Managers at any time for any reason whatsoever. The OkMRF CEO/Executive Director, Trust Attorney and Investment Committee Chair can take action regarding emergency withdrawal of funds, as needed, if recommended by Investment Consultant.

~~X. Open Records~~

OkMRF complies with the Oklahoma Open Records Act, 51 O.S. §24A.1 to 24A.30. Reports and records are considered public documents and are available for inspection and/or copying in compliance with this act.

XI. Custodial Credit Risk

OkMRF is addressing custodial credit risk in the following categories:

1. Assets held in the OkMRF Trust accounts

The Trustees rely on Title 12 of the Code of Federal Regulations (i.e. 12 C.F.R.) Part 9 Section 9.13 issued by the Comptroller of the Currency. It states that a national bank shall keep the assets of the fiduciary accounts separate from the assets of the bank; thereby, not being subject to the Bank's creditors. Staff performs a due diligence review of the annual

SOC 1AS-70 report on the Trust Company's Controls placed in operation and tests of their operating effectiveness.

2. Deposits held in non-trust accounts

The deposits held in one financial institution, which provides insurance on balances up to \$250,000 through the Federal Deposit Insurance Corporation (FDIC). OkMRF mitigates risk by having a Continuing Deposit Security Agreement in place with the bank on each of the operating cash accounts.

XII. Brokerage Commission Recapture

The Trustees have authorized a commission recapture program whereby certain brokers rebate as agreed upon a portion 50% or more of their commissions back to the Plan. The recapture brokers should provide monthly transaction reports and an annual summary to the Trustees or its representative(s) for review.

XIII. Proxy Voting

The Trustees are mindful of their fiduciary obligations with respect to the voting of proxies of companies whose securities are owned by the Plan. Because of the complexity of issues, it is the Trustees' belief that the Investment Managers are best suited to vote the proxies of shares held in the portfolio they manage.

Therefore, as part of the Investment Policy and Investment Manager Guidelines, the Trustees delegate the authority to the Investment Managers to vote and report back to the Trustees at least annually, the voting of all proxies. The Trustees do, however, reserve the right to instruct Investment Managers how to vote on individual proxies.

Voting on all matters shall be in accordance with the Investment Manager Guidelines and Policies set forth herein, unless otherwise directed by the Trustees, for the exclusive sole benefit of the Plan, its Members and beneficiaries.

XIV. Securities Litigation Monitoring

OkMRF utilizes a third-party litigation monitoring service to assist in all securities litigation matters.

XV. Board Authority

Nothing contained herein will affect the authority of the Trustees of OkMRF to amend, alter or make exceptions to this Statement of Investment Policy, Guidelines and Objectives at any time. The policy of the Trustees will be to formally review this Investment Policy at least annually.

Oklahoma Municipal Retirement Fund

Investment Policy, Guidelines and Objectives

Defined Contribution (DC) Plan

~~Adopted~~ Proposed March ~~2021~~2020

I. Purpose

The following Statement of Investment Policy, Guidelines and Objectives (Investment Policy) has been established to provide guidance to those involved with the management and operation of the Oklahoma Municipal Retirement Fund (OkMRF). Those involved include but are not limited to the OkMRF Trustees and Staff, ~~I~~investment ~~M~~anagers and advisors, legal advisor(s), the ~~I~~investment ~~C~~onsultant and any professional advisor helping to identify and facilitate the attainment of its investment objectives within the investment guidelines as set forth in this Investment Policy.

II. Plan Background

OkMRF was established in 1966 to provide a retirement program for cities, towns, and municipal agencies in Oklahoma. Assets of OkMRF members are pooled and invested in aggregate with ~~I~~investment ~~M~~anagers worldwide. This allows for individual members to achieve economies of scale and access to ~~I~~investment ~~M~~anagers that they may not have achieved individually. Policies for OkMRF will be controlled by and shall be in compliance with the OkMRF Trust Indenture.

III. Investment Philosophy

The Trustees of the OkMRF ~~has~~have endeavored to offer a number of investment alternatives to enable Participants to overcome differing investment objectives and risk tolerance. This Investment Policy will establish the guidelines for the investments making up these alternatives.

Investment management will be delegated to external professional organizations or ~~I~~investment ~~M~~anagers. In the cases where assets are managed in commingled or mutual funds, the Trustees will make their best efforts to utilize funds that are managed in strategies that are generally consistent with this Investment Policy and the ~~i~~investment ~~M~~anager guidelines. It is the Trustees' intention to offer Plan Participants investment strategies and vehicles that are free from any revenue-sharing agreements.

The Prudent Person Rule shall govern the Trustees in its choice of investment alternatives as it may in its sole discretion elect from time to time. The primary investment focus of the Trustees will be to offer options that invest in common stocks (domestic and international), government and corporate bonds, real assets, short-term fixed income securities or cash equivalents. The Trustees may invest in other investment alternatives such as investment company shares (mutual funds), index funds, collective or commingled trust funds of banks or trust companies or insurance company general accounts. In addition, certain ~~i~~investment ~~M~~anagers may implement futures positions from time to time, in order to facilitate the purchase or sale of large securities positions in a timely manner.

The Trustees shall offer DC investment options solely in the best interest of the Participants for the exclusive purpose of providing benefits to the Participants.

IV. Parties Associated with the Plan

A. Board of Trustees

- 1) Holds ultimate responsibility for the Plan and the appropriateness of its Investment Policy and its execution.
- 2) Retains Consultants, Investment Managers, Recordkeeper, Custodian and other advisors to implement and execute Investment Policy as it relates to the Plan.
- 3) Reviews adequacy or need for change of this Investment Policy.
- 4) Meets with Investment Managers periodically and reviews quarterly reports concerning investment manager/fund asset management.
- 5) Administer the Plan.
- 6) Engages a custodian bank.
- 7) Adopts the Statement of Investment Policy, Guidelines and Objectives for the Plan including risk tolerance and asset allocation for white label investment options.
- 8) Responsible for reviewing and voting on matters put forth by the Investment Committee.
- 8) Conduct on-going due diligence on service providers.

B. Investment Committee

At the direction of the Board Chairman, an Investment Committee will be formed. This Committee will meet as often as necessary, and will be on call by the Chairman of the Board, Investment Committee Chairman, or the OkMRF Chief Executive Officer (CEO). All The Board of Trustees are invited to attend all Investment Committee meetings. In addition, the OkMRF CEO and/or Investment Consultant will attend Investment Committee meetings. The responsibilities of the Investment Committee, as directed by the Trustees, will include:

- 1) Review of Investment Policy and asset allocation
- 2) Interview/rReview of Investment Managers/funds and portfolio performance
- 3) Review of recordkeepers Collaborate with the Investment Consultant
- 4) Review of Investment Consultant Develop recommendations for Trustees' consideration and adoption
- 5) Other investment related areas as directed by the Trustees

The Investment Committee makes recommendations to the Trustees on investment related matters, and the Trustees will in turn vote on the action that should be taken by the Plan.

C. Investment Consultant

- 1) Assists Trustees in developing Investment Policy guidelines, including asset class choices and risk tolerance objectives, ~~rebalancing recommendations as well as~~, asset allocation targets and diversification strategies for the ~~customized white label~~ fund options.
- 2) Provides Trustees with objective ~~education and~~ information on a broad spectrum of investment management topics and helps construct a fund option lineup of superior ~~investment~~ ~~managers~~.
- 3) ~~Monitors the performance and efficiency of the investment managers/funds, and provides regular monthly and quarterly reports to the Trustees and assists Trustees and Staff in monitoring changes in Investment Manager firms/funds including, which will aid in carrying out the intent of this Statement Policy. The Investment Consultant will assist the Trustees and Staff in monitoring changes in investment management firms/funds, including:~~
 - a) ~~Changes in management and/or personnel.~~
 - b) ~~Major Changes in areas of responsibility.~~
 - c) ~~Changes in assets gained or lost, as well as clients gained or lost.~~
 - d) ~~Changes in investment philosophy, process or major strategies.~~
 - e) ~~Changes in ownership and/or the portfolio manager.~~
 - f) ~~Annual report on proxy voting records, if applicable.~~
- 4) Reports recommendations and conclusions to the Trustees as required.
- 5) Evaluates and makes recommendations, as needed, on other areas of investment.
- 6) Aids in Recordkeepers and Custodian review, search and selection.

D. Investment Managers

- 1) Will have full discretion in the management of assets allocated to the ~~investment~~ ~~managers~~, subject to the Investment Policy set by the Trustees.
- 2) Serve as fiduciaries, responsible for specific security decisions.
- 3) Will abide by duties, responsibilities and guidelines detailed in any specific ~~investment~~ ~~manager~~ agreement and side letter, if applicable.
- 4) Communications with the Trustees, ~~Investment Consultant~~ and Investment Committee may include:

- a) Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- b) On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.

~~e) The Investment Consultant will assist the Trustees and Staff in monitoring changes in investment management firms/funds, including:~~

- ~~1. Changes in management and/or personnel.~~
- ~~2. Major changes in areas of responsibility.~~
- ~~3. Changes in assets gained or lost, as well as clients gained or lost.~~
- ~~4. Changes in investment philosophy, process or major strategies.~~
- ~~5. Changes in ownership and/or the portfolio manager.~~
- ~~6. Annual report on proxy voting records, if applicable.~~

E. Recordkeepers and ~~Trustee~~/Custodian

- 1) Acts in accordance with relevant custody agreements; complies with all applicable guidelines.
- 2) Reports all financial transactions and prepares periodic summaries of transactions, asset valuations and other related information as deemed appropriate by the Trustees.
- 3) Accepts and holds cash.
- 4) Meets as required with the Trustees and provides reports relative to the status of the Plan's investments.
- 5) Educates the Trustees regarding current and emerging best practices and regulatory requirements affecting the Plan.
- 6) Provides an annual ~~SSAE 16~~/SOC_1 report evaluating the system design and operating effectiveness of related internal controls of respective integrated companies.
- 7) Services distributions, investment elections and loan processing.

V. DC Fund Options

The Oklahoma Municipal Retirement Fund DC Plan is comprised of the following options:

- 1) Voya Fixed Plus III
- 2) Bond Index Fund
- 3) Total Yield Bond Fund
- 4) Real Assets Fund

- 5) S&P 500 Index Fund
- 6) Growth & Value Equity Fund
- 7) Global Equity Fund
- 8) International Investment Equity Fund
- 9) Aggressive Equity Fund
- 10) Target Retirement Funds
- 11) Environmental, Social and Governance (ESG) U.S. Stock Fund
- 12) Self-Directed Brokerage

Plan Participants may select between these options in allocations of their choosing. However, these allocations must be in one-percent (1%) increments.

Option	Description
Voya Fixed Plus III	Option comprised of annuity contracts issued by Voya Retirement Insurance and Annuity Company (VRIAC) whose purpose is to provide stability of principal. Annuity contracts are backed by VRIAC's general account.
Bond Index Fund	Provides broad exposure to the U.S. investment-grade fixed income market while tracking the performance of the Bloomberg Barclays U.S. Aggregate Bond Index.
Total Yield Bond Fund	Investment M anagers who focus on U.S. and non-U.S. fixed income markets, including investment grade securities, high yield, emerging market debt, non-U.S. sovereign debt, etc. Investment M anagers that utilize a core, core plus, opportunistic or liquid absolute return strategy may be used in this option.
Real Assets Fund	Option comprised of real estate investment trusts (REITs), commodities and Treasury I nflation- P rotected S ecurities (TIPS) components whose purpose is to provide further diversification and an inflation hedge.
S&P 500 Index Fund	Provides broad exposure to the domestic equity market while tracking performance of the S&P 500 Index.
Growth & Value Fund	Investment M anagers who focus mainly on U.S. Large Cap Equity with complementary style disciplines whose purpose is to provide capital appreciation by investing in their respective styles.
Global Equity Fund	Provides broad exposure to the global equity market while tracking performance of the MSCI ACWI Index.
International Investment Equity Fund	Investment M anagers who focus on developed international (non-U.S.) and emerging market equities that have potential for capital appreciation. Investment M anagers that utilize complementary style disciplines may be used in this option.

