#### **MINUTES**

#### SPECIAL MEETING OF THE BOARD OF TRUSTEES OF THE OKLAHOMA MUNICIPAL RETIREMENT FUND AND THE INVESTMENT COMMITTEE OF OKLAHOMA MUNICIPAL RETIREMENT FUND February 25, 2021

#### 1. Call To Order

The Investment Committee of the Oklahoma Municipal Retirement Fund met at Oklahoma Municipal Retirement Fund Offices, Oklahoma City, Oklahoma on February 25, 2021, at 2:00 p.m. with Chair Doolen calling the meeting to order due to quorum. On roll call the following members were present:

#### **BOARD OF TRUSTEES PRESENT**

Investment Committee:	Jim Luckett, Jr., Retiree, City of Thomas Robert Park, Retiree, City of Sallisaw Ed Tinker, Retiree, City of Glenpool
Others:	Donna Doolen, Finance Director, City of Ada Joe Don Dunham, City Manager, City of Guymon (via video) Tamera Johnson, Retiree, City of Shawnee (via video) Robert Johnston, City Manager, City of Clinton (via video/arrived at 2:05 p.m.) Melissa Reames, Deputy City Manager & Chief Financial Officer, City of Stillwater (via video)

#### **OTHERS PRESENT:**

OkMRF Staff:	Jodi Cox, CEO & Executive Director (via video) Chris Whatley, Plan Advisor & Portfolio Strategist Katie Girardi, Retirement Plan Administrator (via video) Rhnea Stewart, Fund Accountant (via phone)
Others:	Haley Rives, ACG (via video) Kevin Moore, ACG (via video) Tom Janisch ACG (via video)

Tom Janisch, ACG (via video) Kevin, FundMap (via video)

**NOTICE:** The agenda for the February 25, 2021, meeting was posted in the Columbus Square, first floor by 2:00 p.m. on February 23, 2021, by Gloria Cudjoe.

Signatures

MIN

1001

Investment Committee Chair, Luckett, extended a welcome to all in attendance and presided over the meeting.

#### 2. Conduct DB Long/Short Portfolio Review

Janisch provided an educational review of how shorting works and the potential for profit and loss. Park asked how long a shorted share can be held and the response was no limit on time. Janisch explained the benefits of shorting as providing liquidity to market participants and price discovery on stock issues. Janisch presented a chart from Goldman Sachs showing how shorting activity had increased tremendously over the last year. He then applied these principles to recent events involving GameStop stock. GameStop was mostly influenced by feeling and emotions of smaller investors instead of company fundamentals. The trading history of GameStop since January 13<sup>th</sup> shows the tremendous volatility associated with the stock, as well as periods of substantial price appreciation which could not be justified. Janisch then explained how a short squeeze takes place and hurts managers who are short the position. He finished the education section by stating the SEC is discussing potential regulations on shorting.

Janisch reviewed how ACG constructs the Long/Short portfolio using a core/satellite/emerging manager approach. The OkMRF Long/Short portfolio is diversified between long/short managers who hold differing company stocks based on market cap size, industry, sector, region, country, etc. The portfolio currently has eleven (11)managers with a net exposure of 67% as of December 31, 2020. Janisch reviewed portfolio statistics highlighting individual manager long and short exposures, geographic, market cap and sector positioning compared to the HFRI Index. Since July 2014, when OkMRF began participating in a Long/Short strategy, there have been twenty-eight (28) negative performance months in the market. However, the OkMRF Long/Short portfolio has only experienced four (4) negative performance months. Over the last five (5) years, the OkMRF Long/Short portfolio has returned 10.02% versus the HFRI Strategic Index of 6.74%. In addition, the OkMRF Long/Short portfolio over the one (1) and three (3) year time horizons provided a return of 21.53% and 9.35% versus the ACWI Index of 17.59% and 8.47% respectively. Using Sharpe Ratio, the portfolio has provided more return per unit of risk over all time periods measured when compared to both the HFRI Strategic Index and the ACWI Index.

ACG recommended redeeming from Manager K and reallocating the proceeds to Manager L. Manager K and Manager L are both activist managers; however, Manager K is primarily a large cap activist whereas Manager L is a small-mid cap activist with an Environmental, Social and Governance (ESG) tilt. Manager K was described as having okay returns and as of late has exhibited style drift to mega cap names. Therefore, ACG recommends a reallocation to Manager L which could provide more opportunities with the ESG factors. Both Manager K and Manager L were described as typically holding eight (8) to twelve (12) positions with ten (10) being the average. The fee structure for Manager L was quoted as 1.75% and 17.5% of the profits, a one (1) year lockup and quarterly liquidity afterwards. After being invested in the Manager L portfolio for more than two (2) years, the annual management fee would be decreased by 25 bps.

#### 3. <u>Discuss and Develop a Recommendation for Board Action Regarding ACG</u> <u>Recommendation for Reallocation from Existing Manager to a New Manager in the K2</u> <u>Long/Short Portfolio</u>

Motion by Luckett, seconded by Tinker to make a recommendation to the Board to accept the ACG recommendation to redeem all capital from Trian Partners and reallocate to Impactive Capital.

Luckett: Yes Park: Yes Tinker: Yes

#### 4. <u>Discuss and Develop a Recommendation for Board Action Regarding Reallocation and/or</u> <u>Rebalancing of Assets Among Investment Managers</u>

Moore reviewed the rebalancing recommendation by ACG. The proposed changes include a strategic allocation adjustment moving 5.0% of Fixed Income Portfolio to the International Equity Portfolio allocation. Other factors include reallocating money within the Long/Short Portfolio from excess cash, a need to raise cash to fund the expected closure of the City of Stillwater DB plan and an increase cash for future pension benefit payouts. Most trades will execute during the first week of March, however the redemption from SSgA S&P 500 fund, which would fund the WCM Focused Internal Growth fund would not occur until the last full week of March 2021. Redemption proceeds from Manager K would be used to fund Manager L in the fourth quarter of 2021.

Motion by Luckett, seconded by Park to recommend to the Board to accept the ACG recommended reallocation of assets between investment managers as listed on page 271 of the agenda packet.

Luckett: Yes Park: Yes Tinker: Yes

5. <u>Conduct Semi-Annual Investment Performance Review and Receive Quarterly Performance Report for December 31, 2020, as Presented by Asset Consulting Group</u> Moore reviewed the December 31, 2020 quarterly performance report. For the DB Fund, all metrics of risk and return exceeded the benchmark Policy Portfolio over the last ten (10) years. In addition, peer group rankings with other DB Public plans around the nation placed the OkMRF portfolio in the top percentile of performers over the last one (1), three (3), five (5) and ten (10) year periods.

In the Defined Contribution Plan, options are constructed using a core and satellite approach which helps the portfolio gain diversification benefits and lowers the overall expense ratio charged by managers. The Growth and Value Fund has 50% allocated to the S&P 500 index, 25% allocated to Vanguard Windsor II and 25% allocated to Fred Alger Capital Appreciation. Last year, Fred Alger saw three (3) healthcare analysts depart the team for other opportunities. At the time, it was determined that Fred Alger had a deep bench of analysts ready to step into the roles and a redemption was not necessary. Recently, a portfolio manager, who is a key decision maker, announced they would be leaving the firm to pursue other interests. As a result of this departure, ACG will be recommending the OkMRF Board of Trustees the termination of Fred Alger from the portfolio. ACG will review options available on the Voya platform and bring a list of suitable replacement managers to the March Board meeting. Despite this change, portfolio performance has been excellent when compared to the peer universe with the Growth and Value Fund ranking in the top percentile of overall time periods measured.

The Aggressive Equity Fund has a similar core and satellite construct. The SSgA Small Cap Completeness Fund provides broad market access, Victory Integrity Small Cap Value accesses the value space and TimesSquare Small Cap Growth accesses the growth space. Portfolio performance has been strong when compared to the peer universe with the Aggressive Equity Fund ranking in the top one-third percentile of performance over all time periods measured.

The International Equity Fund has similar core and satellite construct. The SSgA Global Equity Ex-U.S. fund provides broad market access, Artisan International Value accesses the value

space, Harding Loevner International Equity accesses the growth space and Harding Loevner Emerging Markets accesses the emerging market space. Portfolio performance is mixed over shorter time horizons when compared to the peer universe, however the ten (10) year performance is still in the top percentile.

The Total Yield Fund utilizes the same three (3) managers as the Defined Benefit plan. The option is constructed to be all active with the JP Morgan Chase Core Bond Trust being the investment grade bond manager, Amundi Core Plus as the multi-sector manager and Blackrock Strategic Income Opportunities as the opportunistic manager. Over time, ACG has been pleased with relative performance. As yields have fallen, the Fund is much less interest rate sensitive which helps the portfolio in a rising interest rate environment, while hurting it in a falling interest rate environment. With interest rates currently held so low, the portfolio should be well positioned to take advantage of a rising rate environment once the Federal Reserve begins to raise rates in the future. Currently, there are no concerns despite some of the lower rankings.

#### 6. <u>New Business</u>

None.

#### 7. Adjourn

With no further discussion, meeting adjourned at 3:46 p.m.

#### <u>MINUTES</u> SPECIAL MEETING OF THE BOARD OF TRUSTEES OF THE OKLAHOMA MUNICIPAL RETIREMENT FUND AND THE CONTRACT COMMITTEE OF OKLAHOMA MUNICIPAL RETIREMENT FUND February 26, 2021

#### 1. Call To Order

The Contract Committee of the Oklahoma Municipal Retirement Fund met at Oklahoma Municipal Retirement Fund Offices, Oklahoma City, Oklahoma on February 26, 2021, at 9:00 a.m. with Contract Chair Reames presiding. On roll call the following members were present.

#### **BOARD OF TRUSTEES PRESENT**

Contract Committee: Melissa Reames, Deputy City Manager & Chief Financial Officer, City of Stillwater (via video) Joe Don Dunham, City Manager, City of Guymon (via video) Timothy Rooney, City Manager, City of Mustang (via video)

#### **OTHERS PRESENT**

OkMRF Staff: Jodi Cox, CEO/Director (via video) Rhnea Stewart, Fund Accountant (via telephone)

NOTICE: The agenda for the February 26, 2021, meeting was posted in the Columbus Square, first floor by 9:00 a.m. on February 24, 2021, by Gloria Cudjoe. Contract Committee Chair Reames extended a welcome to all in attendance and called the meeting to order.

#### 2. <u>Review of Vendor Evaluations</u>

Reames expressed appreciation for staff's efforts to document the vendor reviews. Cox stated that the vendor review process is a very intentional annual task. OkMRF no longer automatically goes out for RFPs based on a set schedule to waste Staff and the proposer's time. Instead, we annually conduct this documented and extensive review of our service providers which are discussed annually with this Committee. Noting, OkMRF reserves the right to pull the trigger and go out for RFP at any time if we become dissatisfied with a vendor's performance. This process was established several years back with a different Contract Committee. She asked if the Committee was in agreeance with the philosophy and process or if they wanted to make any changes on a go-forward basis. Highlighting that Finley & Cook will be conducting their fifth year audit of a five (5) year engagement for FY 20-21. Cox reminded the Committee of the last failed audit RFP process due to Finley & Cook's public retirement plan expertise and price competitiveness. Of the fourteen (14) potential proposers, no one bid except Finley & Cook. Reames complimented Staff and appreciated the thorough reviews. The Committee agreed with this established philosophy and will not go out for RFPs on a routine basis, only as needed or required. Cox reported that all vendor scores increased this past year even during a Pandemic.

Cox also reported that she had reached out to Deltra and Voya's National Strategic Market Leaders for an OkMRF fee review. Voya determined that our fees are well aligned with the industry, in fact, the level of services OkMRF provides at our non-profit price, could not be bundled at the fees currently charged to our Participants. Because of the inquiry, Deltra did a fee assessment since OkMRF is five (5) years into our ten (10) year contract. As a result, OkMRF was provided a fee notice that Voya will be reducing future DC recordkeeping fees by 2 bps from 11 bps to 9 bps beginning July 1, 2021.

Motion by Reames, seconded by Rooney to recommend no vendor changes on the existing service providers of Dean Actuaries, Northern Trust, Voya Financial, Asset Consulting Group and Finley & Cook to the OkMRF Board of Trustees.

Reames: Yes

Dunham: Yes

Rooney: Yes

#### 3. <u>Discuss and Develop Recommendation for Board Action Regarding Renewal of Liability</u> <u>and Crime Insurance Policies</u>

Cox stated that at this time, we do not have the renewal for the excess fiduciary liability coverage first purchased last year, it is expected to be quoted next month. She further reviewed the fact that this fiduciary liability policy carries pre-approved Counsel, McAfee & Taft. Certain levels of counsel endorsement are listed in the policy and for certain positions are less than the hourly McAfee & Taft rates. This means that OkMRF would have to cover the differentials if usage of this policy were ever necessary.

The overall premium went up by 10% but Cox explained that the Insurance rates according to the U.S. Insurance Journal survey, went up in most cases over 23%.

Motion made by Rooney, seconded by Dunham to recommend to the OkMRF Board of Trustees to accept the renewals of the Fiduciary Liability and Crime insurance policies.

Reames: Yes Dunham: Yes Rooney: Yes

#### 4. <u>Discuss and Develop Recommendation for Board Action Regarding Annual Audit</u> <u>Engagement Letter</u>

Motion made by Reames, seconded by Rooney to recommend to the OkMRF Board of Trustees that Chair and CEO sign engagement letters with Finley & Cook for the annual financial audit for 2021.

