2. Review of 2021-2022 Budget

Cox described the various columns on the budget schedules. Each category was reviewed in detail and discussed as follows:

Actuary & Recordkeeping: Up \$60,600 main contributing factors for change:

- More anticipated PAS and DC programming needs from Dean Actuaries, LLC.
- Anticipated 7.25% growth on plan assets for DC recordkeeping even with a Voya fee decrease from 11 to 9 bps, OkMRF bases budget on current April 30, 2021, asset values. Today, DC assets hovered close to \$400M (all-time high) compared to last year's levels closer to \$300M.

Administration: Up \$28,000 main contributing factors for change:

- Health insurance up 2.0% for Member coverages (OkMRF pays 70% of premium).
- Proposed employer contribution rate of 17.75% to OkMRF DB plan rather than required 12.47%, results in approximately \$40,000 additional contributions to help pay off our unfunded actuarial liability (shortfall) of \$427,510.
- Proposed cyber security third-party review/audit expected higher cost than budgeted in PY.
- Lease payments according to lease agreement.
- Proposed Staff raises at CEO discretion and Staff merit.

Attorney: Up \$11,000 main contributing factor for change:

Increase to tax attorney due to DC restatement and DB plan filing for next six year cycle.

Audit: Up \$1,000, main contributing factor for change:

Per contract agreed to in February 2021 meeting.

Board Travel: Down \$7,500 main contributing factor for change:

Anticipate less expensive due diligence trip as it was cancelled last year due to travel ban and it has been rescheduled as a virtual event instead; therefore, no need to budget for four (4) trustees traveling to Chicago. This equates to savings and a positive budget impact.

Custodial: Down \$7,000 main contributing factor for change:

Decreased slightly as last year's budgeted amount was higher than needed; yet, still anticipated 7.25% asset growth and the number of DB distribution payments to increase.

Employer Directed Expenses: Down \$4,000 main contributing factor for change:

Costs outside normal OkMRF shared expenses covered by the retainer are expected to be less than prior year due to less Municipal requests anticipated this fiscal year (FY). Examples are: Split hire groups, early retirement windows, upgrades, etc., which call for special actuarial studies and/or legal opinions on complex plan provisions/rules.

Cox reminded the Committee that this is a flow through account for direct expenses charged by Dean Actuary and/or McAfee & Taft passed directly to the Member either by invoice or use of plan assets. This category has no budget impact.

Insurance: Up \$9,500 main contributing factor for change:

Excess fiduciary policy is anticipated to come in slightly higher next year as provider indicated they want to increase premium up to 60% of the primary fiduciary policy.

Investment Advisors: Up \$64,196 main contributing factor for change:

7.25% estimated asset growth again starting on higher asset values, we base our budget on current April 30, 2021, asset values. Today, DB assets were at \$715M (all-time high) compared to last year's levels closer to \$570M; there are only two (2) separately managed DB accounts. Cox reminded the Committee that indirect fees are paid inside the investment options which impact returns but does not directly impact OkMRF budget.

Investment Consultant/ACG: Up \$17,405 main contributing factor for change:

ACG has proposed to increase their fee retainer with a stage-in approach over the next three (3) years for FY 21-22 \$210,000, FY 22-23 \$225,000 and FY 23-24 \$240,000 then reverts to CPI only increases beginning FY 24-25, details have been discussed with the Administrative Committee and Contract Committee. Contract Committee will propose amendment next month.

Public Relations: Up \$2,500 main contributing factor for change:

Budgeting for professional Trustees and Staff pictures for our website.

Representative Travel: Down \$6,385 main contributing factor for change:

Anticipate less expensive due diligence trip as it was cancelled last year due to travel ban and it has been rescheduled as a virtual event instead so no need to budget for three (3) Staff traveling to Chicago. This equates to savings and a positive budget impact.

Credit offset: More by \$77,000 main contributing factors for change:

- Less expected on employer directed DB actuary and attorney reimbursements (flow through).
- Less interest earnings expected on DB deposit account. Residual operating cash on hand is invested in interest bearing vehicle with Northern Trust and the expectation is flat interest rates during FY 21-22.
- \$90,000 more in transfers from the DC reserve account. DC administrative expense/errors will be used to offset actual DC administrative expenses in upcoming FY, with none used in the prior year. Therefore, less fees will be deducted from the DC Participants' accounts, resulting in a decrease of 7 bps from 32 bps to 25 bps.