Option	Description
Aggressive Equity Fund	Investment M anagers who focus on small and mid-capitalization equities that historically have provided higher returns and been more volatile than their large capitalization counterparts. Investment M anagers may be selected for their complementary style disciplines.
Target Retirement Funds	Provides strategic passive investment approach through a combination of underlying stock, bond and inflation-protected funds real assets. Investment allocation amongst funds is based on pre-determined glide path structure and Participant's target retirement date.
ESG U.S. Stock Fund	Provides exposure to established domestic mid and large cap equities, while positively impacting environmental, social and/or governance issues while tracking performance of the Russell 1000 Index.
Self-Directed Brokerage	Allows Participants to invest in mutual funds and exchange-traded funds not otherwise available in the OkMRF investment fund lineup.

VI. Portfolio Rebalancing

Given that Plan Participants are able to select the asset allocation that best fits their needs, portfolio rebalancing will be initiated by individual Participants based on their specific situations and needs. The exceptions to this will be the Target Retirement Funds, which will be automatically rebalanced to the appropriate asset allocation targets based on the Participant's target retirement date and positioning on the glide path, and ~~white label f~~customized funds listed in Exhibit A. Target ~~R~~etirement ~~F~~und allocations are adjusted by the Investment Manager at least quarterly. ~~Customized-White label~~ fund options are rebalanced to target weights quarterly on the first business day of each new quarter.

VII. Mandate Specific Guidelines

In the cases where assets are managed in commingled or mutual funds, the Trustees will make their best efforts to utilize funds managed in strategies that are generally consistent with this Investment Policy and the ~~M~~andate ~~S~~pecific ~~G~~uidelines listed below. Criteria utilized in the evaluation of mutual funds will be generally the same as that utilized in the evaluation of a separate account or commingled fund. Morningstar is a leading provider of mutual fund information, and will be the primary source of both quantitative and qualitative information, to the extent this data is available on a timely basis, regarding mutual funds held in the OkMRF DC options. Evestment Alliance is a leading provider of commingled fund information, and will be the primary source of both quantitative and qualitative information, to the extent this data is available on a timely basis, regarding commingled funds held in the OkMRF DC options.

The investment management style and process of each ~~I~~investment ~~M~~anager is important because of the manner in which each style blends with the structure of the total OkMRF investment options; therefore, adherence to this discipline is a critical issue. The portfolio should be managed in a style consistent with the ~~I~~investment ~~M~~anager's other portfolios within the same investment mandate or product.

U.S. Large Cap Equity Guidelines

Fund options covered by the U.S. Large Cap Equity Guidelines are the large capitalization equity ~~I~~investment ~~M~~anager utilized in the Growth & Value Fund and the S&P 500 Index Fund.

Common Stock Guidelines

- A. The ~~I~~investment ~~M~~anager is expected to prudently diversify the portfolio across industry/economic sectors, number of securities and size of positions. U.S. Large Cap equity strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.
- B. Equity securities shall mean common stocks, ADR's, or stocks of foreign corporations, which trade primarily on a major U.S. exchange, and issues convertible into common stocks.

Performance Criteria

- A. Investment ~~M~~anager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and~~ five years, seven years, and ten years with an emphasis on three year, and five year and ten year periods.
- B. The ~~I~~investment ~~M~~anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Over a full market cycle, the overall large cap equity portfolios should outperform the broad-based S&P 500 Index while underlying active ~~I~~investment ~~M~~anager should outperform the relevant style benchmark (Russell 1000 Value or Russell 1000 Growth Index). Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk and return profile of the appropriate benchmark(s).

Communications

Investment Manager communications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.

- C. The Investment ~~Manager~~Consultant shall report to ~~will assist the~~ Trustees, Investment Committee, and Staff and Investment Consultant in monitoring changes in Investment Management firms/fund, including:

- 1) Changes in management and/or personnel.
- 2) Major changes in areas of responsibility.
- 3) Changes in assets gained or lost, as well as clients gained or lost.
- 4) Changes in investment philosophy, process or major strategies.
- 5) Changes in ownership and/or the portfolio manager.
- 6) Annual report on proxy voting records, if applicable.

U.S. Small/Mid-Cap Equity Manager Guidelines

Fund option covered by the U.S. Small/Mid-Cap Equity Manager Guidelines is the Aggressive Equity Fund.

Common Stock Guidelines

- A. The Investment ~~Manager~~ is expected to prudently diversify the portfolio across industry/economic sectors, number of securities and size of positions. U.S. Small/Mid-Cap equity strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.
- B. Equity securities shall mean common stocks, ADR's, or stocks of foreign corporations, which trade primarily on a major U.S. exchange or over the counter market, and issues convertible into common stocks.

Performance Criteria

- A. Investment ~~Manager~~ performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years ~~and, -five years,~~ seven years and ten years -with an emphasis on three year, and five year and ten year periods.
- B. The Investment ~~Manager~~'s performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Over a full market cycle, the overall small/mid-cap equity portfolios should outperform the ~~appropriate broad~~appropriate broad-based index (Russell 2000 or Russell 2500 Index) while underlying active Investment ~~Managers~~ should outperform the relevant style benchmark (Russell 2000 Value; or the Russell 2000 Growth). Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to

relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

Communications

Investment Manager Communications with the Trustees ~~and~~ Investment Committee, Staff and the Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.

U.S. Investment Grade-Fixed Income Manager Guidelines

Fund options covered by the U.S. Investment Grade-Fixed Income Manager Guidelines are the Bond Index Fund and Total Yield Bond Fund.

Core Fixed Income Guidelines

- A. Eligible investments include, but are not limited to, obligations of the U.S. Government or U.S. Government agencies, corporate bonds, mortgages and mortgage backed securities (including CMBS), and other asset backed securities.
- B. The overall portfolio is expected to maintain an average credit quality of investment grade A or higher as rated by at least two of three rating agencies. (Standard & Poor's, Moody's and/or Fitch). Core fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.
- C. The portfolio's duration shall be managed to ± 2 years of the benchmark's duration. Prudent distribution across the yield curve in relation to the benchmark is also desired. Portfolio duration is monitored through a quarterly performance report provided by the Investment Consultant.

Performance Criteria

- A. Investment ~~Manager~~ performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and five years~~, seven years and ten years with an emphasis on three year, ~~and five year~~ and ten year periods.

- B. The Investment Manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Active core fixed income portfolios should outperform the broad-based Bloomberg Barclays U.S. ~~Aggregate~~ Aggregate Bond Index over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

Communications

~~Investment Manager c~~ Communications with the Trustees, ~~and~~ Investment Committee, ~~Staff and Investment Consultant~~ may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment ~~Manager Consultant will assist the~~ shall report to Trustees, Investment Committee, and Staff and Investment Consultant ~~in monitoring~~ changes in investment management firms/funds, including:
- 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual report on proxy voting records, if applicable.

Opportunistic Fixed Income Manager Guidelines

Fund option covered by the Opportunistic Fixed Income Manager Guidelines is the Total Yield Bond Fund.

Opportunistic Fixed Income Guidelines

- A. The portfolio has the flexibility to invest in a broad range of fixed income securities including domestic, international, emerging market debt as well as high yield securities, TIPS, bank loans, non-agency mortgage backed securities and asset backed securities, municipals and convertible bonds. The investment manager will have the flexibility to

invest in fixed income obligations issued by national governments, government agencies, supranational organizations, banks and corporations based on their opportunistic views of the market. The portfolio may include exposure to currencies other than the U.S. dollar.

- B. The overall portfolio is expected to maintain an average credit quality of BBB- or higher as rated by at least two of three rating agencies (Standard & Poor's, Moody's and/or Fitch). Opportunistic fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.

Performance Criteria

- A. Investment ~~Manager~~ performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and five years~~, seven years and ten years -with an emphasis on three year, ~~and five year~~ and ten year periods.
- B. The investment ~~Manager~~'s performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Opportunistic fixed income portfolios should outperform the broad-based Bloomberg Barclays Universal Bond Index over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis.

Communications

Investment Manager ~~c~~ommunications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager shall report to ~~Consultant will assist the~~ Trustees, Investment Committee, and Staff and Investment Consultant ~~in monitoring~~ changes in investment management firms/funds, including:
 - 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.

- 5) Changes in ownership and/or the portfolio manager.
- 6) Annual Report on proxy voting records, if applicable.

Liquid Absolute Return Fixed Income Manager Guidelines

Fund option covered by the Liquid Absolute Return Fixed Income Manager Guidelines is the Total Yield Bond Fund.

Liquid Absolute Return Fixed Income Guidelines

- A. The portfolio has an unconstrained mandate with the ability to invest in a broad range of fixed income securities including, but not limited to, domestic, international, emerging market debt as well as high yield securities, TIPS, bank loans, non-agency mortgage backed securities and asset backed securities, municipals and convertible bonds. The investment manager will have the flexibility to invest in fixed income obligations issued by national governments, government agencies, supranational organizations, banks and corporations based on their opportunistic views of the market. The portfolio may include exposure to currencies other than the U.S. dollar and to derivatives instruments as a means to hedge certain portfolio positions.
- B. The overall portfolio is expected to maintain an average credit quality of BBB- or higher as rated by at least two of three rating agencies (Standard & Poor's, Moody's and/or Fitch). Liquid absolute return fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.

Performance Criteria

- A. Investment ~~M~~anager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and~~ five years, seven years and ten years with an emphasis on three ~~and year~~, five year and ten year periods.
- B. The ~~I~~investment ~~M~~anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Liquid absolute return fixed income portfolios should meet or exceed the stated target return of T-Bills + 4.0% over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis.

Communications

Investment Manager ~~c~~ommunications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment ~~Manager Consultant will assist the~~ shall report to Trustees, Investment Committee, and Staff and Investment Consultant ~~in monitoring~~ changes in investment management firms/funds, including:
 - 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual Report on proxy voting records, if applicable.

Real Assets Manager Guidelines

Fund option covered by the Real Assets Manager Guidelines is the Real Assets Fund.

Real Assets Guidelines

- A. The ~~I~~Investment ~~M~~anager is expected to prudently diversify the portfolio across industry/economic sectors, number of securities and size of positions. Real assets strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.
- B. Eligible investments include real estate investment trusts (REITs), direct real estate, physical commodities investments, commodities derivative instruments (such as futures contracts), and treasury inflation protected securities (TIPS), which trade primarily on a major U.S. exchange or over the counter market.

Performance Criteria

- A. Investment ~~M~~anager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years ~~and~~, five years, seven years and ten years -with an emphasis on three year, ~~and five year~~ and ten year periods.
- B. The ~~I~~Investment ~~M~~anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Performance Expectations

- A. Real assets ~~portfolios allocations~~ should outperform the appropriate ~~custom blended benchmark broad-based index~~ (25% Bloomberg Commodity Index, 40% Bloomberg Barclays U.S. TIPS Index, ~~or and the~~ 35% Dow Jones U.S. Select REIT Index) over a full market cycle. Relative performance should be above the median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

Communications

Investment Manager communications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Manager shall report ~~Consultant will assist the to~~ Trustees, Investment Committee, and Staff ~~and Investment Consultant in monitoring~~ changes in investment management firms/funds, including:
- 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual Report on proxy voting records, if applicable.

Stable Value Guidelines

Fund option covered by the Stable Value Guidelines is the Voya Fixed Plus III Fund.

Stable Value Guidelines

- A. Eligible investments include, but are not limited to, U.S. Government and Government agency securities, U.S. and foreign corporate bonds, mortgage loans, asset-backed securities, derivatives, limited partnerships, corporate and municipal bonds and equity securities. This fund option is managed as a general account annuity contract. The sStable yValue fFund guarantees a minimum interest rate but may credit interest that exceeds the minimum rate.

The guaranteed interest rates are backed by the general account ~~of the Investment Manager~~.

Performance Criteria

- A. Investment ~~Manager~~ performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, ~~and five years~~, seven years and ten years -with an emphasis on three ~~year, and five year~~ and ten year -periods.

Performance Expectations

- A. The ~~Investment Manager's~~ performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style relative to similar fixed income strategies.