Reames: Yes

Dunham: Yes

Rooney: Yes

#### 5. <u>Discuss and Develop Recommendation for Board Action Regarding GASB 68</u> <u>Engagement Letters</u>

Motion made by Reames, seconded by Dunham to recommend to the OkMRF Board of Trustees that Chair and CEO sign engagement letters with Finley & Cook for the GASB 68 annual audits for 2021.

Reames: Yes

Dunham: Yes

Rooney: Yes

#### 6. <u>New Business</u>

None.

#### 7. <u>Adjourn</u>

With no further discussion, meeting adjourned at 9:24 a.m.

Melissa Reames, Contract Chair

Donna Doolen, Chair

Respectfully submitted by:

Jodi S. Cox

- 4. <u>Comments from the Public</u> None.

#### 5. <u>Harding Loevner: Annual Update from Investment Manager – Jared Tramutola and Ray</u> <u>Vars</u>

Tramutola began presentation by providing an organizational firm update. Harding Loevner offices reopened in the middle of last year, but many employees continue to work from home. No plans to require attendance until July 2021. Strategy assets remain stable with 50% of assets in International Equity strategy and 25% of assets in Emerging Market strategy. A new Chinese Equity strategy was launched at the end of 2020 with employee capital and will work towards gaining a track record prior to marketing towards clients. There was limited turnover in the past year with two (2) additional analysts hired and the passing of Rusty Johnson, Emerging Markets co-lead portfolio manager, in May. A tenured analyst was added to the International Equity portfolio team to aid in their long-term succession planning.

Vars began discussion of the Emerging Markets strategy with an overview of markets for the past year. The unique year for markets was particularly extreme within emerging markets in terms of market movement. Harding Loevner's philosophy remains to seek out high-quality growing businesses regardless of the market conditions, but still being mindful of prices paid for those stocks to maintain their diversified portfolio. Good absolute performance, but disappointing relative performance of 13.51% over the past year versus index performance of 18.31%. Dramatic movements throughout the year caused more than a 30% sell-off of emerging markets within the first few months and a later rebound of almost 74%, which is the strongest absolute performance within emerging markets in the last twenty years. Harding Loevner's disciplined philosophy paid off in the fourth quarter of 2020 by outperforming the index and returning 22.58%. Information technology, geared towards e-commerce, and healthcare, with the innovation of the vaccine, sectors were the strongest performers. The main headwind for the portfolio was the strong contributions from the top ten stocks in the index whose price was not reasonably attractive for the strategy. Few transactions were made last year, which is in line with their long-term perspective and contributed to the 17.5% five (5) year annualized average of portfolio turnover.

Tramutola began discussion on the International Equity strategy. As financials are reported for the end of the year, earnings and cash flow growth are expected to go up relative to peers because the quality businesses held in the portfolio are expected to perform better. Both relative and absolute performance has been strong, with the portfolio outpacing the index by over 10% throughout 2020. The fastest growing, highest quality, and most expensive companies outperformed their counterparts by 30 bps in 2020, even with the huge shift in the fourth quarter based on the vaccine rollouts. The information technology sector performance was nearly double the next best sector, consumer discretionary, and was four times greater than the index. The portfolio's overweight positioning in the information technology sector was beneficial during the past year with four (4) of the five (5) top performing companies being held in this sector. Few transactions were made in 2020, 11% turnover, with the majority occurring in the first quarter when cash was put to work for opportunities. Forecasts for the international markets are difficult to predict based on previous metrics of performance and earnings.

#### 6. <u>Consideration and Possible Action Regarding Investment Committee Report</u>

#### A. ACG: Review of Monthly ASAP Reports and Quarterly Performance Report

Moore began presentation with reminders about ACG's quarterly webcast which will give a general update on the firm and market conditions, along with an ESG portion and a Trustee education session which will dive into bitcoin and cryptocurrency. Moving to market conditions for January, volatility has been present due to some speculative short trading around GameStop and AMC, which caused mixed equity market results. Economists see an improved outlook on the economy related to GDP and predict around 5% growth for this year. This positive economic outlook will cause fixed income yields to rise and the yield curve to steepen

as investors start to assess the attractiveness of bonds versus stocks. Small caps stocks are up over 11% due to the improved economic outlook.

Moore began review of DB portfolio, noting \$705 million in assets at the end of January. Target allocations have been updated to reflect decisions at January's meeting with a slight reduction in fixed income allocated to international developed market equities. Performance of the portfolio is strong on long-term time frames. January's volatility caused negative relative performance of (0.67%), slightly below the policy index, while long-term time frames report outperformance in all measured years, gross of fees. Equities provided double-digit returns due to their offensive position in the portfolio. Small/Mid Cap equity manager, River Road, struggled on a relative basis due to less exposure to cyclical companies which proved to be a headwind at the end of 2020. Non-U.S. equities, outside of one month returns, reported strong outperformance of the benchmark over all time periods benefiting from active management during volatile markets. Long/short equity portfolio, net of fees, is up over 21% over the past trailing one (1) year and providing the downside protection. As interest rates began to tick up in January, bond prices have declined causing negative performance in January, but active management proved beneficial in the longer time horizons. Real Assets remain flat for January with industrials being a main benefactor along with upward trending rent collections of the underlying properties. Returns over the next ten (10) years are expected to remain in the midsingle digits.

Moore began review of DC portfolio, noting good positioning amongst peer rankings across all white-label funds. Growth and Value option benefited from both passive and active management with the underlying funds generating outperformance in all measured time horizons. Candidate replacements for underlying manager, Fred Alger, will be presented at next month's Board meeting due to an update in portfolio personnel. Both the Aggressive and International options reported outperformance on longer term time frames with no concerns of underlying managers. Short lived performance with ESG U.S. Stock option, but Calvert has done a good job managing the fund despite slight underperformance. Stronger relative shortterm results have bled into longer term results in the Total Yield option. Commodities, within the Real Assets options, have performed well over the past few months due to the increase in demand with the expectation of more normalization happening over the next two (2) years. Target Date Funds are performing in-line with expectations and reporting double-digit returns.

#### B. <u>ACG: Discussion and Possible Action Regarding Long/Short Allocation as</u> <u>Recommended by the Investment Committee</u>

Janisch discussed recommendation provided to Investment Committee. In order to focus on smaller-cap exposure, assets are recommended to be reallocated from activist Manager K, who focuses on large-cap exposure, to Manager L, an ESG small-cap activist. Redemption from Manager K will occur on September 30<sup>th</sup> and subscription to Manager L is targeted for November 1<sup>st</sup>.

#### C. <u>ACG: Consideration and Possible Action to Reallocate Capital from Existing Manager</u> to a New Manager in the K2 Long/Short DB Portfolio as Recommended by the <u>Investment Committee</u>

Motion made by Luckett, seconded by Park to accept ACG's recommendation to redeem all capital from Trian Partners and reallocate capital to Impactive Capital, as soon as administratively feasible.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Luckett, Park, Reames, Rooney and Tinker

NAY: None

D. <u>Consideration and Possible Action on Reallocation and/or Rebalancing of Assets</u> <u>Among Investment Managers as Recommended by the Investment Committee</u> Moore discussed DB rebalancing recommendation. Proposed adjustments include new asset allocation terests, raise such for pageion payments, distribution for a plan termination (City of

allocation targets, raise cash for pension payments, distribution for a plan termination (City of Stillwater Retiree Only) and long/short reallocation.

Motion made by Luckett, seconded by Park to accept ACG's recommendation of reallocation and rebalancing within the Defined Benefit portfolio.

Motion carried: AYE: I

AYE: Doolen, Dunham, Johnson, Johnston, Luckett, Park, Reames, Rooney and Tinker

NAY: None

7. <u>Consideration and Possible Action Regarding Administrative Committee Report</u> No action taken.

#### 8. <u>Consideration and Possible Action Regarding Contract Committee Report</u>

A. <u>Approve Renewal of Fiduciary Liability and Crime Insurance Policies as</u> <u>Recommended by the Contract Committee</u>

Reames, Contract Committee Chair, presented a recommendation to renew the Fiduciary Liability insurance by Federal Insurance Company with the same terms and 10% increase in premium due to asset growth. Renewal premium will remain flat through 2023. Recommendation presented to renew the Crime Policy insurance from Travelers Casualty and Surety Company of America with the same coverage as previous year, no increase in aggregated deductible amount and 1.77% (\$133) premium increase.

Motion made by Reames, seconded by Dunham to accept the renewal for both the Fiduciary Liability policy and the Crime policy for the term April 2, 2021 to April 2, 2022.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Luckett, Park, Reames, Rooney and Tinker

NAY: None

#### B. <u>Finley & Cook: Consideration and Possible Action Regarding Annual Audit</u> <u>Engagement Letter as Recommended by the Contract Committee</u>

Reames, Contract Committee Chair, presented a recommendation to approve the annual audit engagement letter with Finley & Cook. Annual audit fee to increase by \$1,000. Reames stated this is the final year of the current contract, but based on niche audit expertise, it is recommended to sign subsequent five (5) year renewal contract with Finely & Cook.

Motion made by Reames, seconded by Dunham to approve the annual audit engagement letter for fiscal year end 2021 with Finley & Cook, authorizing Doolen and Cox to sign.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Luckett, Park, Reames, Rooney and Tinker

NAY: None

#### C. <u>Finley & Cook: Consideration and Possible Action Regarding GASB 68 Engagement</u> <u>Letters as Recommended by the Contract Committee</u>

Reames, Contract Committee Chair, presented recommendation to approve the two (2) GASB related engagement letters. No increase in cost from previous year.

Motion made by Reames, seconded by Rooney to approve the two related GASB 68 engagement letter with Finley & Cook for fiscal year end 2021, authorizing Doolen and Cox to sign.

Motion carried: AYE: Doolen, Dunham, Johnson, Johnston, Luckett, Park, Reames, Rooney and Tinker

NAY: None

D. <u>Consideration and Possible Action Regarding Review of Vendor Evaluation as</u> <u>Recommended by the Contract Committee</u>

Reames, Contract Committee Chair, reported that vendor evaluations were well documented and discussed with Staff. At this time, no changes are recommended to existing service providers.

Motion made by Reames, seconded by Rooney to retain Voya, Dean Actuaries, ACG, Northern Trust and Finley & Cook as service providers for the upcoming year.

Motion carried:

AYE: Doolen, Dunham, Johnson, Johnston, Luckett, Park, Rooney and Tinker

NAY: None

#### 9. <u>Receive Report on Newly Adopted or Amended OkMRF Member Plans</u>

Whatley reported on plan changes for the OkMRF members.

#### 10. OkMRF Staff Report

Cox reported on the following items:

- SSgA will be presenting an investment overview at the next meeting.
- ▶ Investment Policies and Guidelines will be on the agenda for review at the March meeting.
- Sean Sullivan, Dean Actuaries will be presenting the funding rates and results from actuarial studies.
- Trustees were reminded of the importance of their waiver recourse insurance and to pay David Davis \$25 for their personal coverage premium. Checks or cash can be mailed to his office at 4312 N. Classen Blvd., Oklahoma City, OK 73118.
- Virtual Trustee Retreat is scheduled for Wednesday, May 26<sup>th</sup>. Check calendars for TEXPERS conflicts and determine if a reschedule in June is needed.
- Retreat topics or suggestions should be provided to Robert Johnston, Administration Chair, or herself.

#### 11. New Business

None.

#### 12. <u>Trustee/Member Comments</u>

Luckett requested Cox to report to Trustees regarding distribution team's due diligence in locating participants with outstanding checks. Cox explained that the distribution team with Catherine McCartney's leadership, worked to locate and pay individuals, reducing the outstanding checks in the administrative account by \$40k. Outstanding checks of \$42k remain and the team will continue to work on locating individuals for payment.

Doolen presented a letter sent by a Glenpool participant regarding Staff's outstanding work.

Whatley confirmed attendance of the following Trustees: In-person; Doolen, Luckett, Johnston and Dunham. Video; Reames, Johnson, Rooney and Park. Phone; Tinker

#### 13. Adjourn

With no further business to conduct meeting adjourned.

Robert Park, Secretary

Donna Doolen, Chair

Respectfully submitted by:

K. Minandi

Katie Girardi

# STATE STREET GLOBAL ADVISORS Indexing Capabilities

For Investment Professionals Only.

## Indexing — Core to Our Business

## \$2.6+

in indexed assets across a variety of exposures and vehicles employed by a diverse client base; translating into direct transaction cost savings and flexibility

## Expertise & Accountability

95+ portfolio managers with 15-20 years average experience

Lead portfolio manager for each fund that is accountable for results

Thoughtful use of techniques ranging from full replication, optimization and security sampling

#### Trading & Implementation

Strong focus on implementation and reducing transaction

Equities crossed across US, developed and emerging markets was 91%<sup>1</sup>, 74%<sup>2</sup>, 66%<sup>3</sup> respectively

#### Leveraging Fund Efficiencies

Securities Lending program focuses on income generation in a risk-controlled manner

ERISA Collective Trust funds limit Dividend Withholding Taxes in International Exposures

## Precise Exposure & Performance

Consistently meeting client expectations by delivering low tracking error

### 98-99%

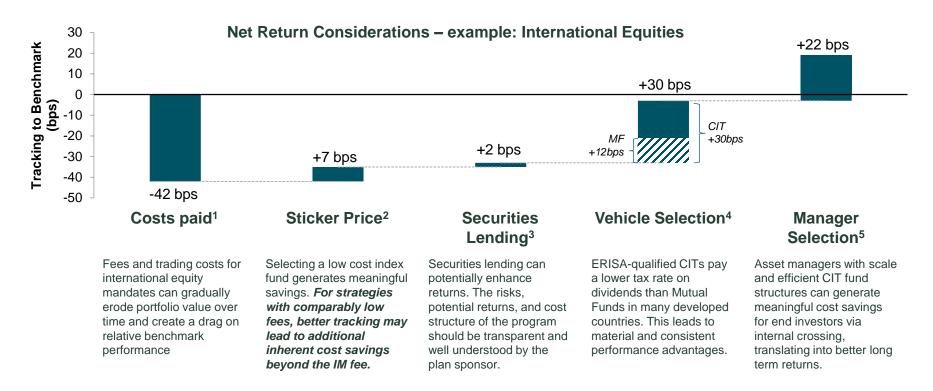

of index portfolios have historically tracked within tolerance

Source: State Street Global Advisors. As of December 31, 2020.