The DC Administrative Expense/Errors account was discussed. The Committee is comfortable with leaving approximately \$100,000 in reserves to help prepare for the new DC fee restructure implementation expected next FY.

In summary, overall budget is up by 3% or \$92,316. The budget as proposed, results in total administrative fees as a percent of total assets of 23.09 bps. Administrative fees by plan are 22.19 bps and 24.75 bps, for DB and DC plans, respectively.

Proposed budget including direct investment expenses, all in, for FY 21-22 is a total of \$3,221,641. For administrative expenses only the total budget proposed is \$2,544,565.

DC administrative fee proposed to decrease to 25 bps.

Estimated final expenses compared to actual is approximately \$101,675 under budget.

3. <u>Discuss and Develop Recommendation for Board Consideration and Possible Action Regarding Budget Adoption</u>

Administrative Committee agreed that budget was satisfactory, as presented. Doolen made a motion, seconded by Johnson to propose a recommendation to the Board to accept the proposed budget and usage of \$90,000 of DC reserves to offset DC expenses resulting in a decrease to 25 bps being charged for administrative fees to the DC accounts.

Johnston: Yes Doolen: Yes Johnson: Yes

4. Review of Executive Director 2021-22 Goals and Objectives

Cox distributed Executive Director/CEO goals for the upcoming fiscal year. Goals are outlined on three (3) primary focus categories: Trustees, Staff and Membership with underlying objectives and corresponding action plans.

Committee had no recommended changes and asked CEO to make available to the entire Board, if desired.

5. New Business

7. <u>Amundi Pioneer: Annual Update from Investment Managers – Katie Warmington and Brad Komenda</u>

Warmington began presentation by providing a firm overview. As of January 1, 2021, the transition from Amundi Pioneer to Amundi U.S. has been completed. Warmington confirmed no changes in personnel, process, or structure, and the transition combined a full global process with over \$2 trillion in assets. As of March 31, 2021, Warmington provided updates on recent personnel changes.

Warmington continued presentation with an overview of Amundi's cybersecurity strategy. Amundi operates with 16 dedicated employees, both internally and externally, to provide coverage of multiple time zones of cybersecurity. Per Warmington, they are unaware of any security breaches to their system and confirmed any breaches would be communicated to clients.

Komeda provided an outlook and portfolio positioning update. The combination of the pandemic, work from home shift and people not spending money has caused an excess of global savings. Most of the excess savings has come from the government in upwards of \$12 trillion, but many Americans who received stimulus checks were gainfully employed and funds went directly to their savings accounts. Many Americans curtailed their spending during the past year, but reports show consumer spending back to pre-pandemic levels. The multi-sector portfolio has been positioned to take advantage of Covid impacted sectors, such as airlines, and increased its average quality rating to BBB+. One (1) year return was reported as 14.64% as of April 30th, outperforming the benchmark by almost 13.0%. Komeda projected for the Fed to slowly increase rates to navigate inflation expectations as early as next year and in to 2023.

8. Consideration and Possible Action Regarding Investment Committee Report

A. ACG: Review of Monthly ASAP Reports

Rives provided an overview of the DB portfolio noting over \$738 million in assets and a ten (10) year annualized return of 9.22%. The broad asset allocations continue to be within the allowable 5.0% deviation from target allocations. Performance continues to be strong across all time horizons. Due to the long bull market cycle, total portfolio returns are up over 33.0% for the past year and outperforming the policy index by 466 bps. Absolute performance has been driven by equities, while relative performance has come from the fixed income sleeve of the portfolio, with all strategies working in tandem.

Equities have seen a shift of strong performance from six (6) months ago, as small-cap begins to outperform large-cap and value outperforms growth. Rives noted this shift being apparent in River Road's value-added portfolio relative to TimesSquare's growth strategy. As the economy continues to recover sectors such as financials and energy will be a driver of performance rather than technology sectors. Non-U.S. equities continue to be additive to the portfolio but has seen challenges over the past year with developed markets driving performance. Not often is Fixed Income highlighted as strength in the portfolio, but with Amundi and BlackRock's opportunistic strategy and ability to invest in different sectors and using credit quality to mitigate risk, one (1) year returns have outperformed the benchmark by over 400 bps. Real Estate provided a healthy return fiscal year-to-date of almost 5.0% based on the portfolio's high-quality properties.