Communications

~~Investment Manager c~~ommunications with the Trustees, ~~and Investment Committee, Staff and Investment Consultant~~ may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment ~~Manager Consultant will assist the~~shall report to -Trustees, Investment Committee, and Staff and Investment Consultant in monitoring changes in investment management firms/funds, including:
- 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual Report on proxy voting records, if applicable.

Target Retirement Fund Guidelines

Fund option covered by the Target Retirement Guidelines is the Target Retirement Funds.

Target Retirement Guidelines

- A. The Target Retirement Funds offered to ~~OKMRF~~ DC plan Participants are mutual fund-of-fund strategies. The Target Retirement Date vintages will be updated on a rolling 5 year time horizon. These funds may invest in the following disciplines: domestic equity, international equity, fixed income, commodities, REITs and inflation protected strategies. Target Retirement Fund strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.

Performance Criteria

- A. Investment ~~M~~anager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years ~~and~~, five years, seven years and ten years -with an emphasis on three year, ~~and~~ five year and ten year periods.
- B. The ~~I~~investment ~~M~~anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style relative to similar target retirement fund strategies.

Performance Expectations

- A. The overall goal for the Target Retirement Funds is to provide a risk-return profile that matches the appropriate Target Retirement benchmark allocation.

Communications

Investment Manager communications with the Trustees, ~~and~~ Investment Committee, Staff and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Consultant will assist the Trustees and Staff in monitoring changes in investment management firms/funds, including:
- 1) Changes in management and/or personnel.
 - 2) Major changes in areas of responsibility.
 - 3) Changes in assets gained or lost, as well as clients gained or lost.
 - 4) Changes in investment philosophy, process or major strategies.
 - 5) Changes in ownership and/or the portfolio manager.
 - 6) Annual Report on proxy voting records, if applicable.

VIII. Self-Directed Brokerage (SDB)

The Trustees have permitted the use of a SDB option, allowing Participants to make investments not otherwise available in the investment fund lineup. Participants can, at their sole discretion, expense and risk, access the SDB option through the Recordkeeper. Investments in this option are limited to approved mutual funds and exchange-traded funds available on the SDB platform. No greater than 25% of a Participant's vested account balance can be invested through the brokerage window at a given time.

VIII. Open Records

OkMRF complies with the Oklahoma Open Records Act, 51 O.S. §24A.1 to 24A.30. Reports and records are considered public documents and are available for inspection and/or copying in compliance with this act.

IX. Investment Manager Termination

Investment ~~M~~anagers or funds will be considered for termination or reduction in assets if one or more of the following occur:

- 1) Major changes in professional personnel.
- 2) Changes in the ownership structure of the firm.
- 3) Major changes in the investment process, philosophy, or style.
- 4) Failure to follow specific guidelines as provided by Trustees/Consultant.
- 5) Substandard performance as determined by the Trustees with the assistance from the ~~i~~Investment ~~C~~onsultant.

This list is not all inclusive and the Trustees reserves the right to terminate ~~I~~investment ~~M~~anagers at any time for any reason whatsoever. The ~~OkMRF Executive Director~~CEO, Trust Attorney and Investment Committee Chair can take action regarding emergency withdrawal of funds, as needed, if recommended by Investment Consultant.

X. Open Records~~Self-Directed Brokerage (SDB)~~

The Trustees have permitted the use of a SDB option, allowing Participants to make investments not otherwise available in the investment fund lineup. Participants can, at their sole discretion, expense and risk, access the SDB option through the Recordkeeper. Investments in this option are limited to approved mutual funds and exchange-traded funds available on the SDB platform. No greater than 25% of a Participant's balance can be invested through the brokerage window at a given time
OkMRF complies with the Oklahoma Open Records Act, 51 O.S. §24A.1 to 24A.30. Reports and records are considered public documents and are available for inspection and/or copying in compliance with this act.

XI. Board Authority

Nothing contained herein will affect the authority of the Trustees of OkMRF to amend, alter or make exceptions to this Statement of Investment Policy, Guidelines and Objectives at any time. The policy of the Trustees will be to formally review this Investment Policy at least annually.

Total Yield Bond Fund	Minimum	Target	Maximum	Benchmark
JP Morgan Core Bond	45%	50%	55%	Bloomberg Barclays U.S. Aggregate Bond Index
Amundi- Pioneer Opportunistic Core Plus	20%	25%	30%	Bloomberg Barclays Universal Bond Index
BlackRock Strategic Income Opportunities	20%	25%	30%	U.S. T-Bills + 4%**

Portfolios are rebalanced to target weights quarterly on the first business day of each new quarter.

*Currently identifying a growth-oriented manager for a 25% allocation of this mandate; the source for this allocation is the Fred Alger Capital Appreciation component.

**BlackRock's strategy is benchmark agnostic but has a targeted return of U.S. T-Bills + 4-6% over a full market cycle (typically 3-5 years). For performance reporting purposes, U.S. T-Bills + 4% is the most appropriate benchmark.

Oklahoma Municipal Retirement Fund
Defined Contribution Plan
US Large Cap Growth Manager Search

March 26, 2021

We are proud to announce that ACG has been named a Greenwich Associates Quality Leader – recognized as one of the top consultants in the industry. This award is based on a number of factors, and a culmination of extensive nationwide interviews with institutional investors. We are grateful to have been given this honor.

Table of Contents

Tab 1	Overview
Tab 2	Firm & Strategy Comparisons
Tab 3	Portfolio Analysis
Tab 4	Manager Profiles

Overview

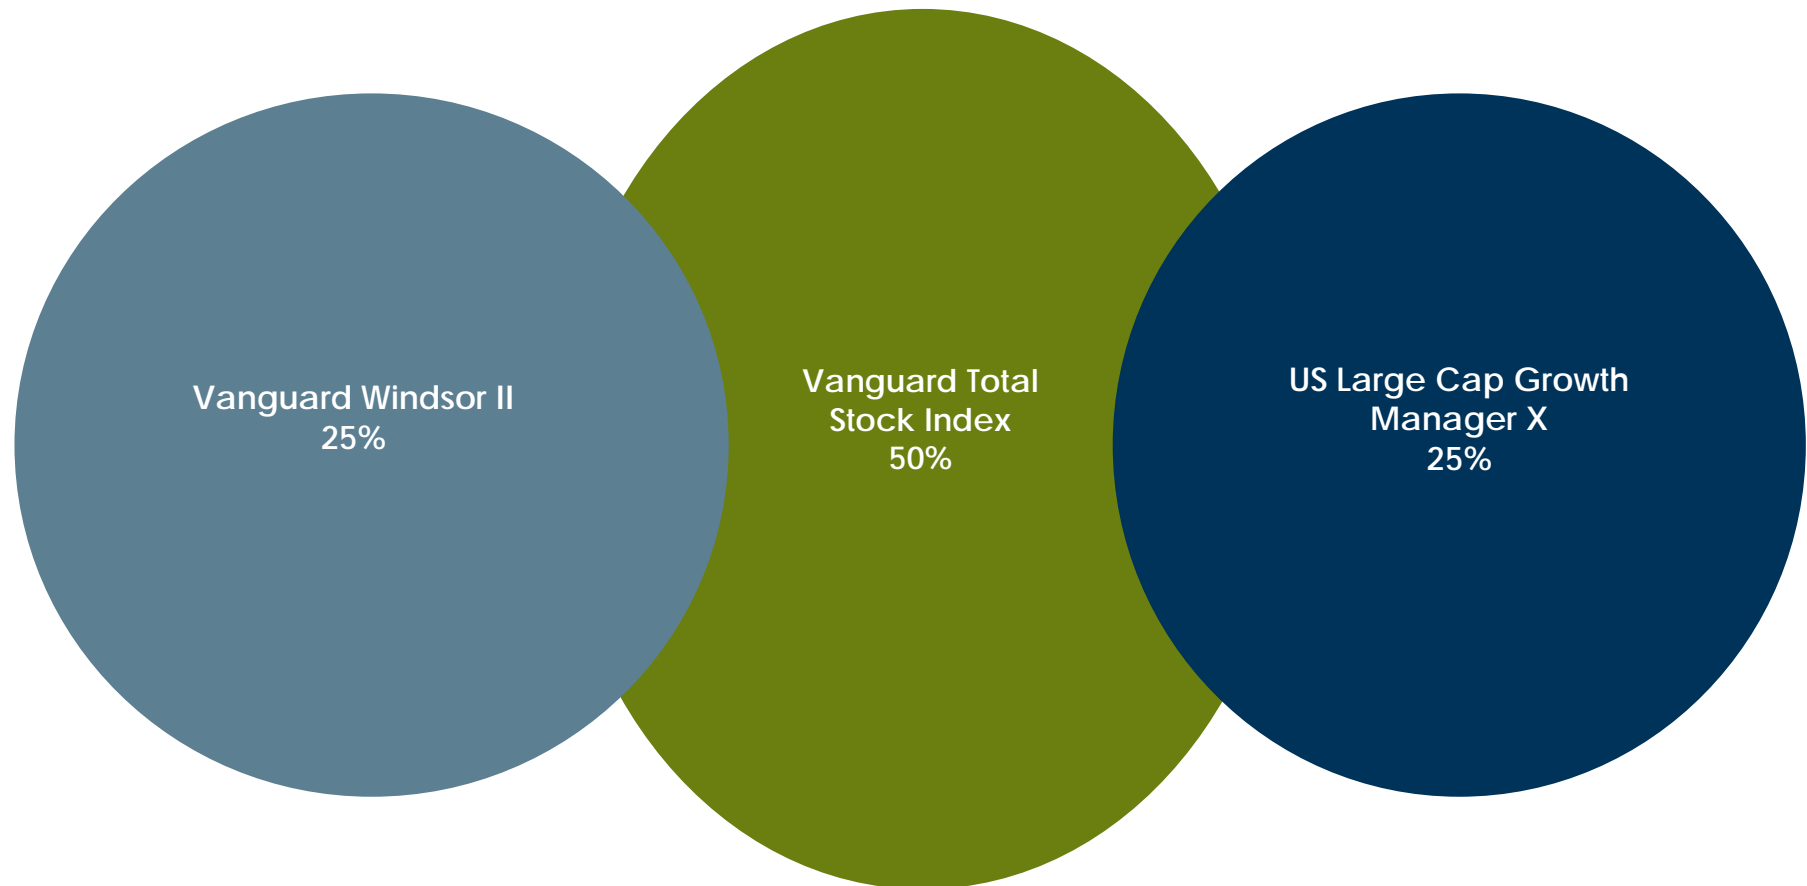

- **OkMRF's Defined Contribution Plan (DC Plan) is diversified** across stocks, bonds and real assets.
- Within the DC Plan's investment lineup, **multiple white label funds are offered** to provide participants with the appropriate investment diversification while concurrently keeping the number of investment options low.
- The **Growth & Value Option** is one of the DC Plan's white label funds and is diversified across the US Large Cap Value, US Large Cap Core and US Large Cap Growth spectrum.
- Within the Growth & Value Option, the current US Large Cap Growth strategy is Fred Alger Capital Appreciation. Despite strong absolute and relative performance, **Fred Alger has announced a series of analyst departures** from their investment team over the last year.
- Additionally, in mid-February, Fred Alger announced that **Dr. Ankur Crawford (Executive Vice President and Portfolio Manager) would be leaving the firm**. Since Dr. Crawford is a key decision-maker and vital part of the Capital Appreciation strategy, **this departure leads to a material change** in our investment thesis.
- As such, at the February Board meeting, **ACG recommended that OkMRF review potential replacement managers for the US Large Cap Growth role** within the Growth & Value Option.
- **Three candidate managers** will be reviewed and discussed today for the Board's consideration.

US Large Cap Equities

- The construct of the Growth & Value option is designed to provide **diversified exposure to US Large Cap Equities while simultaneously keeping fees low** for participants.
- This dual-mandate is accomplished through a **core-satellite approach**, with a passive index fund fulfilling the core role and actively-managed strategies serving in the satellite roles.

Defined the Mandate

- Determined that we are looking for investment managers that meet these specific criteria:
 - Proven track record of superior investment performance
 - Consistency of people, philosophy, and process
 - Managers with a style of investing that will complement the existing Growth & Value Option
 - Reasonable fees, where achievable
 - Vehicle(s) available for DC assets with no revenue-sharing arrangements in place on Voya's platform

Screened Universes

- Screened internal and external databases for managers who exhibit attractive performance relative to benchmarks and peers on a variety of quantitative metrics, including rolling absolute returns (3-, 5- and 10-years), risk adjusted returns (sharpe and information ratio), and up/down capture ratios.