<sup>1</sup> Based on actual client order flow trading activity in the S&P 500<sup>®</sup> Defined Contribution Commingled Fund. <sup>2</sup> Based on actual client order flow trading activity in the Thrice-Monthly EAFE ERISA Commingled Funds. <sup>3</sup> Based on actual client order flow trading activity in the Thrice-Monthly Emerging Markets ERISA Commingled Funds. Crossing includes In-kind transfers are redemptions/contributions made via security transfers. Crossing data is as of 12/31/2020 and is updated annually. <sup>4</sup> Net notional volume, excludes internal crossing

## Intelligent Indexing in Action: Equity

When considering an index mandate, it's important to be aware of all the factors that can have an impact on performance beyond fees.

Source: State Street Global Advisors. <sup>1</sup>Assumes open market trading cost of 28bps and management fees of 14bps. Open market trading cost of 28bps is an estimate that combines the expected explicit costs of commissions, taxes and fees with a mean estimate market impact cost. Management fees of 14bps reflects the highest fee for Commingled Fund products reported by the 10 largest managers in the eVestment ACWI ex-US Passive Equity universe, as of 9/30/18, assuming a \$250M allocation. <sup>2</sup>Difference between the highest (14bps) and lowest (7bps) reported Commingled Fund fees for the 10 largest managers in the eVestment ACWI ex-US Passive Equity universe, as of 9/30/18, assuming a \$250M allocation. <sup>3</sup>Average historical lending returns paid to the fund in the State Street MSCI ACWI ex USA IMI Index ERISA DC strategy from 2014-2017. <sup>4</sup>MSCI Index Data, published ERISA and RIC Tax Rates, as of 12/31/2017. <sup>5</sup>Estimated cost savings from In-kind/Internal Crossing/Unit Crossing activity in the State Street Global All Cap Equity Ex U.S. Index Fund from January 2012 – October 2018.

## Internal Crossing: A Powerful Source of Cost Savings & Liquidity

DC-Series Commingled Fund <sup>1</sup>	Total Value Traded <sup>2</sup>	In-kind <sup>3</sup> /Internal Crossing/ Unit Crossing	Estimated Cost Savings <sup>4</sup>	Transaction Cost Savings <sup>4</sup>
S&P 500® Index Strategy	\$331.3 Billion	91% of the Total	0.05% of the Total	\$181.6M
Russell Small Cap Completeness® Index Strategy	\$67.3 Billion	76% of the Total	0.19% of the Total	\$128.5M
MSCI ACWI ex-USA IMI Index Strategy	\$62.5 Billion	75% of the Total	0.21% of the Total	\$107.6M
U.S. Aggregate Bond Index Strategy	\$129.2 Billion	79% of the Total	0.08% of the Total	\$101.2M

Availability of internal crossing at State Street Global Advisors may be affected by your asset class, vehicle type, jurisdiction, or other factors.

<sup>2</sup> For calendar years 2012–2020. It is not known whether similar results have been achieved after 2020.

<sup>3</sup> In-kind transfers are redemptions/contributions made via security transfers.

<sup>4</sup> This represents estimated average savings across all aggregate trading over the period. These estimates are based on subjective judgments and assumptions and do not reflect the effect of unforeseen economic and market factors on decision making. There is no guarantee that a particular client transaction will experience the same level of savings. In fact, savings could differ substantially. Any savings is contingent upon other activity taking place on a given transaction day. Had other funds been selected, different results of transaction cost savings may have been achieved. All figures are in USD.

<sup>&</sup>lt;sup>1</sup> Based on actual client order flow trading activity in the respective Defined Contribution Commingled Funds.

## **Intelligent Indexing in Action: Fixed Income**

Portfolio Rebalancing	Primary Markets	Security Selection	Trading
Minimize Turnover —	Look for the premium:	Incorporate relative value	Determine the most cost-
It doesn't always make	Access liquidity	in sampling approach	efficient trading approach
sense to trade			

SSGA U.S. Aggregate Bond Index Strategy Rolling Three Year Tracking Error vs. eVestment Indexed Aggregate Fixed Income Universe

Source: eVestment (12 years of monthly returns) as of December 31, 2020. Past performance in not a guarantee of future results.

Observations based upon voluntarily self-reported data to eVestment. Observations were filtered according to indexed products benchmarked to the Bloomberg Barclays US Aggregate, using the default vehicle for unregistered accounts with gross of fees returns. ## **Partnering with our Clients**

#### State Street offers a comprehensive suite of DC investment solutions...

#### Index Equity TIPS Company Stock Fixed Income Custom Enhanced Equity Target Date Balanced Risk Active Equity Cash Alternatives Real Assets Smart Beta

#### ... In addition to providing best-in-class resources to our DC clients.

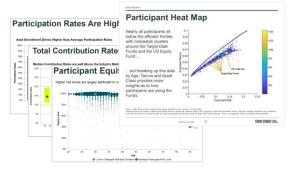

#### **Participant Education**

Improving retirement readiness of participants through engaging communications and wellness

#### **DC Ecosystem Analysis**

Complimentary plan and participant level analysis that empowers you to take actions, improving outcomes.

#### **Public Policy**

When it comes to retirement policy, we consider three distinct angles: the needs of the individual, the requirements on the sponsor and the future.

Empowering	Supporting	Driving
Participants	Sponsors	Future Policy
<ul> <li>Financial</li></ul>	<ul> <li>Fiduciary</li></ul>	<ul> <li>Access and</li></ul>
Wellness <li>Savings</li>	Oversight <li>Administrative</li>	Coverage <li>Retirement</li>
Sufficiency	Simplicity	Income

## **Public Policy Priorities**

The Biden Administration Retirement Policy Priorities

Melissa Kahn Melissa\_Kahn@ssga.com Retirement Policy

#### Legislative: First 100 Days

- Budget reconciliation/stimulus will be the vehicle for many retirement provisions
- First Up: Multiemployer and single employer DB funding relief
- SECURE 2.0 provisions with revenue impact may be included (e.g., refundable Saver's Credit, RMD changes)
- Restrictions on HCE
   compensation and benefits
- Consider impact to your plan if tax changes impact HCEs

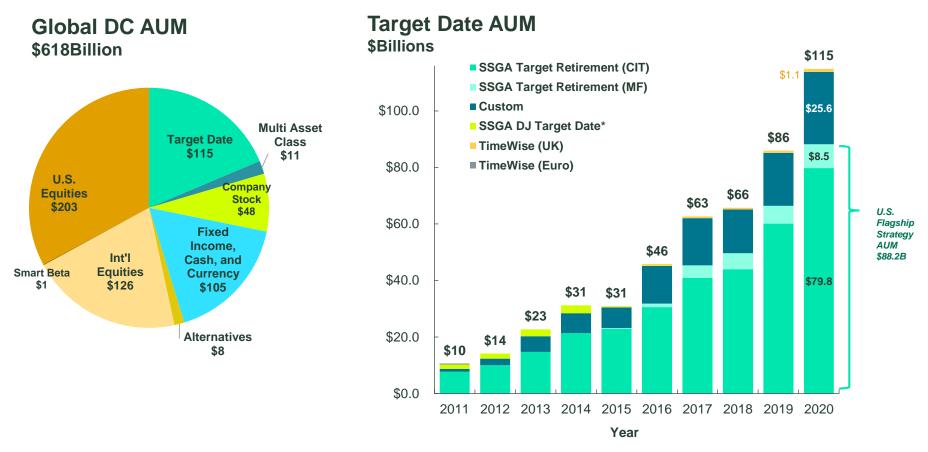

#### Legislative: What Comes Next?

- Portman-Cardin/Neal-Brady: Provisions include QLAC changes ("free-look" provision), and allowing 403(b) plans to invest in CITs
- Neal Auto Plan: Would require substantially all employers to have a plan, which can include a 401(k), IRA, SIMPLE or SEP
- Potential that these proposals and others will be consolidated into 'SECURE 2.0' to be reintroduced in early 2021

#### Regulatory: Executive Orders

- DOL guidance on use of PE in TDFs, ESG in retirement plans, new fiduciary PTE will all be reviewed by new DOL
- Open MEPs: DOL issued PEPs RFI in June requesting info on whether financial companies should sponsor PEPs; further regulation expected
- E-Delivery: DOL issued final reg that creates a new safe harbor that plans could rely on to communicate electronically but new Administration may revise

The information contained above is for illustrative purposes only. Diversification does not ensure a profit or guarantee against loss. Assumptions and forecasts used by State Street Global Advisors in developing the target date funds asset allocation glidepath may not be in line with future capital market returns and participant savings activities, which could result in losses near, at or after the target date year or could result in the target date fund not providing adequate income at and through retirement. Please see disclosures for important risk disclosures.

STATE STREET GLOBAL ADVISOR

# 15 Years of Average Peer Universe Outperformance

Annualized Risk and Return Versus Morningstar Universe Average (February 2005 – December 31, 2020)\*

### Average Return higher than 91% of the universe with lower risk than 76% since inception\*

Source: FactSet Research Systems-Morningstar, State Street Global Advisors Investment Solutions Group (ISG). As of December 31, 2020. Number of funds in Morningstar since inception (67 for 2046–2050, and 48 for 2036–2040, 2026–2030, 2016–2020, and Retirement Income). Gross Returns have been reduced by 9.4 basis points (0.7833 basis points monthly) to reflect a hypothetical investment management fee in line with industry standards and reflects a higher investment management fee than any existing State Street Institutional Commingled share class. Returns are net administrative costs. © 2020 Morningstar, Inc. All Rights Reserved. The information contained herein: (1) is proprietary to Morningstar and/or its content providers; (2) may not be copied or distributed; (3) does not constitute investment advice offered by Morningstar; and (4) is not warranted to be accurate, complete or timely. Neither Morningstar nor its content providers are responsible for any damages or losses arising from any use of this information. Past performance is not a guarantee of future results. The performance is calculated in US dollars. Investing involves risk including the risk of loss of principal. Please see disclosure slide for important risk disclosures. \*Returns for the 2020 and Income funds are as-of their inception (4/05) and 2050 fund (10/07).

STATE STREET

# **Target Date Decision Making Process**

State Street Global Advisors utilizes a team-based approach in overseeing Target Date Funds; combining asset allocation expertise from our Investment Solutions Group with market-specific insight from our dedicated Defined Contribution team

### Defined Contribution ("DC")

- 40+ person dedicated Global Defined Contribution team
- Subject Matter experts on DC market, including regulatory and legislative landscape
- Offer perspective on desirability and suitability of asset classes in TDF framework

### Investment Solutions Group ("ISG")

- Asset allocation team with over 80 dedicated specialists
- Create asset class forecasts on a quarterly basis, utilized across \$198B in AUM/AUA\*
- Expertise on asset allocation and index selection
- 15 years of average experience

### Defined Contribution Investment Group (DCIG)

- Voting members from ISG & DC Teams
- Blends optimal investment strategy with suitability for the DC marketplace
- Responsible for all final investment recommendations for Target Retirement Strategies

### Additional Firm-wide Oversight

- SSGA Investment Committee approves material changes to existing strategies
- SSGA Fiduciary Committee oversees SSGA's fiduciary responsibilities

#### **Defined Contribution Team**

- David Ireland, CFA Global Head of DC
- Brendan Curran, CFA
   Head of DC Investment
   Strategy & Research
- James Ryder, CFA
   DC Investment Strategist

### DCIG Members

#### **Investment Team**

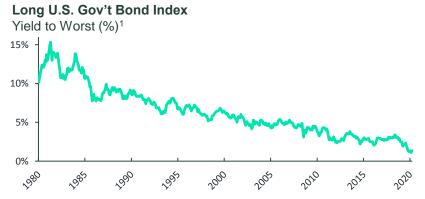

- Dan Farley, CFA
   Chief Investment Officer, ISG
- Michael Martel Head of PM, Americas
- Lisa Khatri, CFA Senior Strategist
- Alex Rudin, Ph.D. Head of Quantitative Research

# **2021 Annual Review & Enhancements**

### Historically low yields present headwinds for Long US Gov't Bonds going forward

We expect US Gov't Bonds to maintain diversification benefits, but must consider impact of lower return expectations for Long US Gov't Bonds on portfolio efficiency

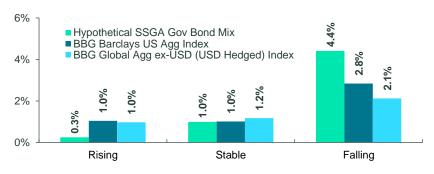

# Target Date Glidepath will add an allocation to Intermediate US Gov't Bonds<sup>2</sup>

Allocation will be funded from a portion of existing Long US Gov't Bond exposure, maintaining same overall allocation to US Gov't Bonds:

- Improves long-term return expectations<sup>3</sup>
- Preserves higher expected downside protection of US Gov't Bonds relative to other fixed income exposures (e.g. Credit)<sup>3</sup>

<sup>1</sup> Source: State Street Global Advisors and Factset Systems, as of September 30, 2020.