Rives mirrored comments of the DB portfolio within the DC portfolio, noting strong growth across U.S. large-cap equity markets, with a clear shift from growth to value in the Aggressive Equity option. The replacement of Fred Alger Capital to T. Rowe Price, as an underlying manager within the Growth and Value fund option, will take place on June 11th. Rives discussed the departure of three (3) team members at Calvert, manager of the ESG U.S. Stock Option, and noted it will be timely for their presentation at trustee retreat. Target Retirement Date funds continue to perform in-line with expectations.

B. Consideration and Possible Action on Reallocation and/or Rebalancing of Assets

Among Investment Managers as Recommended by the Investment Committee

No action taken.

9. Consideration and Possible Action Regarding Administrative Committee Report

A. Consideration of Adoption or Rejection of the 2021-2022 Budget as Recommended by the Administrative Committee and Rejection or Approval of any Amendments Proposed or Considered by the Trustees at the Meeting

Chairman of the Administrative Committee, Johnston virtually met with Cox and respective committee members to review in detail the proposed budget. Cox opened the discussion for questions regarding memo provided describing budget variances. Luckett commented that CEO's memo provided detailed explanations regarding increases or decreases. Cox stated that the proposed overall budget is increasing by 3.0% or \$92,317. There will be two budget amendments next month mostly due to an increase in assets as both Voya and directly paid money manager expenses are determined based on market value of assets. DB estimated administrative expenses decreased to 22 bps from 26 bps and DC estimated administrative expenses decreased to 25 bps from 32 bps. Also being proposed is the usage of \$90,000 of DC reserve balance to help offset DC Participant expenses. Lastly, Cox reviewed various charts illustrating the Trust's positive trends.

Motion made by Johnston, seconded by Dunham to approve 2021-2022 OkMRF Budget as recommended by the Administrative Committee.

Motion carried: AYE: Doolen, Dunham, Johnson, Johnston, Luckett,

OkMRF

Policy Name: Open Records Administrative Policy

I. Purpose/Goals

Establish administrative procedures for processing the release of public records of Oklahoma Municipal Retirement Fund (OkMRF). Original policy dated September 30, 2005, amended March 1, 2018, and being amended hereto.

II. Scope

All OkMRF public records will be available for inspection and/or copying at the OkMRF office location and in compliance with the Oklahoma Open Records Act.

Individual participant records including social security numbers, home addresses, date of birth, income tax matters, benefit payment details, confidential personnel records or other matters protected from disclosure by law will not be released to third parties as the Board considers a request of this nature an unwarranted invasion of privacy of the individual participants.

III. Policy

Any person or organization requesting a copy or inspection of OkMRF records shall complete the form Request For Records attached. The OkMRF Director, Plan Advisor, Project Specialist and Fund Accountant are authorized to release records in accordance with the Oklahoma Open Records Act. OkMRF Staff and Trustees should refer any individual seeking copies of any OkMRF records to the OkMRF Director or Plan Advisor.

Applicable fees payable at the time of public record pick-up:

• Photocopies (8 ½ x 14 or smaller): \$.25 per page

• Search time: \$ Applicable hourly wage rate for the person assigned to the search request

OkMRF is not required to provide a copy of any document that cannot be reproduced using OkMRF equipment. No **original** document can be removed from the building where it is stored.

Beginning February 26, 2021, the agenda packet and its' content are now available for public inspection on the OkMRF website at www.okmrf.org and should be considered and reviewed to satisfy Requests For Records.

6/25/2021 Agenda Item: 2. F

In addition, based on the Oklahoma Court of Civil Appeals 2021 OK CIV APP 20, Case Number 119009 Wagner v. Office of the Sheriff of Custer County ruling, it was decided and affirmed on April 30, 2021, when a public body receives a request via email for records covered by the Oklahoma Open Records Act, 51 O.S. §24A.1, et. seq ("the Act"), the statute requires the governing body to do nothing more than make such records available.

Therefore, effective immediately, OkMRF will rely upon the Oklahoma Court decision sited above and will make records available for inspection or allow a copy to be made on OkMRF premises and will cease the practice of mailing or emailing written responses.