Selected Initial List of Candidate Managers

- Based upon the criteria outlined above, ACG reviewed the following list of 4 managers for the mandate:
 - Polen Focus Growth
 - Sands Capital Select Growth
 - T. Rowe Price Large Cap Growth
 - Winslow Large Cap Growth

Selected Finalist Candidates

- After more thorough review and due diligence, ACG recommends that the Board consider one of the following managers/strategies as we believe that they are most appropriate given their complementary style to the existing portfolio structure:
 - Sands Capital Select Growth
 - T. Rowe Price Large Cap Growth
 - Winslow Large Cap Growth

Firm Details

Sands Capital began managing client accounts on February 7, 1992. The firm was founded on the belief that a small, dedicated and professional investment group committed to, and focused on, a high quality growth investment strategy could create wealth for its clients over time and in a prudent fashion. The investment philosophy was developed and refined by Frank M. Sands, Sr., CFA; Chairman and Founder of Sands Capital, who entered the investment management industry in 1969. Today, this same approach to investing is led by the current Chief Executive Officer and Chief Investment Officer, Frank M. Sands, Jr. and a team of investment professionals all focused exclusively on growth-oriented investing. Sands Capital Management is 100 percent employee owned with majority ownership residing with the Sands family.

Firm Inception	1992
Team Location(s)	Arlington, Virginia
Firm Assets	\$68,622 (Millions)
Ownership Structure	100% Employee-owned

Investment Strategy

The Select Growth portfolio is concentrated and conviction-weighted; it is primarily U.S. focused and typically consists of what management believes are the 25-30 highest-quality, longest-duration growth companies they can find. Conviction in a company's strength of fit with Sand's six investment criteria, duration and sustainability of growth, the relative attractiveness of valuation, and their ability to trade in a company's security combine to drive their decision to own a company and its respective weight in the portfolio. The six "investment criteria" mentioned above includes: 1) sustainable above-average earning growth; 2) leadership position in a promising business space; 3) significant competitive advantages/unique business franchise; 4) clear mission and value-added focus; 5) financial strength; and 6) rational valuation relative to the market and business prospects. Strategically, the portfolio is a conviction-weighted stack rank of businesses, meaning the largest weights in the portfolio go to the stocks they have the most conviction behind. Typically the top 10 names constitute more than 50% of the portfolio.

Strategy Assets

Investment Thesis

Sands Capital maintains a single growth-oriented investment philosophy that has been applied across the firm for over two decades. Their philosophy is rooted in the belief that over time common stock price appreciation follows the earnings power and growth of the underlying business. They act on this belief by: 1) identifying high-quality, wealth-creating growth businesses using a fundamental, business-focused research approach; 2) constructing concentrated and conviction-weighted portfolios; maintaining a long-term investment horizon. Because Sands Capital's Select Growth strategy is concentrated and conviction-weighted, the portfolio has a great deal of tracking error and volatility. However, when viewed through longer time frames, the strategy has historically outperformed the Russell 1000 Growth index. This strategy is a good supplement for investors with a higher risk tolerance and are comfortable with portfolio fluctuations.

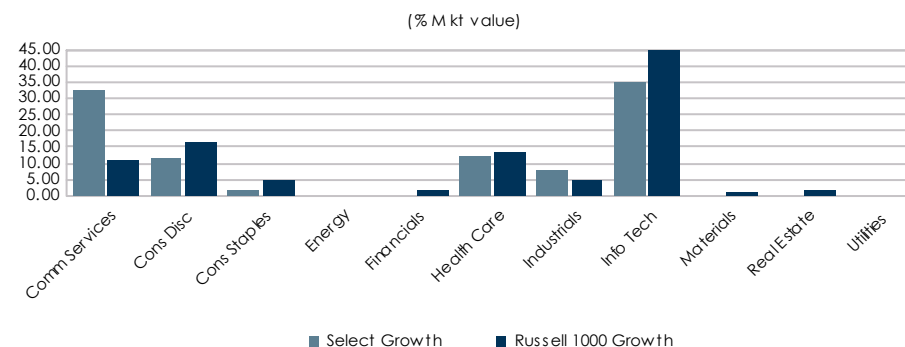

Market Cap

Commentary

The Sands Select Growth composite outperformed its Russell 1000 Growth by approximately 660 bps in the fourth quarter of 2020. This quarter was a continuation of the strategy's success in 2020, finishing the year ahead of the benchmark by nearly 33% in an environment favorable for growth style investing. Sands' investment approach results in a portfolio of high-earnings growth companies, many of which benefited from the COVID-19 shutdowns and work-from-home policies in place for much of 2020. At the end of the year, companies falling under the Communication Services and Information Technology sectors comprised nearly two-thirds of the portfolio. Following the 72% absolute return in 2020, the strategy has delivered solid outperformance over longer time frames, generating annualized +1,220 and +465 over three- and five-year periods, respectively.

Large Cap Growth

For the Period Ending December 31, 2020

Firm Details

T. Rowe Price is one of the leading providers of investment management services in the United States. The firm offers a broad range of institutional separate account investment strategies among various asset categories and specialty products, as well as over 85 mutual funds, both retail and institutional. In December, 2000, T. Rowe Price Associates reorganized its operations into a holding company structure through an exchange of shares. After the share exchange, all of the business and operations previously conducted by T. Rowe Price Associates and its subsidiaries were and continue to be conducted by entities within the T. Rowe Price Group. It is the long-term goal of the firm to grow in three major lines of business: institutional separate account management, defined contribution retirement plan management, and retail investment management.

Organization

Address	100 E Pratt Street Baltimore, Maryland 21202
Firm Inception	1937
Team Location(s)	Baltimore, Maryland
Firm Assets	\$1,470,500 (Millions)
Ownership Structure	100% Publicly-owned

Investment Strategy

The team constructs portfolios on the basis of identifying high-quality large-cap growth companies that they believe can generate real, double-digit earnings growth for a minimum of three years. As such, their primary emphasis is on company fundamentals, not the composition of the Russell 1000 Growth Index. They are cognizant of whether or not a potential holding is in the index and of its weighting. However, position size is a function of their conviction in a company's ability to deliver long-term, double-digit growth. Individual security weights generally range from 0.5% to 5% of total assets. For purposes of diversification and risk control, they usually do not invest more than 5% of portfolio assets in any one stock. Active position sizes typically range from +/- 1% to +/- 4% relative to the Russell 1000 Growth Index. Sector and industry weightings are a residual of their bottom-up stock selection process. In some instances, they may have a macro view that modestly influences sector and industry weightings, but that is a qualitative, not quantitative, judgment. For primary sectors in the Russell 1000 Growth Index (i.e., those weighted approximately 10% or higher), the portfolio's sector weights typically vary from 0.5X – 3X the index weight for purposes of diversification and risk control.

Strategy Assets

Investment Thesis

The Large Cap Growth portfolio management team consists of three managers: Larry Puglia, Joseph Fath, and Taymour Tamaddon. Each portfolio manager runs a Large Cap Growth strategy at T. Rowe Price with the major difference being the number of names in the portfolio. The Large Cap Growth strategy is run by Taymour and the Large Cap Growth strategy is the most concentrated of the three strategies with about 60-75 names at any one time. All three of the portfolio managers are extremely knowledgeable and know each name in the portfolio to the degree most analysts would know a name. This is largely because each of the three portfolio managers used to be an analyst and were then promoted to portfolio manager because of their strong analytical talents. Furthermore, T. Rowe Price maintains a large team of skilled sector analysts which provide additional analytical resources for the portfolio managers. The Large Cap Growth Stock Strategy effectively capitalizes on the combined abilities of each of these sector teams as well as a strong portfolio manager leadership to create a portfolio of what they feel are the best large cap growth names for the long term.

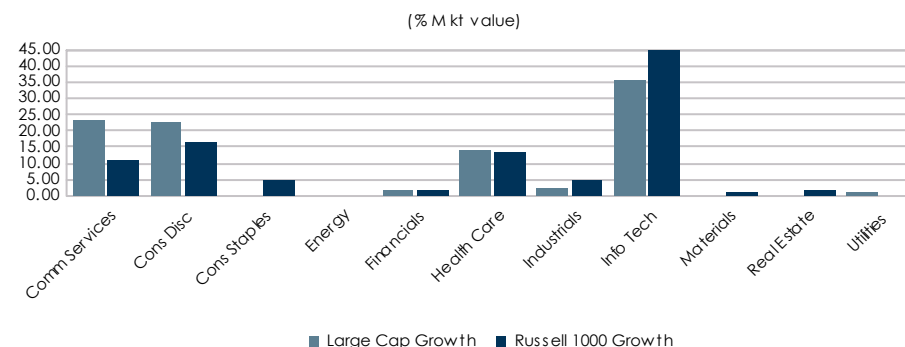

Market Cap

Commentary

The T. Rowe Price Large Cap Growth composite outperformed its Russell 1000 Growth benchmark by 144 bps (12.83% vs. 11.39%) in the fourth quarter of 2020. Information Technology was the largest detractor from relative performance, as the portfolio's underweight allocation to the sector and negative stock selection effects were headwinds. Exposure within Communication Services drove outperformance for the quarter, as the strategy's outsized allocation to the sector and positive stock picks contributed roughly 150 bps in positive relative return. At the end of the quarter, over 90% of the portfolio's assets were allocated to growth-oriented sectors, such as Communication Services, Health Care, Information Technology, and Consumer Discretionary. The strategy has added value over longer annualized periods, generating +90 bps and +120 bps over three- and five-year periods, respectively.

Large Cap Growth

For the Period Ending December 31, 2020

Firm Details

Winslow Capital Management was founded in June, 1992 to provide growth equity management to institutional clients. The firm's sole office is located in Minneapolis, Minnesota. Winslow Capital is a wholly owned subsidiary of Nuveen WCM Holdings, LLC, which is a wholly owned subsidiary of Nuveen. Nuveen is an indirect subsidiary of TIAA (Teachers Insurance and Annuity Association of America), a leading financial services provider. Winslow Capital continues to be largely independent in regards to investment and personnel decisions while leveraging the deep resources of Nuveen for compliance, human resources, and distribution.

Ownership Structure	Wholly-owned subsidiary of Nuveen Investments, Inc.

Investment Strategy

The Large Cap Growth team believes that investing in quality large cap companies with above-average earnings growth provides the best opportunity for achieving superior portfolio returns over the long term. Valuation relative to estimated earnings growth rate is also important in selecting a stock. The team invests in companies they believe can deliver future annual earnings growth of at least 12% with a rising return on invested capital. The process begins with a screen on the Russell 1000 Index to identify companies with solid revenue and earnings growth, return on invested capital, earnings consistency, earnings revisions, low financial leverage and high free cash flow rates relative to net income. This process narrows the investable universe to approximately 300 companies. From here, the team completes a more thorough qualitative analysis where competitive advantage and return on invested capital is emphasized in determining whether the company meets the team's definition of a high-quality company. This narrows the list to approximately 100 companies that are actively analyzed. Detailed review of income statements, cash flow and balance sheet projections yield a portfolio that is constructed with 55 to 65 of these names.

Strategy Assets

Investment Thesis

As the only strategy that Winslow manages, the large cap growth portfolio has the investment team's full dedication. Overseen by CIO and founder Clark Winslow, portfolio managers Justin Kelly and Patrick Burton, who have led the strategy together for over ten years, are supported by a growing team of sector-specific analysts. The team has, over time, applied a consistent philosophy and process during all market cycles. Since inception performance has been very strong, and this product consistently ranks in the upper half versus peers. We expect this strategy to continue to perform well across many different market cycles.