<sup>2</sup> Effective April 1, 2021 the allocation will be a mix of US Long Government Bonds and US Intermediate Government Bonds, with the percentage allocated to each determined in Q1 2021.

<sup>3</sup> SSGA Long-Term Asset Class Forecasts, as of September 30, 2020. Diversification does not ensure a profit or guarantee against loss.

<sup>4</sup> Rising Equity Markets: S&P 500 Quarterly Returns >5%, Falling Equity Markets: S&P 500 Quarterly Returns <-5%, as of January 2000–September 2020

# **Proposed Strategy Allocations - CIT**

The forecasted returns are based on SSGA's Investment Solutions Group forecasted returns and long-term standard deviations. The forecasted performance data is reported on a gross of fees basis. Additional fees, such as the advisory fee, would reduce the return. The performance includes the reinvestment of dividends and other corporate earnings and is calculated in the local (or regional) currency presented. It does not take into consideration currency effects. The forecasted returns are based upon estimates and reflect subjective judgments and assumptions. The results were achieved by means of a mathematical formula and do not reflect the effect of unforeseen economic and market factors on decision-making. The forecasted performance is not necessarily indicative of future performance, which could differ substantially.

STATE STREET GLOBAL ADVISO

# Appendix C: Biographies

46

### **David Settles**

David has nearly 30 years of experience in the investment business. He began his career in fixed income sales with Salomon Brothers and today, David is a Vice President of State Street Global Advisors working as a Relationship Manager in the Atlanta office. He is responsible for managing existing client relationships as well as developing new relationships in multiple market channels in the Southeast.

Prior to joining SSGA in 2013, David spent nearly 10 years with Wellington Management Co., LLP as a Business Developer covering Public Funds, Corporate pension and investment plans, endowments, foundations and other institutional plan sponsors. Also, David was with INVESCO from 1996-2002 where he worked exclusively with insurance companies as well as other alternative risk transfer facilities (i.e. Captives).

David holds a BS from Georgia Southern University and he also holds his FINRA Series 3, 7, and 63 licenses.

### Brian Murtagh, CFA

Brian is a Vice President of State Street Global Advisors and an Investment Strategist within the Defined Contribution team. He is responsible for representing SSGA's DC investment strategies, supporting existing relationships and expanding SSGA's DC initiative. As a member of the Defined Contribution team, he also serves as an internal expert on DC plan design architecture and key regulatory and legislative topics affecting the retirement industry for Plan Sponsors, Consultants and Regulators.

Prior to joining the Defined Contribution team, Brian worked as a Portfolio Administrator. supporting Portfolio Management teams across a variety of SSGA's strategies in Developed and Emerging Markets.

Brian earned a B.A. in Economics from Connecticut College. He earned the Chartered Financial Analyst designation and is a member of the Boston Security Analysts Society and CFA Institute. Brian holds FINRA series 7 and 63 licenses

Assumptions and forecasts used by State Street Global Advisors in developing the target date funds asset allocation glide path may not be in line with future capital market returns and participant savings activities, which could result in losses near, at or after the target date year or could result in the target date fund not providing adequate income at and through retirement.

BLOOMBERG®, a trademark and service mark of Bloomberg Finance L.P. and its affiliates. Bloomberg Barclays US High Yield 2% Cap Index has been licensed for use in connection with the listing of the Bloomberg High Yield Very Liquid Index.

State Street Global Advisors Target Date Fund are designed for investors expecting to retire around the year indicated in each fund's name. When choosing a Fund, investors should consider whether they anticipate retiring significantly earlier or later than age 65 even if such investors retire on or near a fund's approximate target date. There may be other considerations relevant to fund selection and investors should select the fund that best meets their individual circumstances and investment goals. The funds' asset allocation strategy becomes increasingly conservative as it approaches the target date and beyond. The investment risks of each Fund change over time as its asset allocation changes.

STATE STREET GLOBAL

# **Important Disclosures (2)**

This document may contain certain statements deemed to be forward-looking statements. All statements, other than historical facts, contained within this document that address activities, events or developments that State Street Global Advisors expects, believes or anticipates will or may occur in the future are forward-looking statements. These statements are based on certain assumptions and analyses made by State Street Global Advisors in light of its experience and perception of historical trends, current conditions, expected future developments and other factors it believes are appropriate in the circumstances, many of which are detailed herein. Such statements are subject to a number of assumptions, risks, uncertainties, many of which are beyond SSGA's control. Please note that any such statements are not guarantees of any future performance and that actual results or developments may differ materially from those projected in the forward-looking statements.

Asset Allocation is a method of diversification which positions assets among major investment categories. Asset Allocation may be used in an effort to manage risk and enhance returns. It does not, however, guarantee a profit or protect against loss.

Derivative investments may involve risks such as potential illiquidity of the markets and additional risk of loss of principal.

Equity securities may fluctuate in value in response to the activities of individual companies and general market and economic conditions.

Bonds generally present less short-term risk and volatility than stocks but contain interest rate risk (as interest rates rise bond prices usually fall); issuer default risk; issuer credit risk; liquidity risk; and inflation risk. These effects are usually pronounced for longer-term securities. Any fixed income security sold or redeemed prior to maturity may be subject to a substantial gain or loss.

Investing in commodities entail significant risk and is not appropriate for all investors. Commodities investing entail significant risk as commodity prices can be extremely volatile due to wide range of factors. A few such factors include overall market movements, real or perceived inflationary trends, commodity index volatility, international, economic and political changes, change in interest and currency exchange rates.

Increase in real interest rates can cause the price of inflation-protected debt securities to decrease. Interest payments on inflation-protected debt securities can be unpredictable.

Investing in REITs involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. Equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Generally, among asset classes, stocks are more volatile than bonds or short-term instruments. Government bonds and corporate bonds generally have more moderate short-term price fluctuations than stocks but provide lower potential long-term returns. US Treasury Bills maintain a stable value if held to maturity, but returns are generally only slightly above the inflation rate.

Investing in foreign domiciled securities may involve risk of capital loss from unfavorable fluctuation in currency values, withholding taxes, from differences in generally accepted accounting principles or from economic or political instability in other nations.

Investments in emerging or developing markets may be more volatile and less liquid than investing in developed markets and may involve exposure to economic structures that are generally less diverse and mature and to political systems which have less stability than those of more developed countries.

Companies with large market capitalizations go in and out of favor based on market and economic conditions. Larger companies tend to be less volatile than companies with smaller market capitalizations. In exchange for this potentially lower risk, the value of the security may not rise as much as companies with smaller market capitalizations.

The returns on a portfolio of securities which exclude companies that do not meet the portfolio's specified ESG criteria may trail the returns on a portfolio of securities which include such companies. A portfolio's ESG criteria may result in the portfolio investing in industry sectors or securities which underperform the market as a whole.

The information provided does not constitute investment advice and it should not be relied on as such. It should not be considered a solicitation to buy or an offer to sell a security. It does not take into account any investor's particular investment objectives, strategies, tax status or investment horizon. You should consult your tax and financial advisor.

STATE STREET

# **Important Disclosures (3)**

The trademarks and service marks referenced herein are the property of their respective owners. Third party data providers make no warranties or representations of any kind relating to the accuracy, completeness or timeliness of the data and have no liability for damages of any kind relating to the use of such data.

Investments in small/mid-sized companies may involve greater risks than in those of larger, better known companies.

Investing in high yield fixed income securities, otherwise known as junk bonds is considered speculative and involves greater risk of loss of principal and interest than investing in investment grade fixed income securities. These Lower-quality debt securities involve greater risk of default or price changes due to potential changes in the credit quality of the issuer.

Investing in futures is highly risky. Futures positions are considered highly leveraged because the initial margins are significantly smaller than the cash value of the contracts. The smaller the value of the margin in comparison to the cash value of the futures contract, the higher the leverage. There are a number of risks associated with futures investing including but not limited to counterparty credit risk, currency risk, derivatives risk, foreign issuer exposure risk, sector concentration risk, leveraging and liquidity risks.

Passively managed funds invest by sampling the index, holding a range of securities that, in the aggregate, approximates the full Index in terms of key risk factors and other characteristics. This may cause the fund to experience tracking errors relative to performance of the index.

There are risks associated with investing in Real Assets and the Real Assets sector, including real estate, precious metals and natural resources. Investments can be significantly affected by events relating to these industries.

# Oklahoma Municipal Retirement Fund Investment Policy, Guidelines and Objectives Defined Benefit (DB) Plan <u>Adopted Proposed</u> March <u>2021</u>2020

# I. Purpose

The following Statement of Investment Policy, Guidelines and Objectives (Investment Policy) has been established to provide guidance for consistent, informed decision making to those involved with the management and operation of the Oklahoma Municipal Retirement Fund (OkMRF). Those involved include but are not limited to the OkMRF Trustees and Staff, <u>Linvestment Mmanagers</u> and advisors, legal advisor(s), the <u>Linvestment C</u>eonsultant and any professional advisor helping to identify and facilitate the attainment of its investment objectives within the investment guidelines as set forth in this Investment Policy.

# II. Plan Background

OkMRF was established in 1966 to provide a retirement program for cities, towns, and municipal agencies in Oklahoma. Assets of OkMRF Members are pooled and invested in aggregate with investment managers worldwide. This allows for individual Members to achieve economies of scale and access to <u>I</u>+nvestment <u>M</u>+managers that they may not have achieved individually. Policies for OkMRF will be controlled by, and shall be in compliance with, the OkMRF Trust Indenture.

# III. Investment Philosophy

The primary fiduciary responsibility of the Trustees is to ensure that the assets of the Plan are responsibly and prudently managed in accordance with the actuarial needs of the Plan while adhering to sound and accepted financial investment procedures. The Prudent Person Rule shall govern the Trustees in their choice of investment alternatives as it may in its sole discretion elect from time to time.

The Trustees have consciously diversified the Plan to ensure that adverse or unexpected results from a security class will not have an excessively detrimental impact on the entire portfolio. Diversification is interpreted to include diversification by security type, characteristic, number of investments as well as by the investment styles of the management organizations.

Investment management will be delegated to external professional organizations or <u>I</u>investment <u>M</u>managers. The Trustees shall manage those monies not specifically allocated to <u>I</u>investment <u>M</u>managers as part of a cash portfolio handled by the Plan's <u>C</u>eustodian. It is the Trustees' intention to participate in investment strategies or vehicles that are free from any revenue-sharing agreements.

The Trustees shall invest the assets of the Plan solely in the best interest of the Membership, <u>Participants</u> and their beneficiaries for the exclusive purpose of providing benefits, to the <u>Membership</u>.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

# IV. Parties Associated with the Plan

#### A. Board of Trustees

- 1) Holds ultimate responsibility for the Plan and the appropriateness of its Investment Policy and its execution.
- 2) Retains <u>Ceonsultants</u>, <u>Linvestment Mmanagers</u>, <u>Recordkeeper</u>, <u>Custodian</u> and other advisors to implement and execute the Investment Policy as it relates to the Plan.
- 3) Reviews adequacy or need for change of this Investment Policy.
- 4) Meets with <u>I</u>investment <u>M</u>managers periodically and reviews quarterly reports concerning <u>I</u>investment <u>M</u>manager/fund asset management.
- 5) Administers the Plan.
- 6) Engages a custodian bank.
- 7) Adopts the <u>sS</u>tatement of Investment Policy, Guidelines and Objectives for the Plan including risk tolerance and asset allocation.
- 8) Responsible for reviewing and voting on matters put forth by the Investment Committee.
- 9) Conduct on-going due diligence on service providers.

# **B.** Investment Committee

At the direction of the Board Chairman, an Investment Committee will be formed. This Committee will meet as often as necessary, and will be on call by the Chairman of the Board, Investment Committee Chairman, or the OkMRF Chief Executive Officer (CEO). All Trustees are invited to attend Investment Committee meetings. In addition, the OkMRF CEO and/or Investment Consultant will attend Investment Committee meetings. The responsibilities of the Investment Committee, as directed by the Trustees, will include:

- 1) Review of Investment Policy and asset allocation.
- 2) Interview/review of Linvestment Mmanagers/funds and portfolio performance.
- 3) Collaborate with Investment Consultant.
- 4) Develop recommendations for Trustees' consideration and adoption.

<u>3)5)</u>Other investment related areas as directed by the Trustees.

The Investment Committee makes recommendations to the Trustees on investment related matters, and the Trustees will in turn vote on the action that should be taken by the Plan.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

# C. Investment Consultant

- Assists the Trustees in developing the Investment Policy, including asset class choices and risk tolerance objectives, as well as rebalancing recommendations, -asset allocation targets and diversification strategies.
- 2) Provides the Trustees with objective <u>education and</u> information on a broad spectrum of investment management topics and helps construct a portfolio management team of superior <u>I</u>investment <u>M</u>managers.
- 3) Monitors the performance and efficiency of the <u>Linvestment Mmanagers</u>/funds and provides regular <u>monthly and quarterly reports</u> to the Trustees, <del>which will aid in carrying out the intent of this Investment Policyand assists Trustees and Staff in monitoring changes in Investment Manager firms/funds including:</del>
  - a. Changes in management and/or personnel.
  - b. Major Changes in areas of responsibility.
  - c. Changes in assets gained or lost, as well as clients gained or lost.
  - d. Changes in investment philosophy, process or major strategies.
  - e. Changes in ownership and/or the portfolio manager.
  - a.f. Annual report on proxy voting records, if applicable.

3)4) Reports recommendations and conclusions to the Trustees as required.