OkMRF further declares that reasonable and prompt accommodations will be arranged to meet any person requesting such records at our office location during OkMRF regular hours of operation.

IV. Policy Approval and Amendments

This policy and subsequent amendments will be approved by the Board at a regularly scheduled meeting.

Approved: June 25, 2021 Agenda Item 2. F.

This ("Agreement") is entered into as of the 1st day of July 2021 between the Oklahoma Municipal Retirement Fund ("Client") and Asset Consulting Group, LLC ("ACG"). The purpose of this Agreement is to set forth the terms and conditions of the relationship between the parties, including the services ACG will provide and the compensation ACG will receive in exchange for such services. This agreement shall replace and supersede all prior agreements between the parties.

- 1. <u>Appointment of ACG.</u> Client hereby appoints ACG as its non-exclusive investment consultant to provide the services as set forth herein and ACG hereby accepts such appointment and agrees to perform its obligations as set forth in this Agreement in a manner that, in the reasonable judgment of ACG, is designed to achieve the Investment objectives of Client.
- **2. Specific Duties of ACG.** ACG shall provide consulting services to the Client on a full-service retainer basis. ACG shall provide advice and recommendations based on its judgement and experience with respect to Client's investment activities, which shall consist of services broadly defined as follows:

 - ♦ Investment Performance Measurement, Analysis and Diagnostics;
 - Custodian Review, Search and Selection; and
 - ♦ Portfolio Efficiency Review.

ACG covenants and agrees to attend a minimum of eight (8) Board meetings per year as well as the annual Board Retreat. ACG will attend such other meetings as reasonably required by the Board.

As a registered investment adviser, ACG has a fiduciary duty under the Investment Advisers Act of 1940 to protect the interests of each of the firm's clients and place the client's interests first and foremost in each and every situation. ACG accepts such fiduciary duty with respect to the duties and services performed by ACG.

ACG does not provide investment advice or recommendations regarding the purchase or sale of specific securities. ACG provides Client with alternatives and various courses of action; however, all decisions regarding the investment of Client's assets, including the establishment of an investment policy and the selection and retention of investment managers, remain with Client.

- 3. <u>Custody.</u> ACG will not have custody of Client's assets. Client shall be responsible for transferring monies to investment managers and arranging custody of any certificates or other evidence of ownership. ACG will promptly provide to Client or Client's designated representative the information necessary for Client to transfer assets and arrange for custody.
- 4. <u>Compensation.</u> In consideration of the services rendered pursuant to this Agreement, Client shall pay ACG an annual retainer fee as follows (a portion of the total annual retainer fee may be allocated by client to services related to analysis, due diligence and monitoring of Long Short Equity strategies/managers utilized solely in the Defined Benefit Plan):

\$210,000.00 for period July 1, 2021 to June 30, 2022 \$225,000.00 for period July 1, 2022 to June 30, 2023 \$240,000.00 for period July 1, 2023 to June 30, 2024

The annual retainer fee shall be billed and payable quarterly in arrears, with invoices payable by Client within 30 days after receipt. The annual retainer fee shall be prorated for periods less than a full calendar quarter. Starting July 1, 2024, for each successive annual period the fee shall be adjusted each July 1st in proportion to changes in the Consumer Price Index for the prior calendar year, not to exceed 3% in any one-year period. The Consumer Price Index refers to the index known as CPI-U, all items, as reported by the Bureau of Labor Statistics. ACG will provide to Client a computation of the proposed CPI increase beginning fiscal year 15-16 at least ninety days prior to the Client's fiscal year. This annual fee includes all expenses incurred by ACG in performance of its services, and accordingly, the Client will not be obligated to pay expense reimbursements to ACG relating to routine out of pocket expenses. If ACG anticipated incurring unusual or extraordinary expenses, ACG agrees to discuss such expenses with Client and provide an estimate of same in advance, for the purpose of obtaining Client's approval.

- 5. Expenses. Client will bear all of its own investment expenses, both as incurred directly and indirectly through investing in funds or with investment managers, including interest, custody and brokerage fees and the fees, expenses and profit participations of the investment managers and funds selected, In no case will ACG receive any money with respect to Client's funds, either directly or indirectly, from any other source than as provided in Section 4 of this Agreement. In the case that ACG receives such funds, it shall promptly provide Client the entire amount of such funds.