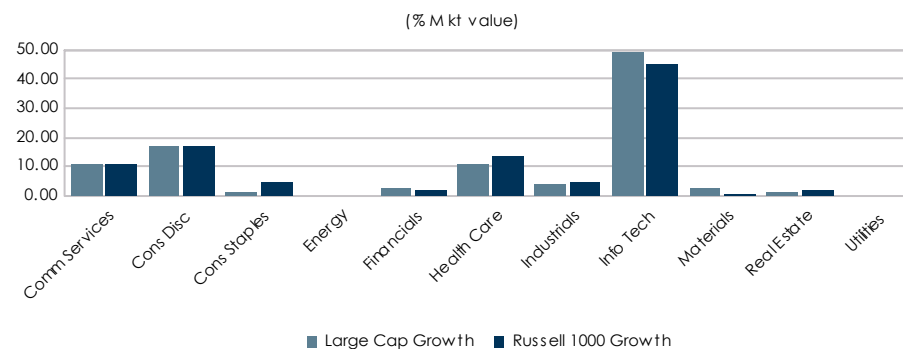

Market Cap

Commentary

Winslow's Large Cap Growth strategy lagged its Russell 1000 Growth benchmark by 181 bps (+9.58% vs. +11.39%) in the fourth quarter of 2020. Holdings within Information Technology and Consumer Discretionary were primarily responsible for the portfolio's underperformance again this quarter, similar to 3Q, as the portfolio underweighted large, outperforming stocks within each sector. Relative performance missed slightly in 2020 with a strong absolute return (+38.31% vs +38.49%) and annualized active returns are mixed at +183 bps and -37 bps over 3- and 5-year periods, respectively.

Disclosures and Legal Notice

The views expressed herein are those of Asset Consulting Group (ACG). They are subject to change at any time. These views do not necessarily reflect the opinions of any other firm.

This report was prepared by ACG for you at your request. Although the information presented herein has been obtained from and is based upon sources ACG believes to be reliable, no representation or warranty, express or implied, is made as to the accuracy or completeness of that information. Accordingly, ACG does not itself endorse or guarantee, and does not itself assume liability whatsoever for, the accuracy or reliability of any third party data or the financial information contained herein.

Certain information herein constitutes forward-looking statements, which can be identified by the use of terms such as "may", "will", "expect", "anticipate", "project", "estimate", or any variations thereof. As a result of various uncertainties and actual events, including those discussed herein, actual results or performance of a particular investment strategy may differ materially from those reflected or contemplated in such forward-looking statements. As a result, you should not rely on such forward-looking statements in making investment decisions. ACG has no duty to update or amend such forward-looking statements.

The information presented herein is for informational purposes only and is not intended as an offer to sell or the solicitation of an offer to purchase a security.

Please be aware that there are inherent limitations to all financial models, including Monte Carlo Simulations. Monte Carlo Simulations are a tool used to analyze a range of possible outcomes and assist in making educated asset allocation decisions. Monte Carlo Simulations cannot predict the future or eliminate investment risk. The output of the Monte Carlo Simulation is based on ACG's capital market assumptions that are derived from proprietary models based upon well-recognized financial principles and reasonable estimates about relevant future market conditions. Capital market assumptions based on other models or different estimates may yield different results. ACG expressly disclaims any responsibility for (i) the accuracy of the simulated probability distributions or the assumptions used in deriving the probability distributions, (ii) any errors or omissions in computing or disseminating the probability distributions and (iii) and any reliance on or uses to which the probability distributions are put.

The projections or other information generated by ACG regarding the likelihood of various investment outcomes are hypothetical in nature, do not reflect actual investment results and are not guarantees of future results. Judgments and approximations are a necessary and integral part of constructing projected returns. Any estimate of what could have been an investment strategy's performance is likely to differ from what the strategy would actually have yielded had it been in existence during the relevant period. The source and use of data and the arithmetic operations used for calculating projected returns may be incorrect, inappropriate, flawed or otherwise deficient.

Past performance is not indicative of future results. Given the inherent volatility of the securities markets, you should not assume that your investments will experience returns comparable to those shown in the analysis contained in this report. For example, market and economic conditions may change in the future producing materially different results than those shown included in the analysis contained in this report. Any comparison to an index is for comparative purposes only. An investment cannot be made directly into an index. Indices are unmanaged and do not reflect the deduction of advisory fees.

This report is distributed with the understanding that it is not rendering accounting, legal or tax advice. Please consult your legal or tax advisor concerning such matters. No assurance can be given that the investment objectives described herein will be achieved and investment results may vary substantially on a quarterly, annual or other periodic basis. There is no representation or warranty as to the current accuracy of, nor liability for, decisions based on such information.

Oklahoma Municipal Retirement Fund

ACTUARIAL VALUATION OF FUNDING REQUIREMENTS

**Effective for the Year Starting
July 1, 2021**

March 26, 2021

Prepared by

DEAN ACTUARIES, LLC

6440 N CENTRAL EXPRESSWAY, SUITE 720
DALLAS, TX 75206
(214) 891-0990

Certification

This report presents the actuarial position of the member plans of the Oklahoma Municipal Retirement Fund as of July 1, 2020, in accordance with generally accepted actuarial principles applied on a basis consistent with the preceding valuation. The purpose of the valuation is to determine the required contribution for the retirement program effective July 1, 2021.

The valuation results in this report are based on participant data provided by the member employers and financial data provided by the Oklahoma Municipal Retirement Fund.

In our opinion, each assumption used in combination to calculate liabilities and costs represents our best estimate of anticipated experience under the plan and is reasonably related to the plan experience and to reasonable expectations.

- E** Summary of Plan Provisions and Actuarial Method and Assumptions
- F** Summary of Plan Participants

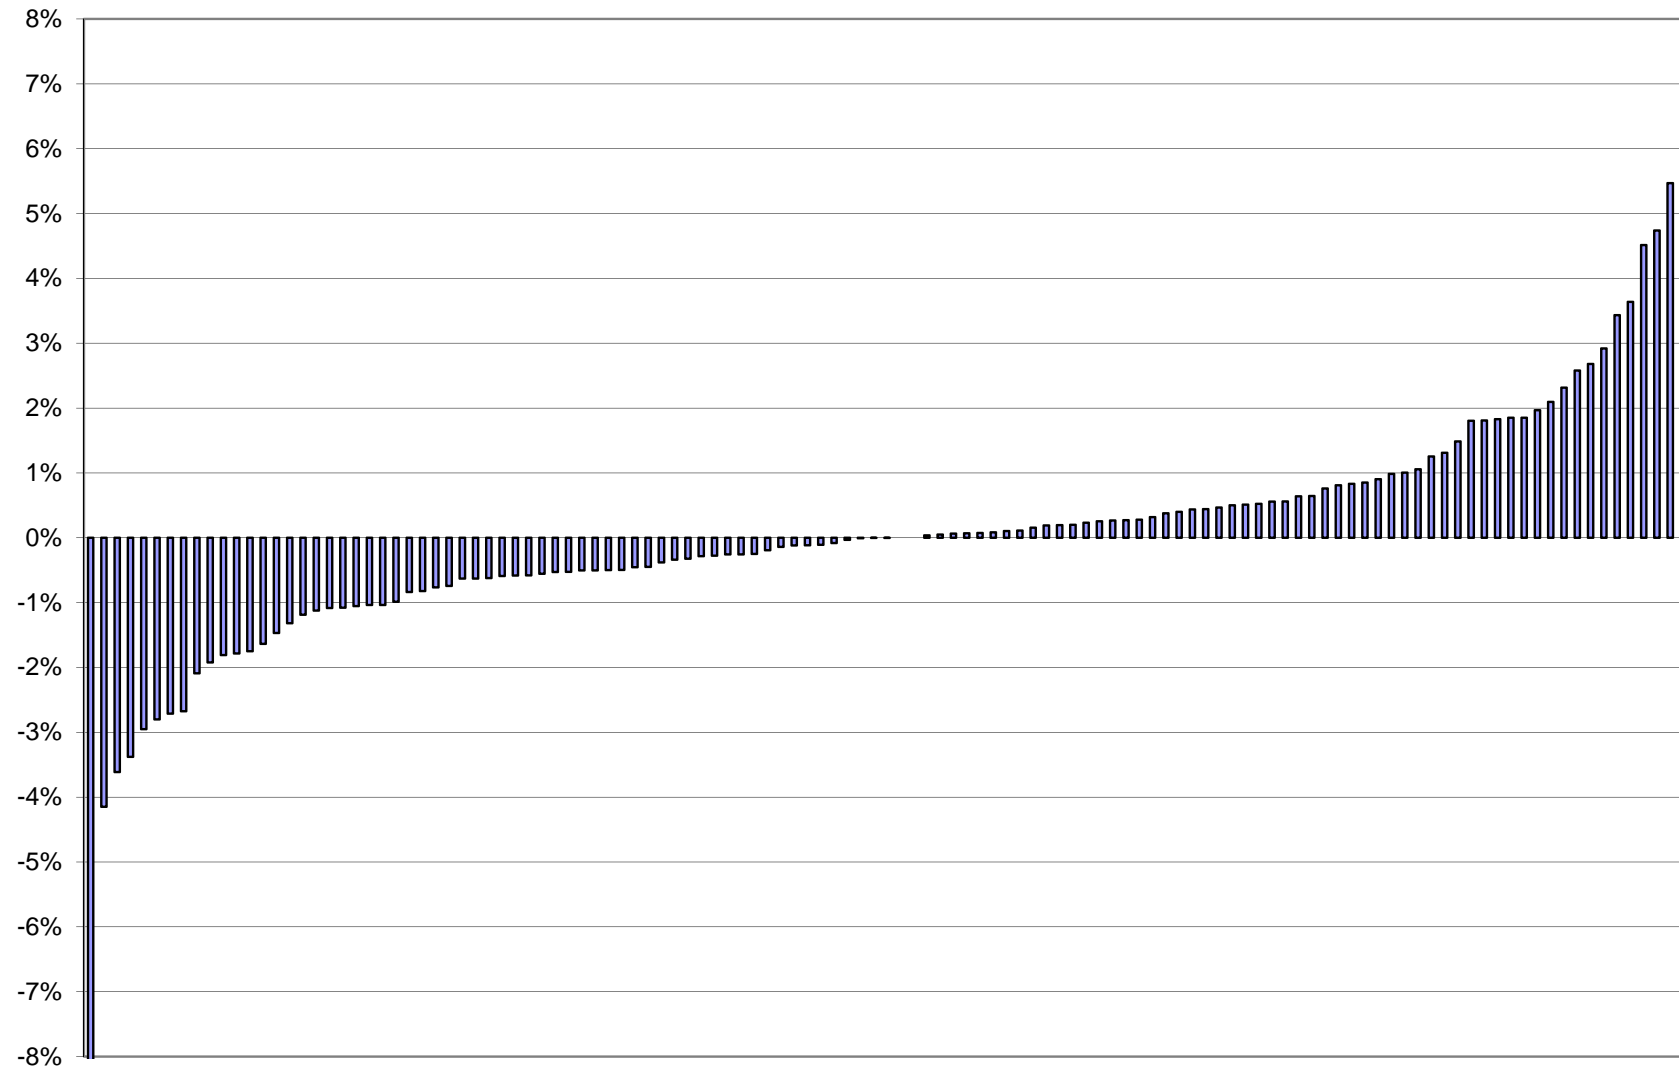

A Comparison of Required Contribution Rates

The exhibit in this section shows the required contribution rates determined by the July 1, 2020 actuarial valuation. These rates will be in effect from July 1, 2021 through June 30, 2022. The following information is presented for each city:

- Whether the plan has an unfunded actuarial liability or a surplus (*UAL or Surplus*). In general, the unfunded actuarial accrued liability is amortized as a level dollar amount over a fixed 30-year period; this amount is then added to the normal cost to determine the total annual cost. For plans that have a surplus, the total annual cost is the normal cost reduced by interest on the surplus.
- The *total rate*. This is the aggregate contribution rate determined under the July 1, 2020 valuation for each plan. The total rate is generally equal to the total annual cost as a percentage of covered payroll, but not less than the employee contribution rate. If employees make hybrid contributions, the hybrid contribution rate is added to the total rate. The rate determined under the July 1, 2019 valuation is also shown for comparison.
- The *employee rate*. This rate, determined by plan provisions, is the percent of pay to be contributed to the plan by employees for the 2021-2022 plan year, and is equal to the employee contribution rate plus the hybrid contribution rate. The employer rate is generally determined by subtracting the employee contribution rate from the total rate. If the employee contribution rate actually exceeds the total annual cost because of favorable plan experience in the past (that is, investment performance better than assumed, or demographic changes more favorable than assumed), then the required employer contribution rate is 0.00%.
- A brief summary of the *plan provisions* elected in the adoption agreement. See Section E for a more detailed description of the plan provisions of the OkMRF Master Plan.
- Those cities which have upgraded the plan level or changed another fundamental plan provision since the prior valuation are indicated in the final column.