- 5) Evaluates and makes recommendations, as needed, on other areas of investment.
- 1)6) Aids in Equity Long/Short and Custodian review<u>Recordkeeper and Custodian</u> review, search and selection.

# **D.** Investment Managers

- 1) Will have full discretion in the management of assets allocated to the <u>Linvestment</u> <u>mManagers</u>, subject to the Investment Policy set by the Trustees.
- 2) Serve as fiduciaries, responsible for specific security decisions.
- Will abide by duties, responsibilities and guidelines detailed in any specific <u>L</u>investment <u>M</u>manager agreement and side letter, if applicable.
- 4) Communications with the Trustees, <u>Investment CoCommittee nsultan</u>, <u>Stafft</u> and Investment Committee may include:
  - a) Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.

Oklaboma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

- b) On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- c) The Investment Consultant will assist the Trustees and Staff in monitoring changes in investment management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual report on proxy voting records, if applicable.

# E. Custodian

- 1) Acts in accordance with relevant custody agreements; complies with all applicable guidelines.
- 2) Reports all financial transactions and prepares periodic summaries of transactions, asset valuations and other related information as deemed appropriate by the Trustees.
- 3) Accepts and holds cash.
- 4) Meets as required with the Trustees and provides reports relative to the status of the Plan's investments.
- 5) Educates the Trustees regarding current and emerging best practices and regulatory requirements affecting the Plan.
- 6) Provides an annual <u>SSAE 16/SOC\_1</u> report evaluating the system design and operating effectiveness of related internal controls of respective integrated companies.
- 7) Services benefit payment processing.
- 8) Provides unitized Plan accounting by Member.

#### V. Asset Allocation Guidelines

The Trustees have adopted the asset allocation policy shown below for Plan assets. Target percentages have been determined for each asset class along with allocation ranges. Percentage allocations are intended to serve as guidelines; the Trustees will not be required to remain strictly within the designated ranges. Market conditions or an investment transition by asset class or <u>I</u>investment <u>M</u>manager may require an interim investment strategy. This can therefore result in a temporary imbalance from the target allocation ranges in the asset mix. Figures below reflect percentages of total DB assets, <u>effective January 29, 2021.</u>-

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

Asset Class	Minimum	Target	Maximum	Broad Asset Class Benchmark
Large Cap Equity	20%	25%	30%	S&P 500 Index
Small/Mid-Cap Equity	5%	10%	15%	Russell 2000 Index; Russell 2500 Index
Non-U.S. Equity	<del>10%<u>15%</u></del>	<del>20%</del> 25%	<del>30%<u>35%</u></del>	MSCI ACWI ex U.S. Index
Equity Long/Short	5%	10%	15%	MSCI ACWI Index
Fixed Income	<del>25%</del> 20%	<del>30%</del> 25%	<del>35%</del> <u>30%</u>	Bloomberg Barclays U.S. Aggregate Bond Index
Real Estate	0%	5%	10%	NCREIF Property Index

The Trustees approved this asset allocation in November 2014 January 2021.

# VI. Portfolio Rebalancing

<u>Portfolio rebalancing actions will be reviewed, and approved or ratified by with the Trustees at</u> <u>Board meetings.</u> Rebalancing to the above targets shall be made on a cash flow basis, as needed. <u>In the event of unusual or emergency circumstances and Should</u> the Plan moves outside the ranges beyond cash flow means of correcting, the OkMRF CEO with the advice of the Investment Consultant will review the allocations and shall have the authority to bring the asset allocation back within allowable ranges with reporting at the next scheduled Board <u>meeting</u>. <u>Portfolio rebalancing actions will be reviewed with the Trustees at Board meetings</u>.

# VII. Total Plan Objectives

The Plan's total return will be expected to provide equal or superior results over the following time periods: three years, five years, and ten years. The following guidelines will be used to evaluate performance:

- 1) An absolute return objective of 7.25%, which is the actuarial assumed rate of return for all\_<del>of the</del> Plan<sup>2</sup><del>s</del> Members.
- A relative return objective to outperform a policy index comprised of the following: <u>65%70%</u> MSCI All Country World Index (ACWI), <u>30%25%</u> Bloomberg Barclays U.S. Aggregate Bond Index and 5% NCREIF Property Index.
- 3) A relative Total Plan return objective of performing at or above the median peer in a manager universe with comparable equity allocations.
- 4) Volatility or standard deviation in line with that of the blended policy index, as described in Item 2, above.

# VIII. Mandate Specific Guidelines

In the cases where assets are managed in commingled funds or mutual funds, the Trustees will make its best efforts to utilize funds managed in strategies that are generally consistent

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

with this Investment Policy and the <u>Mm</u>andate <u>S</u>specific <u>G</u>guidelines listed below. Criteria utilized in the evaluation of mutual funds will be generally the same as that utilized in the evaluation of a separate account or commingled fund. Morningstar is a leading provider of mutual fund information and will be the primary source of both quantitative and qualitative information, to the extent this data is available on a timely basis, regarding mutual fund information, to the enter Alliance is a leading provider of commingled fund information and will be the primary source of both quantitative and qualitative information, to the extent this data is available on a timely basis, regarding commingled fund information and will be the primary source of both quantitative and qualitative information, to the extent this data is available on a timely basis, regarding commingled funds held in the OkMRF DB portfolio. An eEquivalent service providerbenchmark and or peer data -is not readily available for comparison purposes for the Equity Long/Short or Real Estate portfolios. However, <u>manager</u> performance metrics will still be monitored for qualitative and quantitative information when compared to historical portfolio measures.

The investment management style and process of each <u>Linvestment M</u>manager is important because of the manner in which each style blends with the structure of the total Plan; therefore, adherence to this discipline is a critical issue. The portfolio should be managed in a style consistent with the <u>Linvestment M</u>manager's other portfolios within the same investment mandate or product. Any significant deviation from the <u>Linvestment M</u>manager's stated style will require written approval from the Trustees.

# U.S. Large Cap Equity Guidelines

# Common Stock Guidelines

- A. The <u>I</u>-investment <u>M</u>-manager is expected to prudently diversify the portfolio across industry / economic sectors, number of securities and size of positions. U.S. Large Cap equity strategies can be implemented through separate accounts, commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.
- B. Equity securities shall mean common stocks, ADR's, or stocks of foreign corporations that trade primarily on a major U.S. exchange, and issues convertible into common stocks.
- C. Though short-term cash positions within the portfolio will fluctuate, the iInvestment <u>M</u>manager is expected to be 90% to 100% invested most of the time; however, if the <u>I</u>investment <u>M</u>manager believes that market conditions warrant it, the investment manager may reduce the equity holdings below 90%. If the equity holdings at any time fall below 90%, the Board will be notified as soon as practicable.

# Performance Criteria

- A. Investment <u>M</u>-manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, <u>five and five-years, seven years and ten years-</u> with an emphasis on three <u>year</u>, and five year and ten year -periods.
- B. The investment manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

# Performance Expectations

A. Passive indexing will be the primary method of accessing Large Cap U.S. Equity markets. Over a full market cycle, the overall large cap equity portfolio should outperform the broad based S&P 500 Index while underlying active investment managers should outperform the relevant style benchmark. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk and return profile of the appropriate benchmark(s). Over a full market cycle, the overall large cap equity portfolio should perform in-line with the broad-based S&P 500 Index on both an absolute and relative basis.

# Communications

<u>Investment Manager c</u>Communications with the Trustees<u>, and Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager Consultant shall report to will assist the Trustees, Investment</u> <u>Committee, and Staff and Investment Consultant in monitoring changes in I</u>investment <u>Mmanagement firms/funds, including:</u>
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual report on proxy voting records, if applicable.

# U.S. Small/Mid-Cap Equity Manager Guidelines

# Common Stock Guidelines

A. The <u>Linvestment Mmanager</u> is expected to prudently diversify the portfolio across industry /economic sectors, number of securities and size of positions. U.S. Small/Mid-Cap equity strategies can be implemented through separate accounts, commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager. <u>Separate accounts should be managed according to this Investment Policy Statement.</u>

- B. Equity securities shall mean common stocks, ADR's, or stocks of foreign corporations that trade primarily on a major U.S. exchange or over the counter market, and issues convertible into common stocks.
- C. Though short-term cash positions within the portfolio will fluctuate, the investment manager is expected to be 90% to 100% invested most of the time; however, if the investment manager believes that market conditions warrant it, the investment manager may reduce the equity holdings below 90%. If the equity holdings at any time fall below 90%, the Board will be notified as soon as practicable.

# Performance Criteria

- A. Investment <u>M</u>-manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, and five years, seven years and -ten years with an emphasis on three <u>year</u>, -and five year and ten year periods.
- B. The <u>Finvestment Mm</u>anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

# Performance Expectations

A. Over a full market cycle, the overall small/mid-cap equity portfolio should outperform the appropriate broad-based index (Russell 2000 or 2500 Index) while underlying active <u>I</u>investment <u>Mm</u>anagers should outperform the relevant style benchmark (Russell 2000 Value; Russell 2500 Growth). Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

# Communications

<u>Investment Manager c</u>Communications with the Trustees<u>, and Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>ConsultantManager\_will assist theshall report to</u> Trustees, <u>Investment</u> <u>Committee</u>, <u>and Staff and Investment Consultant in monitoring</u> changes in <u>I</u>investment <u>M</u>management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

- 3) Changes in assets gained or lost, as well as clients gained or lost.
- 4) Changes in investment philosophy, process-or major strategies.
- 5) Changes in ownership and/or the portfolio manager.
- 6) Annual report on proxy voting records, if applicable.

# Non-U.S. Equity Manager Guidelines (Developed and Emerging Market Managers)

# Non-U.S. Equity Guidelines

- A. The <u>I</u>+investment <u>M</u>-manager(s) will broadly diversify across country markets. Non-U.S. equity strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the <u>Investment M</u>-manager.
- B. Equity securities shall be of non-U.S. issues (including ADR's, convertible bonds and U.S. registered securities) whose principal markets are outside of the U.S.
- C. The <u>I</u>investment <u>M</u>manager shall use reasonable prudence and good judgment to diversify across regions, countries, sectors, <del>and</del> industries and currencies.
- D. Though short-term cash positions within the portfolio will fluctuate, the <u>L</u>investment <u>M</u>manager is expected to be 90% to 100% invested most of the time; however, if the <u>L</u>investment <u>M</u>manager believes that market conditions warrant it, the investment manager may reduce the equity holdings below 90%. If the equity holdings at any time fall below 90%, the Board will be notified as soon as practicable.

# Performance Criteria

- A. Investment <u>M</u>manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, <u>-and-five years, seven years and ten years</u> with an emphasis on three <u>year</u>, <u>-and-five year and ten year</u> periods.
- B. The <u>I</u>investment <u>M</u>manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

# Performance Expectations

A. Over a full market cycle, the overall non-U.S. equity portfolio should outperform the broad-based MSCI ACWI ex-U.S. Index. International developed equity iInvestment mManagers should outperform the MSCI EAFE Index and the relevant style benchmark, if appropriate, and emerging market equity Iinvestment Mmanagers should outperform the MSCI Emerging Markets Index. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

# Communications

<u>Investment Manager c</u>Communications with the Trustees, <u>and</u> Investment Committee, <u>Staff</u> and <u>Investment Consultant</u> may include:

  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual report on proxy voting records, if applicable.

# Equity Long/Short Manager Guidelines

# Common Stock Guidelines

- A. The equity long/short allocation will be implemented through multiple <u>Linvestment</u> <u>Mamanagers/underlying strategies</u>. Equity Long/Short strategies can be implemented through commingled funds. Commingled fund assets are expected to be managed within the guidelines set forth for each fund by the <u>Investment Mmanager</u>.
- B. In aggregate, the total portfolio of underlying <u>I</u>investment <u>M</u>managers/strategies should be prudently diversified across market capitalization, geography, industry/economic sectors, number of underlying <u>I</u>investment <u>M</u>managers and size of positions.

# Performance Criteria

- A. Investment <u>M</u>manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, <u>-and</u> five years, <u>seven years and ten years</u> with an emphasis on three <u>and</u>, five year <u>and ten year</u> periods.
- B. Investment <u>mM</u>anager performance will be evaluated on absolute return, relative return, volatility profile, and consistency with stated style.

# Performance Expectations

The total equity long/short portfolio shall be expected to meet the following performance objectives over a full market cycle are as follows:

- A. Outperform the MSCI ACWI Index and HFRI FOF: Strategic Index.
- B. Annualized volatility of approximately two-thirds or less than that of the MSCI ACWI Index as measured by standard deviation.
- C. Low relative beta and correlation to the MSCI ACWI Index.

#### Communications

<u>Investment Manager c</u>Communications with the Trustees, <u>and Investment Committee, Staff</u> <u>and Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager Consultant shall report to will assist the Trustees, Investment</u> <u>Committee, and Staff and Investment Consultant in monitoring</u> changes in <u>I</u>investment <u>M</u>management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual report on proxy voting records, if applicable.

#### **Fixed Income Manager Guidelines**

# Core Fixed Income Guidelines

- A. Eligible investments include, but are not limited to, obligations of the U.S. Government or U.S. Government agencies, corporate bonds, mortgages and mortgage backed securities (including CMBS), and other asset backed securities.
- B. The overall portfolio is expected to maintain an average credit quality of A<u>investment</u> grade or higher as rated by at least two of three rating agencies. (Standard & Poor's,

Moody's and/or Fitch). Core fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the <u>Investment Mm</u>anager.