B Comparison of Plan Assets and Obligations

The exhibit in this section shows the plan assets and obligations as of July 1, 2020, disclosure information formerly required under GASB 50 for information purposes only, and the number of active and nonactive participants. The following is presented for each plan with active participants:

- The *cost method* used for the plan. The entry age normal (EAN) cost method is used for all plans except Bartlesville, which uses the unit credit (UC) cost method. See Section E for a further description of the actuarial cost methods.
- The *valuation assets*. The valuation assets are generally the actuarial value of assets. For hybrid plans, however, the employee hybrid account balances are subtracted from the actuarial value of assets to determine the valuation assets. See Section D for the development of the actuarial value of assets.
- The *valuation payroll*. This is the total compensation paid in fiscal year 2020 to employees who were active participants on July 1, 2020. Pay for employees who worked less than a full year in fiscal 2020 is annualized in determining valuation payroll.
- The *present value of benefits (PVB)*. This is the total of all future benefits expected to be paid to plan participants as of July 1, 2020, discounted to the valuation date at the assumed rate of return (7.25% for all plans). The PVB is shown separately for active and nonactive participants.
- The *actuarial accrued liability (AAL)*. This amount is the liability for benefits attributable to past service under the cost method used for determining the required contribution rate.
- The *unfunded actuarial accrued liability (UAAL)*. This amount is the excess of the actuarial accrued liability over the valuation assets. If the assets exceed the actuarial accrued liability, the surplus is reported as a negative unfunded liability.
- The *funded ratio* is the valuation assets as a percent of the actuarial accrued liability.
- The *unfunded UAAL as % of val pay* is the unfunded actuarial accrued liability as a percent of valuation payroll.
- The number of *active and nonactive participants* included in the valuation. See Section F for more details on the participants included in the valuation.
- The *accumulated benefit obligation (ABO)*. This is the total of all benefits actually accrued under the plan as of July 1, 2020, discounted to the valuation date at the assumed rate of return (7.25% for all plans).

C Funded Status of Plans with No Further Benefit Accruals

There are 7 plans that no longer have employees accruing benefits under the plan, but still have assets in the OkMRF Master Trust for paying benefits to nonactive participants. The following pages show key financial information for each of these plans:

- The number of participants due benefits from the Trust, both in total and by category. The participant categories are active employees with frozen benefits, retirees receiving benefits, beneficiaries of deceased participants entitled to benefits, participants receiving disability benefits, vested participants entitled to future benefits, and nonvested participants entitled only to a refund of their employee contributions with interest. See Section F for more details on the participants included in the valuation.
- The *present value of benefits*. This is the total of all future benefits expected to be paid to plan participants as of July 1, 2020, discounted to the valuation date at the assumed rate of return (7.25%). The present value of benefits is shown separately by participant category.
- The *market value of assets*. Assets for cities with no active participants accruing benefits are valued at fair market value. See Section D for more detail on the trust fund activity during fiscal 2020.
- The *deficiency (surplus)*. This is the excess of the plan obligations, measured as the present value of benefits, over the market value of assets. If the assets exceed the obligations, the surplus is reported as a negative amount.
- The *funded percentage*. This is the market value of assets as a percent of the plan obligations.
- The *plan funding requirement*. If plan obligations exceed assets, the annual payment required to amortize the deficiency over a specified number of years is reported.

Employee Retirement System of Tecumseh, Oklahoma**

FUNDED STATUS OF THE PLAN AS OF JULY 1, 2020

	<u>Count</u>	<u>Present Value of Benefits</u>
Employees with frozen benefits	0	\$0
Retirees	3	90,297
Survivors	0	0
Disabled	2	38,247
Deferred Vested	1	172
Nonvested (refunds due)	<u>21</u>	<u>32,854</u>
Totals	27	\$161,570
Market Value of Assets		\$128,828
Deficiency (Surplus)		\$32,742
Funded Percentage		80%

Plan assets are not currently sufficient.

Plan Funding Requirement

Annual contribution payable for 2 years commencing July 1, 2021 sufficient to amortize the funding deficiency	\$18,172
--	-----------------

Actuarial Basis

Interest rate	7.25% per annum
Mortality	PubG-2010 (projected)
Cost of Living Adjustments	none
Retirement Age for Deferred Vested	65

D Development of the Actuarial Value of Assets

This section shows the development of the actuarial value of assets as of July 1, 2020.

For pension plans with active participants accruing benefits, the actuarial value of assets is related to market value, but smoothed to reduce the volatility of contribution requirements. The market value of plan assets is compared to the expected value based on the prior year market value to determine the investment gain or loss for the year. This gain or loss is then recognized ratably over a 5-year period beginning with the year ending on that valuation date.

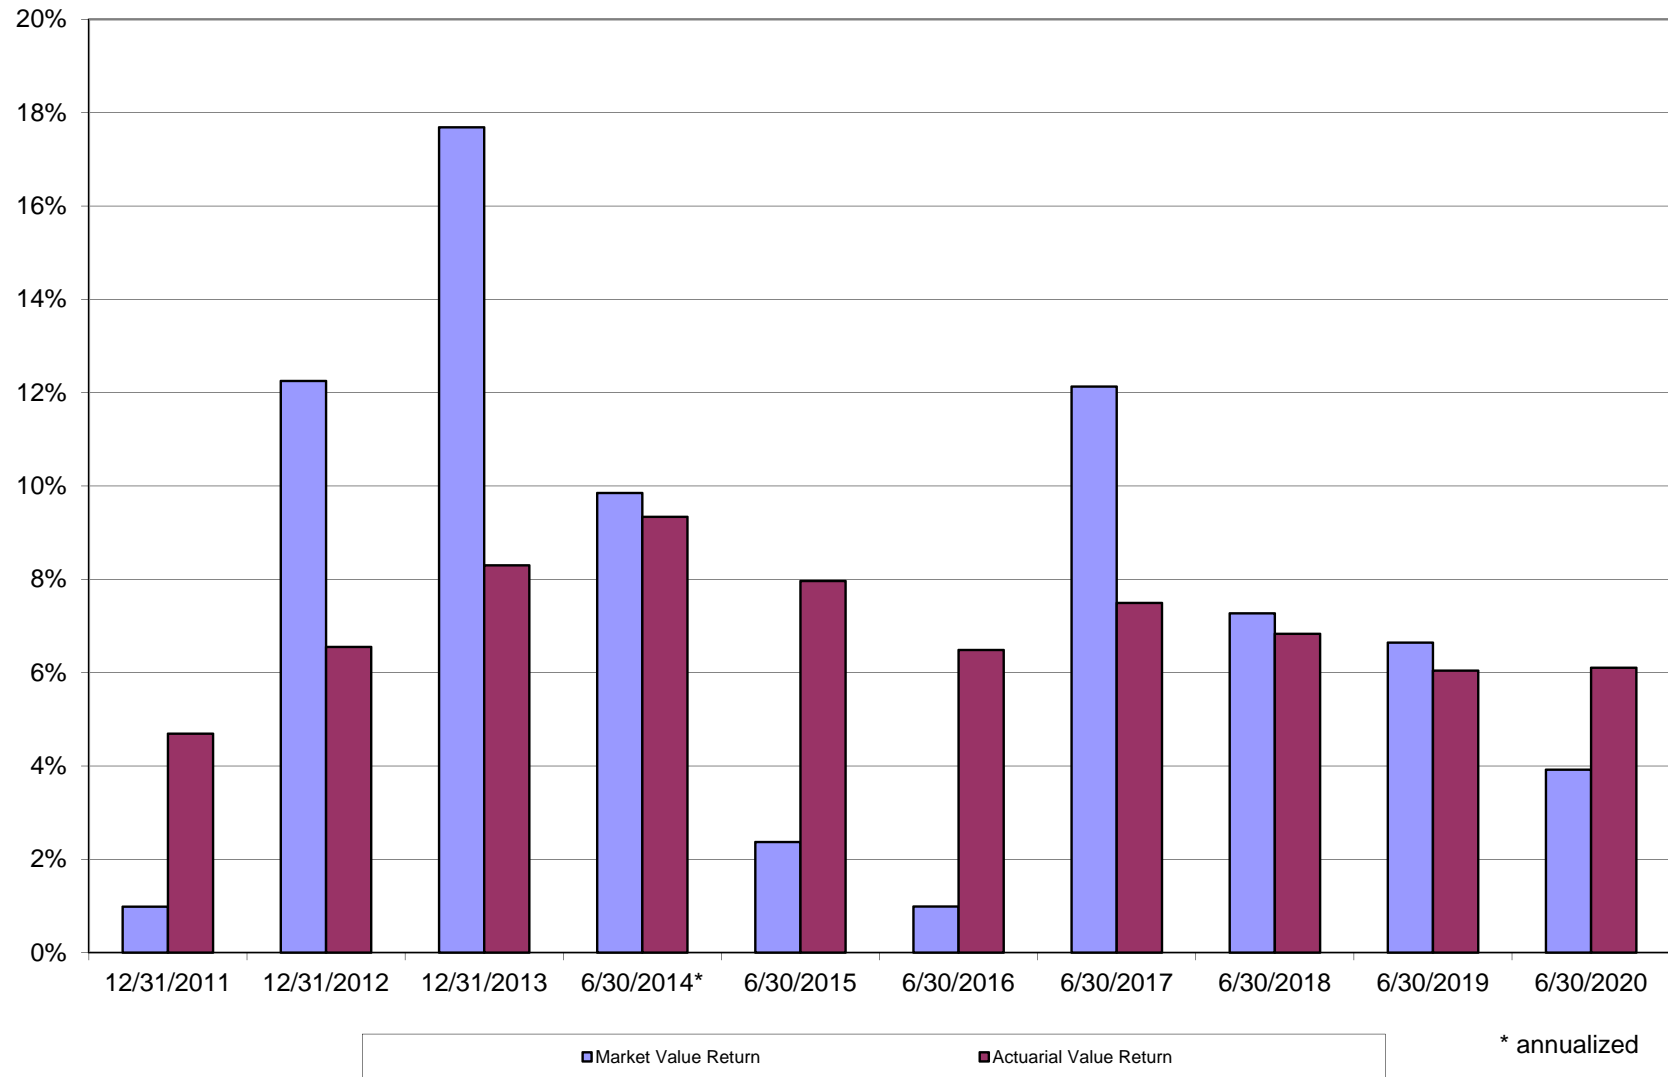

The actuarial value of assets is equal to the market value of assets, plus any unrecognized investment losses (or minus any unrecognized investment gains), subject to a 30% corridor. If the actuarial asset value would otherwise be outside this 30% corridor, it is instead equal to the relevant corridor limit.

For pension plans with no active participants accruing benefits, and for all retiree medical plans, the actuarial value of assets is equal to the current market value. All investment gains and losses are fully recognized on the valuation date.