- C. The portfolio's duration shall be managed to  $\pm 2$  years of the benchmark's duration. Prudent distribution across the yield curve in relation to the benchmark is also desired. Portfolio duration is monitored through a quarterly performance report provided by the Investment Consultant.
- D. Though short-term cash positions within the portfolio will fluctuate, the <u>I</u>investment <u>M</u>manager is expected to be 90% to 100% invested most of the time; however, if the <u>I</u>investment <u>M</u>manager believes that market conditions warrant it, the <u>I</u>investment <u>M</u>manager may reduce the fixed income holdings below 90%. If the fixed income holdings at any time fall below 90%, the Board will be notified as soon as practicable.

# Performance Criteria

- A. Investment <u>M</u>-manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, <u>and</u>-five years, <u>seven years and ten years</u> with an emphasis on three <u>year-, and</u>-five year <u>and ten year</u> periods.
- B. The <u>Linvestment Mm</u>anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

#### Performance Expectations

A. Active core fixed income iInvestment Mmanagers should outperform the broad-based Bloomberg Barclays U.S. Aggregate Bond Index over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

#### Communications

<u>Investment Manager c</u>Communications with the Trustees, <u>and</u> Investment Committee, <u>Staff</u> and <u>Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager Consultant will assist the shall repot to</u>-Trustees, <u>Investment</u> <u>Committee</u>, <u>and Staff and Investment Consultant</u> in <u>monitoring</u> changes in <u>I</u>investment <u>M</u>management firms/funds, including:
  - 1) Changes in management and/or personnel.

- 2) Major changes in areas of responsibility.
- 3) Changes in assets gained or lost, as well as clients gained or lost.
- 4) Changes in investment philosophy, process or major strategies.
- 5) Changes in ownership and/or the portfolio manager.
- 6) Annual Report on proxy voting records, if applicable.

# **Opportunistic Fixed Income Guidelines**

- A. The portfolio has the ability to invest in a broad range of fixed income securities including domestic, international, emerging market debt as well as high yield securities, TIPS, bank loans, non-agency mortgage backed securities and asset backed securities, municipals and convertible bonds. The <u>I</u>-investment <u>M</u>-manager will have the flexibility to invest in fixed income obligations issued by national governments, government agencies, supranational organizations, banks and corporations based on their opportunistic views of the market. The portfolio may include exposure to currencies other than the U.S. dollar.
- B. The overall portfolio is expected to maintain an average credit quality of BBB- or higher as rated by at least two of three rating agencies (Standard & Poor's, Moody's and/or Fitch). Opportunistic fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the <u>Investment Mm</u>anager.
- C. Though short-term cash positions within the portfolio will fluctuate, the <u>I</u>investment <u>M</u>manager is expected to be 90% to 100% invested most of the time; however, if the <u>I</u>investment <u>M</u>manager believes that market conditions warrant it, the <u>I</u>investment <u>M</u>manager may reduce the fixed income holdings below 90%. If the fixed income holdings at any time fall below 90%, the Board will be notified as soon as practicable.

# Performance Criteria

- A. Investment <u>M</u>manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, and <u>ff</u>ive years, seven years and ten years -with an emphasis on three <u>year</u>, -and five year <u>and ten year</u> periods.
- B. The <u>I</u>-investment <u>M</u>-manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

# Performance Expectations

A. Opportunistic fixed income iInvestment Mmanagers should outperform the Bloomberg Barclays Universal Bond Index over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis.

# Communications

<u>Investment Manager c</u>Communications with the Trustees<u>, and</u> Investment Committee<u>, Staff</u> and Investment Consultant may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager shall report to Consultant will assist the Trustees, Investment</u> <u>Committee, s and Staff and Investment Consultant in monitoring</u> changes in <u>I</u>investment <u>M</u>management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership or the portfolio manager.
  - 6) Annual Report on proxy voting records, if applicable.

# Liquid Absolute Return Fixed Income Guidelines

- A. The portfolio has an unconstrained mandate with the ability to invest in a broad range of fixed income securities including, but not limited to, domestic, international, emerging market debt as well as high yield securities, TIPS, bank loans, non-agency mortgage backed securities and asset backed securities, municipals and convertible bonds. The <u>Linvestment Mmanager will have the flexibility to invest in fixed income obligations</u> issued by national governments, government agencies, supranational organizations, banks and corporations based on their opportunistic views of the market. The portfolio may include exposure to currencies other than the U.S. dollar and to derivatives instruments as a means to hedge certain portfolio positions.
- B. The overall portfolio is expected to maintain an average credit quality of BBB- or higher as rated by at least two of three rating agencies (Standard & Poor's, Moody's and/or Fitch). Liquid absolute return fixed income strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the <u>Investment Mm</u>anager.

# Performance Criteria

A. Investment <u>M</u>manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months,

year to date, one year, three years, and five years, seven years and ten years with an emphasis on three year, and five year and ten year periods.

B. The <u>Linvestment Mmanager's performance</u> will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

# Performance Expectations

A. Liquid absolute return fixed income portfolios should meet or exceed the stated target return <u>of T-Bills + 4%</u> over a full market cycle. Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis.

# Communications

<u>Investment Manager c</u>Communications with the Trustees, <u>and</u> Investment Committee, <u>Staff</u> and <u>Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager shall report to Consultant will assist the Trustees, Investment</u> <u>Committee, and Staff and Investment Consultant in monitoring chch</u>anges in <u>Linvestment Mm</u>anagement firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.

3)4) Changes in investment philosophy, process or major strategies.

4)5) Changes in ownership and/or the portfolio manager.

5)6) Annual Report on proxy voting records, if applicable.

# **Real Estate Manager Guidelines**

# Core Real Estate Guidelines

A. The <u>iInvestment Mm</u>anager shall prudently diversify by geography, property type, size of the property and number of properties. Core real estate strategies can be implemented through commingled funds. Commingled fund assets are expected to be managed within the guidelines set forth for each fund by the <u>Investment Mm</u>anager.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

B. The <u>I</u>investment <u>M</u>manager is expected to invest in high-quality properties with the dual objective of providing income and capital appreciation. It is expected that the income component will comprise the majority of the portfolio's total return.

# Performance Criteria

- A. Investment <u>M</u>manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, and five years, seven years and ten years with an emphasis on three year, and five year and ten year periods.
- B. The <u>I</u>investment <u>M</u>manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

# Performance Expectations

A. Over a full market cycle, the overall real estate portfolio should outperform the broadbased NCREIF Property Index. Underlying core real estate <u>I</u>investment <u>M</u>managers should outperform the NFI ODCE Net Index and the median core real estate <u>I</u>investment <u>M</u>manager.

# Communications

<u>Investment Manager c</u>Communications with the Trustees<u>, and Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager Consultant will assist the shall report to</u> Trustees, <u>Investment</u> <u>Committee</u>, <u>and Staff and Investment Consultant in monitoring</u>-changes in <u>I</u>investment <u>M</u>management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual Report on proxy voting records, if applicable.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

# Value Added Real Estate Guidelines

- A. The <u>I</u>investment <u>M</u>manager shall prudently diversify by geography, property type, size of the property and number of properties. Value added real estate can be implemented through commingled funds. Commingled fund assets are expected to be managed within the guidelines set forth for each fund by the <u>Investment M</u>manager.
- B. The <u>I</u>-investment <u>M</u>-manager is expected to invest in properties that can be improved upon through development, renovation, re-leasing and where occupancy can be increased. Capital appreciation is expected to comprise a significant portion of the strategy's return, with income comprising the balance.

# Performance Criteria

- A. Investment <u>M</u>manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years, and five years, seven years and ten years with an emphasis on three <u>year</u>, and five year and ten year periods.
- B. The <u>Finvestment Mm</u>anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

# Performance Expectations

A. Over a full market cycle, the overall real estate portfolio should outperform the broadbased NCREIF Property Index. Underlying value added real estate <u>I</u>investment <u>M</u>managers should outperform the NFI ODCE Net Index by at least 100 basis points and the median <u>I</u>investment <u>M</u>manager within the relevant peer group.

# Communications

<u>Investment Manager</u> Communications with the Trustees, <u>and</u> Investment Committee, <u>Staff</u> and <u>Investment Consultant</u> -may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager shall report Consultant will assist to the Trustees, Investment</u> <u>Committee, and Staff and Investment Consultant in monitoring</u>-changes in <u>I</u>investment <u>Mmanagement firms/funds, including</u>:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

- 4) Changes in investment philosophy, process or major strategies.
- 5) Changes in ownership and/or the portfolio manager.
- 6) Annual Report on proxy voting records, if applicable.

### IX. Open Records

OkMRF complies with the Oklahoma Open Records Act, 51 O.S. §24A.1 to 24A.30. Reports and records are considered public documents and are available for inspection and/or copying in compliance with this act.

#### X.IX. Investment Manager Termination

Investment  $\underline{Mm}$  anagers or funds will be considered for termination or reduction in assets if one or more of the following occur:

- 1) Major changes in professional personnel.
- 2) Changes in the ownership structure of the firm.
- 3) Major changes in the investment process, philosophy or style.
- 4) Failure to follow specific guidelines as provided by Trustees/Consultant.
- 5) Substandard performance as determined by the Trustees with the assistance from the Investment Consultant.

This list is not all inclusive and the Trustees reserve the right to terminate <u>I</u>-investment <u>M</u>-managers at any time for any reason whatsoever. The <u>OkMRF CEOExecutive Director</u>, Trust Attorney and Investment Committee Chair can take action regarding emergency withdrawal of funds, as needed, if recommended by Investment Consultant.

# X. Open Records

OkMRF complies with the Oklahoma Open Records Act, 51 O.S. §24A.1 to 24A.30. Reports and records are considered public documents and are available for inspection and/or copying in compliance with this act.

# XI. Custodial Credit Risk

OkMRF is addressing custodial credit risk in the following categories:

# 1. Assets held in the OkMRF Trust accounts

The Trustees rely on Title 12 of the Code of Federal Regulations (i.e. 12 C.F.R.) Part 9 Section 9.13 issued by the Comptroller of the Currency. It states that a national bank shall keep the assets of the fiduciary accounts separate from the assets of the bank; thereby, not being subject to the Bank's creditors. Staff performs a due diligence review of the annual S<u>OC 1AS 70</u> report on the Trust Company's Controls placed in operation and tests of their operating effectiveness.

#### 2. Deposits held in non-trust accounts

The deposits held in one financial institution, which provides insurance on balances up to \$250,000 through the Federal Deposit Insurance Corporation (FDIC). OkMRF mitigates risk by having a Continuing Deposit Security Agreement in place with the bank on each of the operating cash accounts.

#### XII. Brokerage Commission Recapture

The Trustees have authorized a commission recapture program whereby certain brokers rebate <u>as agreed upon a portion 50% or more of</u> their commissions back to the Plan. The recapture brokers should provide monthly transaction reports and an annual summary to the Trustees or its representative(s) for review.

#### XIII. Proxy Voting

The Trustees are mindful of their fiduciary obligations with respect to the voting of proxies of companies whose securities are owned by the Plan. Because of the complexity of issues, it is the Trustees' belief that the <u>I</u>investment <u>M</u>managers are best suited to vote the proxies of shares held in the portfolio they manage.

Therefore, as part of the Investment Policy and iInvestment Mmanager Geuidelines, the Trustees delegate the authority to the Iinvestment Mmanagers to vote and report back to the Trustees at least annually, the voting of all proxies. The Trustees do, however, reserve the right to instruct Investment Managersmanagers how to vote on individual proxies.

Voting on all matters shall be in accordance with the <u>I</u>-nvestment <u>M</u>-manager <u>G</u>-guidelines and <u>PPoolicies</u> set forth herein, unless otherwise directed by the Trustees, for the exclusive sole benefit of the Plan, its Members and beneficiaries.

#### XIV. Securities Litigation Monitoring

OkMRF utilizes a third-party litigation monitoring service to assist in all securities litigation matters.

#### XV. Board Authority

Nothing contained herein will affect the authority of the Trustees of OkMRF to amend, alter or make exceptions to this Statement of Investment Policy, Guidelines and Objectives at any time. The policy of the Trustees will be to formally review this Investment Policy at least annually.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Benefit Plan

# Oklahoma Municipal Retirement Fund Investment Policy, Guidelines and Objectives Defined Contribution (DC) Plan <u>Adopted Proposed</u> March <u>2021</u>2020

# I. Purpose

The following Statement of Investment Policy, Guidelines and Objectives (Investment Policy) has been established to provide guidance to those involved with the management and operation of the Oklahoma Municipal Retirement Fund (OkMRF). Those involved include but are not limited to the OkMRF Trustees and Staff, <u>I</u>investment <u>Mm</u>anagers and advisors, legal advisor(s), the <u>I</u>investment <u>G</u>eonsultant and any professional advisor helping to identify and facilitate the attainment of its investment objectives within the investment guidelines as set forth in this Investment Policy.

# II. Plan Background

OkMRF was established in 1966 to provide a retirement program for cities, towns, and municipal agencies in Oklahoma. Assets of OkMRF members are pooled and invested in aggregate with <u>Linvestment Mmanagers</u> worldwide. This allows for individual members to achieve economies of scale and access to <u>Linvestment Mmanagers</u> that they may not have achieved individually. Policies for OkMRF will be controlled by and shall be in compliance with the OkMRF Trust Indenture.

# III. Investment Philosophy

The Trustees of the OkMRF <u>has have</u> endeavored to offer a number of investment alternatives to enable Participants to overcome differing investment objectives and risk tolerance. This Investment Policy will establish the guidelines for the investments making up these alternatives.