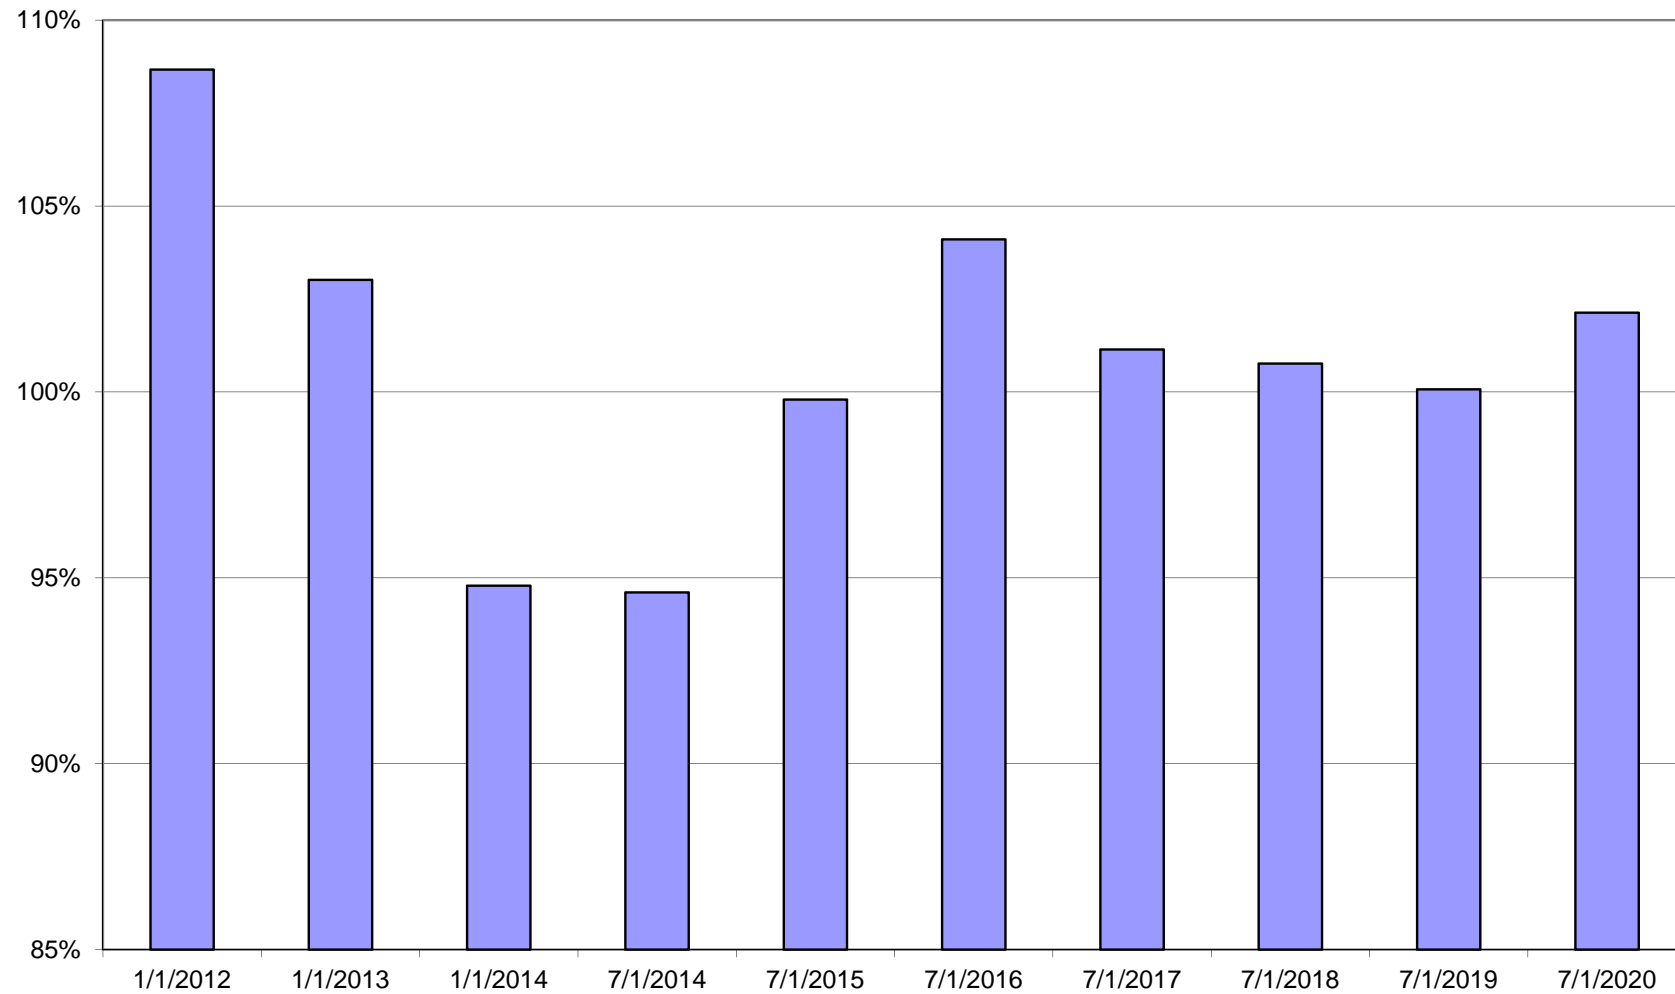

For most plans, the actuarial value of assets also serves as the valuation assets. In a hybrid plan, however, hybrid contributions are used to provide additional benefits, and these amounts are not available to pay the regular retirement benefits. For plans that have adopted the hybrid provision, therefore, the total value of the employee hybrid accounts (accumulated hybrid contributions with earnings) is subtracted from the actuarial value of assets to determine valuation assets.

Oklahoma Municipal Retirement Fund

Historical Return on Plan Assets

Actuarial Value of Assets as Percent of Market Value

E Summary of Plan Provisions and Actuarial Method and Assumptions

This section outlines the plan provisions and actuarial method and assumptions used in the valuation.

The first exhibit outlines the provisions of the OkMRF Master Plan. The second exhibit outlines the provisions for the City of Bartlesville, which has not adopted the OkMRF Master Plan.

The following exhibits outline the two actuarial methods used to value plan obligations: the entry age normal cost method and the unit credit cost method. See Section D for a description of the actuarial methods used to value assets.

The final exhibit in this section presents the actuarial assumptions.

Oklahoma Municipal Retirement Fund

Summary of Plan Provisions

Eligibility	All regular, full-time employees of a participating employer except police, firefighters and other employees covered under a state system. Cities may elect to cover part-time employees.
Probationary period	Participation may begin immediately, or may commence after completion of a probationary period, as specified in the adoption agreement.
Service	
Credited service	The last period of continuous employment with the employer excluding any periods before the effective date of the plan specified in the adoption agreement. Cities may elect to limit the maximum service credited. Employees of Collinsville may receive additional credit for unused sick leave.
Vesting	Credited service plus transferred service from other OkMRF employers.
Employee contributions	<p>As specified in the adoption agreement. The options that may be elected are the standard contribution rate, a fixed amount which is less than the standard contribution rate, a fixed percentage of the total contribution rate determined each year (but not in excess of the standard contribution rate), or no employee contributions. The standard contribution rates are:</p> <ul style="list-style-type: none">- Plan AAA 6.00%- Plan AA 5.25%- Plan BB 4.50%- Plan CC 3.75%- Plan A 3.00%- Plan B 2.25%- Plan C 1.50%
Service requirement for benefit eligibility	5, 7 or 10 years of vesting service, as specified in the adoption agreement.
Final Average Compensation	The average of the five highest consecutive annual salaries out to the last 10 calendar years of service.
Accrued Benefit	<p>The percentage of final average compensation specified in the adoption agreement, multiplied by the number of years of credited service. The percentages that may be elected are:</p> <ul style="list-style-type: none">- Plan AAA 3.000%- Plan AA 2.625%- Plan BB 2.250%- Plan CC 1.875%- Plan A 1.500%- Plan B 1.125%- Plan C 0.750%

Oklahoma Municipal Retirement Fund

Summary of Plan Provisions

Normal Retirement Age

Age 65 with service requirement fulfilled.

If specified in the adoption agreement, normal retirement age for an employee with 30 years of vesting service may be as early as age 62.

Also if specified in the adoption agreement, normal retirement age may be as early as 55 when the sum of an employee's age in years and number of years of credited service equals 80 or more, as provided under the Rule of 80 alternative.

Four cities have adopted special retirement provisions not provided in the standard adoption agreements:

- For employees of Cushing, normal retirement age is 60 with 10 years of service.
- Normal retirement age for an employee of Altus with 25 years of vesting service may be as early as age 62.
- For employees of Warr Acres hired before July 1, 2011, normal retirement age may be as early as 55 when the sum of an employee's age in years and number of years of credited service equals 75 or more.
- For employees of Del City hired before July 1, 2020, normal retirement age is 60 with 7 years of service, or as early as age 55 with 20 years of vesting service.

Normal Retirement

Eligibility

Termination of employment on or after normal retirement age.

Benefit

The accrued benefit payable immediately.

Early Retirement

Eligibility

Termination after age 55 with service requirement fulfilled.

Benefit

The accrued benefit payable starting at normal retirement age, or an actuarially reduced benefit starting at early retirement age.

Disability Retirement

Eligibility

Total and permanent disability.

Benefit

The accrued benefit is payable upon disablement without reduction for early payment.

Termination of Service

Before vesting

Return of member contributions with interest.

After vesting

The accrued benefit payable starting at normal retirement age, or an actuarially reduced benefit starting at early retirement age.

Oklahoma Municipal Retirement Fund

Summary of Plan Provisions

In-service Death

Before vesting	Return of member contributions with interest.
After vesting (married participants only)	50% of the accrued benefit is payable to the spouse until death or remarriage. For employees of Bethany, this benefit is payable for life with 10 years certain.
After vesting (other participants)	50% of the accrued benefit is payable to the designated beneficiary for 60 or 120 months, as specified in the adoption agreement.

Payment Options

Normal form	The normal form of payment of the accrued benefit is a monthly lifetime annuity with 5 or 10 years certain, as specified in the adoption agreement.
Optional forms	Other annuity forms available on an actuarial equivalent basis are: <ul style="list-style-type: none">- Joint and 50% survivor annuity- Joint and 66-2/3rds last survivor annuity (no longer allowed for employees of Chickasha)- Joint and 100% survivor annuity- If specified in the adoption agreement (with or without restrictions), a single lump sum payment

Cost of Living Option

If specified in the adoption agreement, benefits in payment status are adjusted each July 1st based on the percentage change in the CPI. The maximum increase in any year is 3%. For prior plan participants of Skiatook, the increase is 3% per year, regardless of the change in CPI.

Hybrid Option

If specified in the adoption agreement, any employee contributions designated as hybrid contributions are accumulated at the actual rate earned by the retirement fund and paid to the employee upon retirement in addition to the formula amount.

DROP Feature

If specified in the adoption agreement, after reaching age 65, an employee may start their pension, accumulating the payments with earnings as specified in the adoption agreement. This amount, and subsequent monthly payments, are payable upon retirement within 5 years of such election.

**Employee Retirement System of
Bartlesville, Oklahoma**

SUMMARY OF PLAN PROVISIONS

Eligibility	All regular, full-time employees except police, firefighters and other employees who are covered under an approved system, who joined the plan before 1/1/2010.
Probationary period	<ul style="list-style-type: none">▪ Prior to 7/1/2006: 2 years.▪ On or after 7/1/2006: none.
Employee contributions	<ul style="list-style-type: none">▪ Prior to 7/1/2006: none.▪ On or after 7/1/2006, but before 1/1/2010: 3% of pay.▪ On or after 1/1/2010: 6% of pay.
Service	Participants receive service credit for benefit eligibility for all employment on or after joining the plan (subject to the plan's break in service rules), regardless of whether they opted out of the plan effective 1/1/2010.
Accrued Benefit	<p>The past service benefit plus the future service benefit:</p> <p><u>Past Service Benefit</u> is equal to</p> <p style="padding-left: 40px;">2.50% of base pay rate on 7/1/1978 times full years of service from hire to 7/1/1978.</p> <p style="padding-left: 40px;">Available only to employees whose participation in the plan began before 7/1/1978.</p> <p><u>Future Service Benefit</u> is equal to the sum of:</p> <p style="padding-left: 40px;">Accumulation of 2.50% of base pay rate in effect on each July 1 from 7/1/1978 through 7/1/2005. Benefit for a plan year is prorated if the employee does not complete the year.</p> <p style="padding-left: 40px;">Accumulation of 2.50% of actual compensation received during plan years beginning 7/1/2006 and after. Employees who opted out of the plan effective 1/1/2010 accumulate no benefits on compensation earned on or after 1/1/2010.</p>
Benefit Eligibility	
Normal Retirement	Age 65. Normal retirement date is first of the month on or after age 65 and completion of 7 years of service.
Early Retirement	Age 55 with 7 years of service, or meeting the Rule of 80.
Disability Retirement	Total and permanent disability with 7 or more years of service.
Vested Termination	7 years of service.
Nonvested Termination	Not eligible for any other benefit.