Investment management will be delegated to external professional organizations or Iinvestment Mmanagers. In the cases where assets are managed in commingled or mutual funds, the Trustees will make their best efforts to utilize funds that are managed in strategies that are generally consistent with this Investment Policy and the iInvestment Mmanager guidelines. It is the Trustees' intention to offer Plan Participants investment strategies and vehicles that are free from any revenue-sharing agreements.

The Prudent Person Rule shall govern the Trustees in its choice of investment alternatives as it may in its sole discretion elect from time to time. The primary investment focus of the Trustees will be to offer options that invest in common stocks (domestic and international), government and corporate bonds, real assets, short-term fixed income securities or cash equivalents. The Trustees may invest in other investment alternatives such as investment company shares (mutual funds), index funds, collective or commingled trust funds of banks or trust companies or insurance company general accounts. In addition, certain <u>il</u>nvestment <u>Mm</u>anagers may implement futures positions from time to time, in order to facilitate the purchase or sale of large securities positions in a timely manner.

The Trustees shall offer DC investment options solely in the best interest of the Participants for the exclusive purpose of providing benefits to the Participants.

# IV. Parties Associated with the Plan

#### A. Board of Trustees

- 1) Holds ultimate responsibility for the Plan and the appropriateness of its Investment Policy and its execution.
- 2) Retains <u>Ceonsultants</u>, <u>I</u>investment <u>Mmanagers</u>, <u>Rrecordkeeper</u>, <u>Custodian</u> and other advisors to implement and execute Investment Policy as it relates to the Plan.
- 3) Reviews adequacy or need for change of this Investment Policy.
- 4) Meets with <u>I</u>-investment <u>M</u>-managers periodically and reviews quarterly reports concerning investment manager/fund asset management.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Contribution Plan

The Investment Committee makes recommendations to the Trustees on investment related matters, and the Trustees will in turn vote on the action that should be taken by the Plan.

# C. Investment Consultant

- Assists Trustees in developing Investment Policy guidelines, including asset class choices and risk tolerance objectives, <u>rebalancing recommendations</u> asset allocation targets and diversification strategies for the <u>customized white label</u> fund options.
- Provides Trustees with objective <u>education and</u> information on a broad spectrum of investment management topics and helps construct a fund option lineup of superior <u>Linvestment Mmanagers</u>.
- 3) Monitors the performance and efficiency of the <u>I</u>investment <u>Mmanagers/funds</u><u>-and</u> provides regular <u>monthly and</u> quarterly reports to the Trustees <u>and assists Trustees and</u> <u>Staff in monitoring changes in Investment Manager firms/funds including</u>; <u>which will</u> <u>aid in carrying out the intent of this StatementPolicy</u>. The Investment Consultant will <u>assist the Trustees and Staff in monitoring changes in investment management</u> <u>firms/funds, including</u>:
  - a) Changes in management and/or personnel.
  - b) Major Changes in areas of responsibility.
  - c) Changes in assets gained or lost, as well as clients gained or lost.
  - d) Changes in investment philosophy, process or major strategies.
  - e) Changes in ownership and/or the portfolio manager.
  - f) Annual report on proxy voting records, if applicable.
- 4) Reports recommendations and conclusions to the Trustees as required.
- 5) Evaluates and makes recommendations, as needed, on other areas of investment.
- 6) Aids in Recordkeepers and Custodian review, search and selection.

# **D.** Investment Managers

- Will have full discretion in the management of assets allocated to the <u>Linvestment</u> <u>M</u>managers, subject to the Investment Policy set by the Trustees.
- 2) Serve as fiduciaries, responsible for specific security decisions.
- 3) Will abide by duties, responsibilities and guidelines detailed in any specific <u>iI</u>nvestment <u>Mm</u>anager agreement and side letter, if applicable.
- 4) Communications with the Trustees<u>, Investment Consultant</u> and Investment Committee may include:

- a) Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- b) On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- c) The Investment Consultant will assist the Trustees and Staff in monitoring changes in investment management firms/funds, including:
  - 1. Changes in management and/or personnel.
  - 2. Major changes in areas of responsibility.
  - 3. Changes in assets gained or lost, as well as clients gained or lost.
  - 4. Changes in investment philosophy, process or major strategies.
  - 5. Changes in ownership and/or the portfolio manager.
  - 6. Annual report on proxy voting records, if applicable.

#### E. Recordkeepers and Trustee/Custodian

- 1) Acts in accordance with relevant custody agreements; complies with all applicable guidelines.
- 2) Reports all financial transactions and prepares periodic summaries of transactions, asset valuations and other related information as deemed appropriate by the Trustees.
- 3) Accepts and holds cash.
- 4) Meets as required with the Trustees and provides reports relative to the status of the Plan's investments.
- 5) Educates the Trustees regarding current and emerging best practices and regulatory requirements affecting the Plan.
- 6) Provides an annual <u>SSAE 16/SOC\_1</u> report evaluating the system design and operating effectiveness of related internal controls of respective integrated companies.
- 7) Services distributions, investment elections and loan processing.

#### V. DC Fund Options

The Oklahoma Municipal Retirement Fund DC Plan is comprised of the following options:

- 1) Voya Fixed Plus III
- 2) Bond Index Fund
- 3) Total Yield Bond Fund
- 4) Real Assets Fund

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Contribution Plan

- 5) S&P 500 Index Fund
- 6) Growth & Value Equity Fund
- 7) Global Equity Fund
- 8) International Investment Equity Fund
- 9) Aggressive Equity Fund
- 10) Target Retirement Funds
- 11) Environmental, Social and Governance (ESG) U.S. Stock Fund
- 12) Self-Directed Brokerage

Plan Participants may select between these options in allocations of their choosing. However, these allocations must be in one-percent (1%) increments.

Option	Description		
Voya Fixed Plus III	Option comprised of annuity contracts issued by Voya Retirement Insurance and Annuity Company (VRIAC) whose purpose is to provide stability of principal. Annuity contracts are backed by VRIAC's general account.		
Bond Index Fund	Provides broad exposure to the U.S. investment-grade fixed income market while tracking the performance of the Bloomberg Barclays U.S. Aggregate Bond Index.		
Total Yield Bond Fund	Investment <u>Mm</u> anagers who focus on U.S. and non-U.S. fixed income markets, including investment grade securities, high yield, emerging market debt, non-U.S. sovereign debt, etc. Investment <u>Mm</u> anagers that utilize a core, core plus, opportunistic or liquid absolute return strategy may be used in this option.		
Real Assets Fund	Option comprised of real estate investment trusts (REITs), commodities and Treasury Linflation-Pprotected Securities (TIPS) components whose purpose is to provide further diversification and an inflation hedge.		
S&P 500 Index Fund	Provides broad exposure to the domestic equity market while tracking performance of the S&P 500 Index.		
Growth & Value Fund	Investment <u>M</u> managers who focus mainly on U.S. Large Cap Equity with complementary style disciplines whose purpose is to provide capital appreciation by investing in their respective styles.		
Global Equity Fund	Provides broad exposure to the global equity market while tracking performance of the MSCI ACWI Index.		
International Investment Equity Fund	Investment <u>M</u> managers who focus on developed international (non-U.S.) and emerging market equities that have potential for capital appreciation. Investment <u>M</u> managers that utilize complementary style disciplines may be used in this option.		

Oklaboma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Contribution Plan

Option	Description	
Aggressive Equity Fund	Investment <u>Mm</u> anagers who focus on small and mid- capitalization equities that historically have provided higher returns and been more volatile than their large capitalization counterparts. Investment <u>Mm</u> anagers may be selected for their complementary style disciplines.	
Target Retirement Funds	Provides strategic passive investment approach through a combination of underlying stock, bond and inflation-protected fundsreal assets. Investment allocation amongst funds is based on pre-determined glide path structure and Participant's target retirement date.	
ESG U.S. Stock Fund	Provides exposure to established domestic mid and large cap equities, while positively impacting environmental, social and/or governance issues while tracking performance of the Russell 1000 Index.	
Self-Directed Brokerage	Allows Participants to invest in mutual funds and exchange- traded funds not otherwise available in the OkMRF investment fund lineup.	

# VI. Portfolio Rebalancing

Given that Plan Participants are able to select the asset allocation that best fits their needs, portfolio rebalancing will be initiated by individual Participants based on their specific situations and needs. The exceptions to this will be the Target Retirement Funds, which will be automatically rebalanced to the appropriate asset allocation targets based on the Participant's target retirement date and positioning on the glide path, and white label f-customized funds listed in Exhibit A. Target Retirement Fund allocations are adjusted by the Investment Manager at least quarterly. Customized White label fund options are rebalanced to target weights quarterly on the first business day of each new quarter.

# VII. Mandate Specific Guidelines

In the cases where assets are managed in commingled or mutual funds, the Trustees will make their best efforts to utilize funds managed in strategies that are generally consistent with this Investment Policy and the <u>M</u>mandate <u>Sepecific Ge</u>uidelines listed below. Criteria utilized in the evaluation of mutual funds will be generally the same as that utilized in the evaluation of a separate account or commingled fund. Morningstar is a leading provider of mutual fund information, and will be the primary source of both quantitative and qualitative information, to the extent this data is available on a timely basis, regarding mutual funds held in the OkMRF DC options. Evestment Alliance is a leading provider of commingled fund information, and will be the primary source of both quantitative information, to the extent this data is available on a timely basis, regarding commingled funds held in the OkMRF DC options.

The investment management style and process of each Linvestment Mmanager is important because of the manner in which each style blends with the structure of the total OkMRF investment options; therefore, adherence to this discipline is a critical issue. The portfolio should be managed in a style consistent with the Linvestment Mmanager's other portfolios within the same investment mandate or product.

# U.S. Large Cap Equity Guidelines

Fund options covered by the U.S. Large Cap Equity Guidelines are the large capitalization equity <u>I</u>investment <u>M</u>managers utilized in the Growth & Value Fund and the S&P 500 Index Fund.

# Common Stock Guidelines

- A. The <u>Linvestment Mmanager</u> is expected to prudently diversify the portfolio across industry/economic sectors, number of securities and size of positions. U.S. Large Cap equity strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.
- B. Equity securities shall mean common stocks, ADR's, or stocks of foreign corporations, which trade primarily on a major U.S. exchange, and issues convertible into common stocks.

# Performance Criteria

- A. Investment <u>Mm</u>anager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years<u>and</u> five years<u>seven years</u> and ten years with an emphasis on three <u>year</u>, <u>and</u> five year and ten year periods.
- B. The <u>Linvestment Mm</u>anager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

# Performance Expectations

A. Over a full market cycle, the overall large cap equity portfolios should outperform the broad-based S&P 500 Index while underlying active Linvestment Mmanagers should outperform the relevant style benchmark (Russell 1000 Value or Russell 1000 Growth Index). Relative performance should be above median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk and return profile of the appropriate benchmark(s).

# Communications

<u>Investment Manager c</u>Communications with the Trustees, <u>and</u> Investment Committee, <u>Staff</u> and <u>Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.

- C. The Investment <u>ManagerConsultant shall report to will assist the</u> Trustees, <u>Investment</u> <u>Committee</u>, <u>and</u> Staff<u>and Investment Consultant</u> in <u>monitoring</u> changes in <u>I</u>investment <u>Mmanagement firms/fund</u>, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual report on proxy voting records, if applicable.

# U.S. Small/Mid-Cap Equity Manager Guidelines

Fund option covered by the U.S. Small/Mid-Cap Equity Manager Guidelines is the Aggressive Equity Fund.

# Common Stock Guidelines

- A. The <u>I</u>investment <u>Mm</u>anager is expected to prudently diversify the portfolio across industry/economic sectors, number of securities and size of positions. - B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager Consultant will assist the shall report to</u> Trustees, <u>Investment</u> <u>Committee</u>, <u>and Staff and Investment Consultant</u> in <u>monitoring</u> changes in investment management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual Report on proxy voting records, if applicable.

### **Real Assets Manager Guidelines**

Fund option covered by the Real Assets Manager Guidelines is the Real Assets Fund.

### Real Assets Guidelines

- A. The <u>Linvestment Menanager</u> is expected to prudently diversify the portfolio across industry/economic sectors, number of securities and size of positions. Real assets strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.
- B. Eligible investments include real estate investment trusts (REITs), direct real estate, physical commodities investments, commodities derivative instruments (such as futures contracts), and treasury inflation protected securities (TIPS), which trade primarily on a major U.S. exchange or over the counter market.

### Performance Criteria

- A. Investment <u>M</u>manager performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years<u>-and</u>, five years<u>, seven years and ten years</u>-with an emphasis on three <u>year</u>, <u>-and</u> five year and ten year periods.
- B. The <u>iI</u>nvestment <u>M</u>manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Contribution Plan

### Performance Expectations

A. Real assets portfolios allocations should outperform the appropriate <u>custom blended</u> <u>benchmark broad-based index (25%</u> Bloomberg Commodity Index, <u>40%</u> Bloomberg Barclays U.S. TIPS Index, <u>or-andthe 35%</u> Dow Jones U.S. Select REIT Index) over a full market cycle. Relative performance should be above the median over a market cycle when compared to relevant peer groups. Although performance expectations are established for a market cycle, performance comparisons to relevant peer groups will be on an on-going basis. Passive strategies are expected to match the risk return profile of the appropriate benchmark(s).

### Communications

<u>Investment Manager c</u>Communications with the Trustees, and Investment Committee, <u>Staff</u> and <u>Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager shall report Consultant will assist the to</u> Trustees, <u>Investment</u> <u>Committee</u>, <u>and Staff and Investment Consultant in monitoring</u> changes in investment management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual Report on proxy voting records, if applicable.

### **Stable Value Guidelines**

Fund option covered by the Stable Value Guidelines is the Voya Fixed Plus III Fund.