**Employee Retirement System Of
Bartlesville, Oklahoma**

SUMMARY OF PLAN PROVISIONS

Benefit Amount

Normal Retirement

The Accrued Benefit is payable as a life only annuity or another annuity option with actuarial reduction. An employee may elect to defer the start of this annuity.

Early Retirement

The Accrued Benefit is payable as a life only annuity starting at age 65. An employee may elect earlier payment as follows:

If age plus service equals 80 or more:
The full benefit unreduced.

If age plus service are less than 80:
Actuarially reduced (based on 6% interest and UP84 mortality).

Disability Retirement

The Accrued Benefit is payable during the period of disability up to age 65. An employee who becomes disabled after age 55 with less than 7 years of service is fully vested in the Accrued Benefit payable at age 65.

Termination

The accrued benefit payable at age 65, or at the participant's option, the actuarially reduced accrued benefit payable after age 55.

Nonvested Termination

Return of employee contributions with interest.

Death Benefits

Before vesting

Return of employee contributions with interest.

After vesting (married participants)

The surviving spouse receives 50% of the participant's accrued benefit for life or until remarriage.

After vesting (unmarried participants)

The beneficiary receives 120 monthly payments in the amount of 50% of the participant's accrued benefit at the time of death.

Payment Options

Disability retirement benefits are payable during the participant's lifetime only. Benefits cease when the participant reaches age 65, at which time the participant becomes entitled to a normal retirement benefit equal to the accrued benefit.

If a disabled participant recovers from disability prior to age 65, disability retirement benefits cease. The participant is then entitled to the accrued benefit as a termination benefit.

Normal retirement, early retirement, and termination benefits may be received either as a life annuity, or an actuarially equivalent benefit under one of the following forms:

1. Life with 5, 10, 15 or 20 years certain
2. Joint and 100% survivor annuity (spouse only)
3. Joint and 100% survivor annuity with 5, 10 or 15 years certain.

Actuarial equivalency based on 6% interest, UP84 mortality.

Oklahoma Municipal Retirement Fund

SUMMARY OF THE ACTUARIAL COST METHOD

(Entry Age Normal)

Pension funding requirements are allocated to periods of time using the entry age normal cost method. Assets and liabilities reflect only benefits payable from the OkMRF Trust.

Under the entry age normal cost method, the normal cost is computed as the level percent of pay which, if paid from the time an employee became a participant until assumed retirement, would accumulate to a fund sufficient to pay all plan benefits.

The actuarial liability for active participants is the hypothetical accumulation with interest of prior normal costs less payments, from the employee's date of participation to present.

The actuarial liability for non-active participants is the present value of future benefits anticipated to be paid to current retirees, beneficiaries and deferred vested participants, discounted for interest and mortality, plus the accumulated employee contributions with interest for non-vested terminated participants.

The unfunded actuarial liability (UAL) is the excess of the total actuarial liability for active and non-active participants, over the actuarial value of plan assets. This amount (redetermined each year) is amortized as a level dollar amount over 30 years from the amortization base date. The amortization base date was initially set as 7/1/2013, or if later, the first amortization date after joining OkMRF. Because of significant differences in implementing the first-ever mortality study specific to public pension plans, the initial amortization base date was reset to 7/1/2020 for all plans. We do not anticipate resetting the amortization base again, except as described in the last paragraph in this exhibit. Experience gains (decreases in cost due to favorable experience), or experience losses (increases in cost due to adverse experience), attributable to deviations between the assumed and actual experience of the Plan, are amortized as part of the UAL.

The total annual cost for the year is the normal cost plus the amortization amount. This total cost is expressed as a percent of covered payroll to determine the total required contribution rate, which is then separated into the employee-paid and municipality-paid portions as specified in the adoption agreement.

If assets exceed the actuarial liability, the total annual cost for the year is the normal cost minus interest on the surplus assets. If the surplus subsequently is exhausted, either through changes in plan provisions or adverse experience, a new 30-year amortization base date is established as the contribution effective date for the first valuation when the plan again has an unfunded actuarial liability.

Oklahoma Municipal Retirement Fund

SUMMARY OF THE ACTUARIAL COST METHOD

(Unit Credit)

Pension funding requirements are allocated to periods of time using the unit credit cost method.

Under the unit credit cost method, the normal cost is computed as the present value of the increase in accrued retirement income for each employee's service during the following year.

The actuarial liability of the plan is the present value of the accrued retirement income earned to date. Present values are discounted for interest, mortality, turnover, and retirement rates by age.

The actuarial liability for non-active participants is the present value of future benefits anticipated to be paid to current retirees, beneficiaries and deferred vested participants, discounted for interest and mortality.

The unfunded actuarial liability (UAL) is the excess of the total actuarial liability for active and non-active participants, over the actuarial value of plan assets. This amount (redetermined each year) is amortized as a level dollar amount over 30 years from the amortization base date. The amortization base date is the 2010 valuation date. Experience gains (decreases in cost due to favorable experience), or experience losses (increases in cost due to adverse experience), attributable to deviations between the assumed and actual experience of the Plan, are amortized as part of the UAL.

The total annual cost for the year is the normal cost plus the amortization amount. This total cost is expressed as a percent of covered payroll to determine the total required contribution rate, which is then separated into the employee-paid and municipality-paid portions as specified in the plan document.

If assets exceed the actuarial liability, the total annual cost for the year is the normal cost minus interest on the surplus assets. If the surplus subsequently is exhausted, either through changes in plan provisions or adverse experience, a new 30-year amortization base date is established at the first valuation date when the plan again has an unfunded actuarial liability.

F Summary of Plan Participants

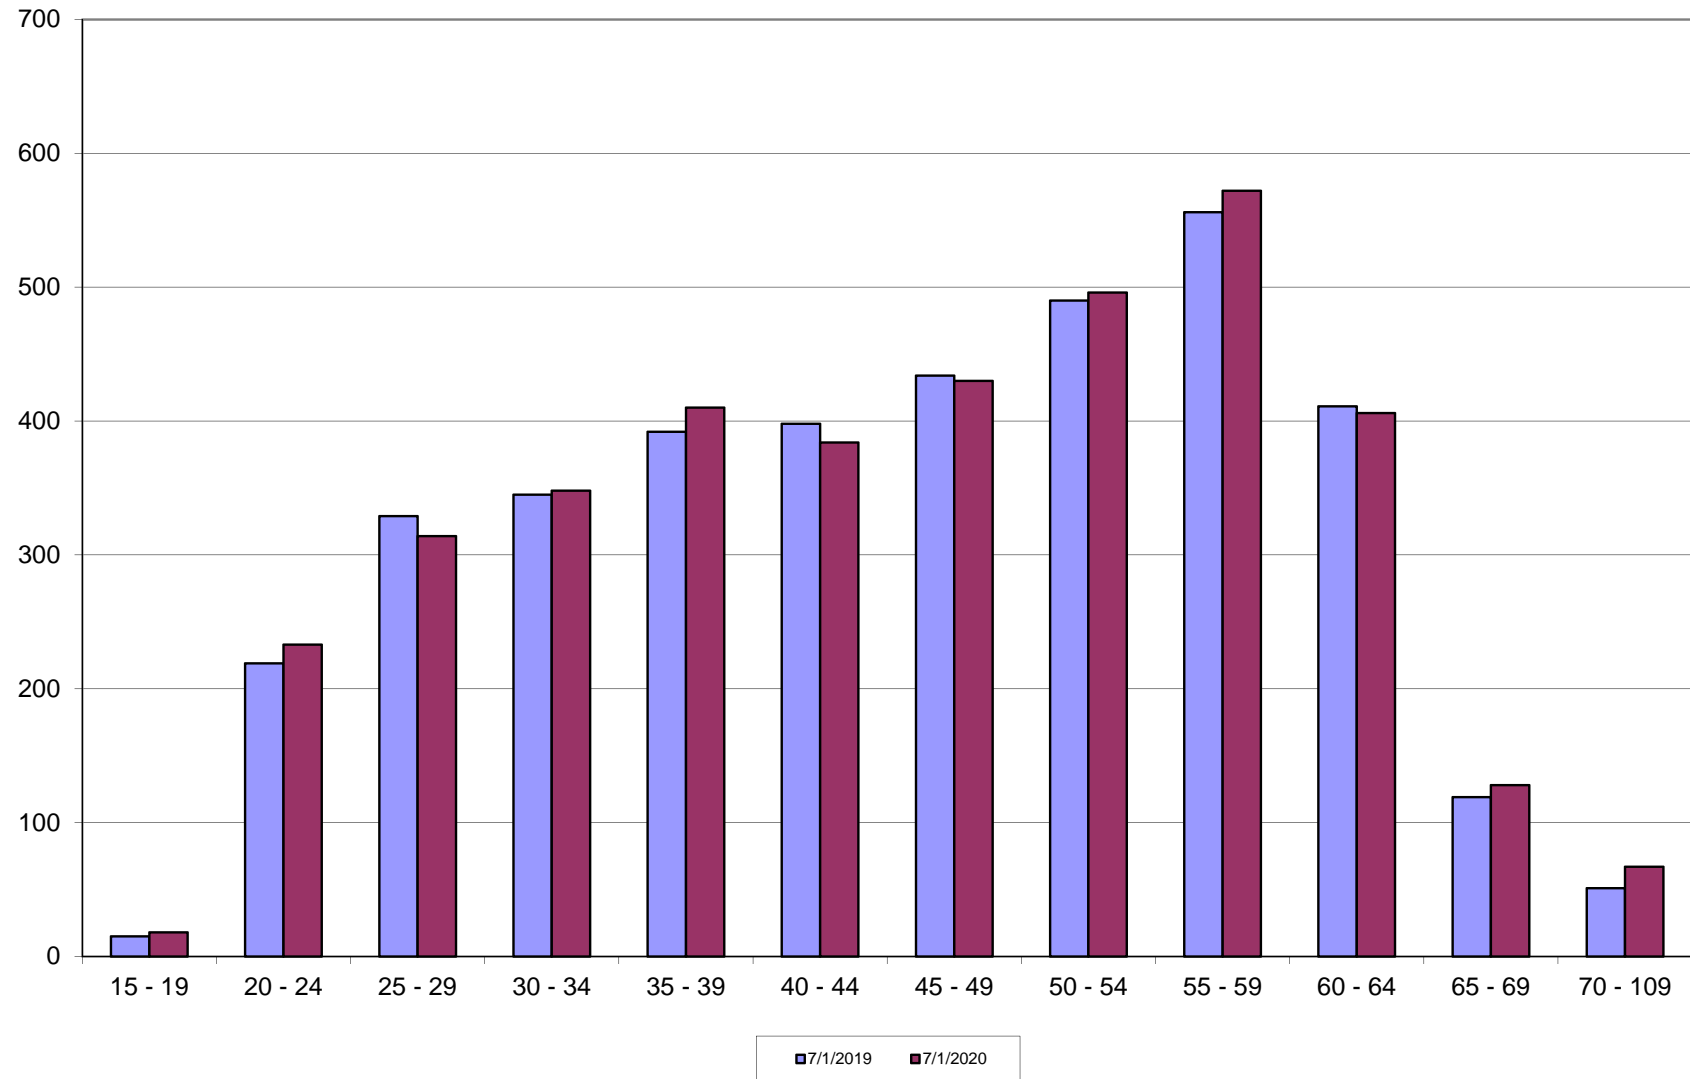

The first three exhibits in this section depict the age and service distribution for active participants as of July 1, 2020 (OkMRF Master Trust in total). The City of Bartlesville is included in the count although it has not adopted the OkMRF master plan. Exhibits F1 and F2 show the July 1, 2019 distributions for comparison, while Exhibit F3 shows more detail on the current year's distribution, including average pay.

The last three exhibits in this section depict the age distribution and average benefit for nonactive participant as of July 1, 2020 (OkMRF Master Trust in total). Again, participants in the City of Bartlesville plan are included. Exhibit F4 breaks down the distribution by each category of nonactive participants, while Exhibit F5 shows the July 1, 2019 distributions for comparison. Exhibit F6 shows more detail on the current year's distribution, including average benefit.

Participants in retiree medical plans are not separately identified.