### Stable Value Guidelines

A. Eligible investments include, but are not limited to, U.S. Government and Government agency securities, U.S. and foreign corporate bonds, mortgage loans, asset-backed securities, <u>derivatives, limited partnerships, corporate and municipal bonds</u> and equity securities. This fund option is managed as a general account annuity contract. The <u>s</u>-table <u>v</u>-talue f-f-und guarantees a minimum interest rate but may credit interest that exceeds the minimum rate.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Contribution Plan The guaranteed interest rates are backed by the general account<u>of the iInvestment</u> <u>Mmanager</u>.

### Performance Criteria

A. Investment <u>Mmanager</u> performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years<u>and</u>-five years<u>seven years and ten years</u>-with an emphasis on three <u>year</u>, and five year<u>and ten year</u>-periods.

### Performance Expectations

A. The <u>I</u>investment <u>M</u>manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style relative to similar fixed income strategies.

### Communications

<u>Investment Manager c</u>Communications with the Trustees<u>, and Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment <u>Manager Consultant will assist theshall report to</u>-Trustees, <u>Investment</u> <u>Committee</u>, <u>and Staff and Investment Consultant in monitoring</u> changes in investment management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual Report on proxy voting records, if applicable.

## **Target Retirement Fund Guidelines**

Fund option covered by the Target Retirement Guidelines is the Target Retirement Funds.

## Target Retirement Guidelines

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Contribution Plan

A. The Target Retirement Funds offered to OkMRF-DC plan Participants are mutual fund-offund strategies. The Target Retirement Date vintages will be updated on a rolling 5 year time horizon. These funds may invest in the following disciplines: domestic equity, international equity, fixed income, commodities, REITs and inflation protected strategies. Target Retirement Fund strategies can be implemented through commingled funds or mutual funds. Commingled and mutual fund assets are expected to be managed within the guidelines set forth for each fund by the manager.

### Performance Criteria

- A. Investment <u>Mmanager</u> performance shall be monitored over current and long-term time periods. Performance will be reviewed over the following time periods: three months, year to date, one year, three years and <u>,</u> five years, <u>seven years and ten years</u> with an emphasis on three <u>year</u>, and five year and ten year periods.
- B. The <u>I</u>investment <u>M</u>manager's performance will be evaluated on absolute return, relative return, volatility profile and consistency with stated style relative to similar target retirement fund strategies.

### Performance Expectations

A. The overall goal for the Target Retirement Funds is to provide a risk-return profile that matches the appropriate Target Retirement benchmark allocation.

### Communications

<u>Investment Manager c</u>Communications with the Trustees<u>, and Investment Consultant</u> may include:

- A. Quarterly reports, including actions taken in the portfolio, the current outlook and expected changes in the portfolio.
- B. On a quarterly basis, performance results should be compared to the performance objectives outlined for the specific mandate located under Mandate Specific Guidelines of this Investment Policy.
- C. The Investment Consultant will assist the Trustees and Staff in monitoring changes in investment management firms/funds, including:
  - 1) Changes in management and/or personnel.
  - 2) Major changes in areas of responsibility.
  - 3) Changes in assets gained or lost, as well as clients gained or lost.
  - 4) Changes in investment philosophy, process or major strategies.
  - 5) Changes in ownership and/or the portfolio manager.
  - 6) Annual Report on proxy voting records, if applicable.

### VIII. Self-Directed Brokerage (SDB)

The Trustees have permitted the use of a SDB option, allowing Participants to make investments not otherwise available in the investment fund lineup. Participants can, at their sole discretion, expense and risk, access the SDB option through the Recordkeeper. Investments in this option are limited to approved mutual funds and exchange-traded funds available on the SDB platform. No greater than 25% of a Participant's vested account balance can be invested through the brokerage window at a given time.

### VIII. Open Records

OkMRF complies with the Oklahoma Open Records Act, 51 O.S. §24A.1 to 24A.30. Reports and records are considered public documents and are available for inspection and/or copying in compliance with this act.

### IX. Investment Manager Termination

Investment <u>M</u>managers or funds will be considered for termination or reduction in assets if one or more of the following occur:

- 1) Major changes in professional personnel.
- 2) Changes in the ownership structure of the firm.
- 3) Major changes in the investment process, philosophy, or style.
- 4) Failure to follow specific guidelines as provided by Trustees/Consultant.
- 5) Substandard performance as determined by the Trustees with the assistance from the iInvestment <u>Ce</u>onsultant.

This list is not all inclusive and the Trustees reserves the right to terminate <u>Investment</u> <u>Mm</u>anagers at any time for any reason whatsoever. The <u>OkMRF</u> <u>Executive DirectorCEO</u>, Trust Attorney and Investment Committee Chair can take action regarding emergency withdrawal of funds, as needed, if recommended by Investment Consultant.

### X. Open RecordsSelf-Directed Brokerage (SDB)

The Trustees have permitted the use of a SDB option, allowing Participants to make investments not otherwise available in the investment fund lineup. Participants can, at their sole discretion, expense and risk, access the SDB option through the <u>Rrecordkeeper</u>. Investments in this option are limited to approved mutual funds and exchange-traded funds available on the SDB platform. No greater than 25% of a Participant's balance can be invested through the brokerage window at a given timeOkMRF complies with the Oklahoma Open Records Act, 51 O.S. §24A.1 to 24A.30. Reports and records are considered public documents and are available for inspection and/or copying in compliance with this act.

Oklahoma Municipal Retirement Fund Statement of Investment Policy, Guidelines and Objectives - Defined Contribution Plan

## XI. Board Authority

Nothing contained herein will affect the authority of the Trustees of OkMRF to amend, alter or make exceptions to this Statement of Investment Policy, Guidelines and Objectives at any time. The policy of the Trustees will be to formally review this Investment Policy at least annually.

Oklahoma Municipal Retirement Fund Defined Contribution Plan US Large Cap Growth Manager Search

March 26, 2021

We are proud to announce that ACG has been named a Greenwich Associates Quality Leader – recognized as one of the top consultants in the industry. This award is based on a number of factors, and a culmination of extensive nationwide interviews with institutional investors. We are grateful to have been given this honor.

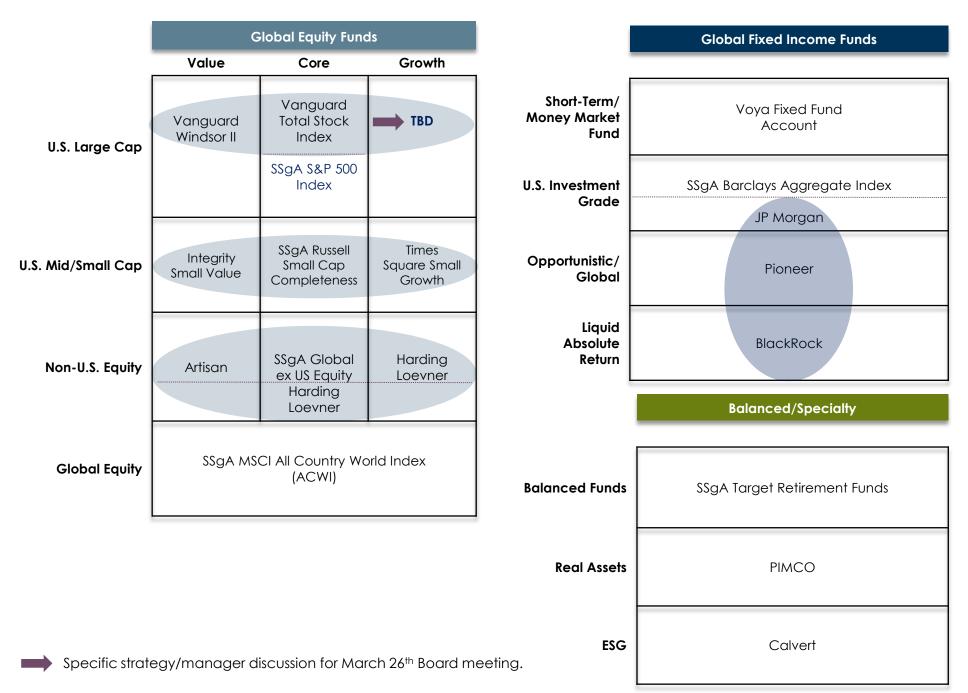

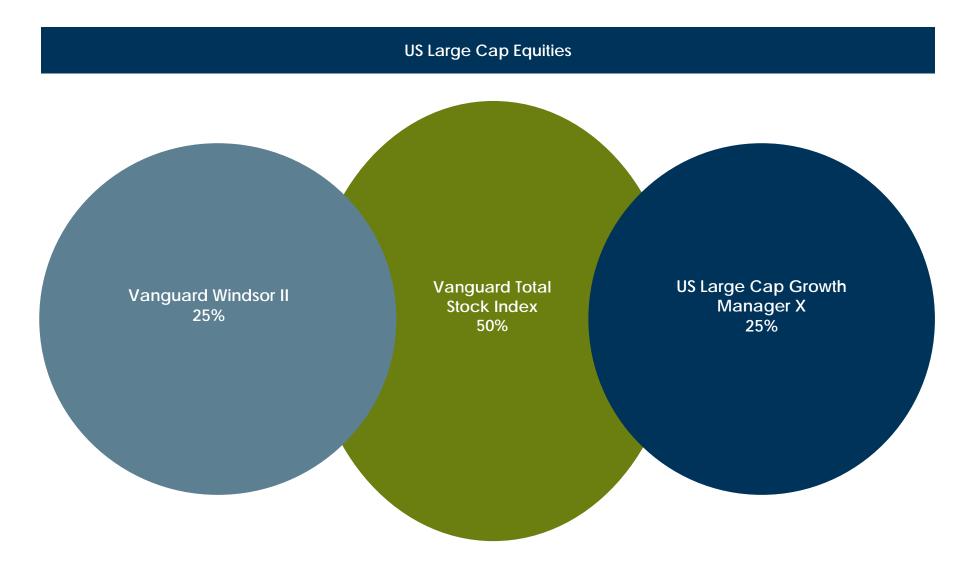

# Table of Contents

Tab 1	Overview
Tab 2	Firm & Strategy Comparisons
Tab 3	Portfolio Analysis
Tab 4	Manager Profiles

Overview

- OkMRF's Defined Contribution Plan (DC Plan) is diversified across stocks, bonds and real assets.
- Within the DC Plan's investment lineup, **multiple white label funds are offered** to provide participants with the appropriate investment diversification while concurrently keeping the number of investment options low.
- The Growth & Value Option is one of the DC Plan's white label funds and is diversified across the US Large Cap Value, US Large Cap Core and US Large Cap Growth spectrum.
- Within the Growth & Value Option, the current US Large Cap Growth strategy is Fred Alger Capital Appreciation. Despite strong absolute and relative performance, Fred Alger has announced a series of analyst departures from their investment team over the last year.
- Additionally, in mid-February, Fred Alger announced that Dr. Ankur Crawford (Executive Vice President and Portfolio Manager) would be leaving the firm. Since Dr. Crawford is a key decision-maker and vital part of the Capital Appreciation strategy, this departure leads to a material change in our investment thesis.
- As such, at the February Board meeting, ACG recommended that OkMRF review potential replacement managers for the US Large Cap Growth role within the Growth & Value Option.
- Three candidate managers will be reviewed and discussed today for the Board's consideration.

- The construct of the Growth & Value option is designed to provide diversified exposure to US Large Cap Equities while simultaneously keeping fees low for participants.
- This dual-mandate is accomplished through a core-satellite approach, with a passive index fund fulfilling the core role and activelymanaged strategies serving in the satellite roles.

## **Defined the Mandate**

- Determined that we are looking for investment managers that meet these specific criteria:
  - Proven track record of superior investment performance
  - Consistency of people, philosophy, and process
  - Managers with a style of investing that will complement the existing Growth & Value Option
  - Reasonable fees, where achievable
  - Vehicle(s) available for DC assets with no revenue-sharing arrangements in place on Voya's platform

## **Screened Universes**

 Screened internal and external databases for managers who exhibit attractive performance relative to benchmarks and peers on a variety of quantitative metrics, including rolling absolute returns (3-, 5- and 10-years), risk adjusted returns (sharpe and information ratio), and up/down capture ratios.

## Selected Initial List of Candidate Managers

- Based upon the criteria outlined above, ACG reviewed the following list of 4 managers for the mandate:
  - Polen Focus Growth
  - Sands Capital Select Growth
  - T. Rowe Price Large Cap Growth
  - Winslow Large Cap Growth

## **Selected Finalist Candidates**

- After more thorough review and due diligence, ACG recommends that the Board consider one of the following managers/strategies as we believe that they are most appropriate given their complementary style to the existing portfolio structure:
  - Sands Capital Select Growth
  - T. Rowe Price Large Cap Growth
  - Winslow Large Cap Growth

### Investment Thesis

Sands Capital maintains a single growth-oriented investment philosophy that has been applied across the firm for over two decades. Their philosophy is rooted in the belief that over time common stock price appreciation follows the earnings power and growth of the underlying business. They act on this belief by: 1) identifying high-quality, wealth-creating growth businesses using a fundamental, business-focused research approach; 2) constructing concentrated and conviction-weighted portfolios; maintaining a long-term investment horizon. Because Sands Capital's Select Growth strategy is concentrated and conviction-weighted, the portfolio has a great deal of tracking error and volatility. However, when viewed through longer time frames, the strategy has historically outperformed the Russell 1000 Growth index. This strategy is a good supplement for investors with a higher risk tolerance and are comfortable with portfolio fluctuations.

### Select Growth Russell 1000 Growth

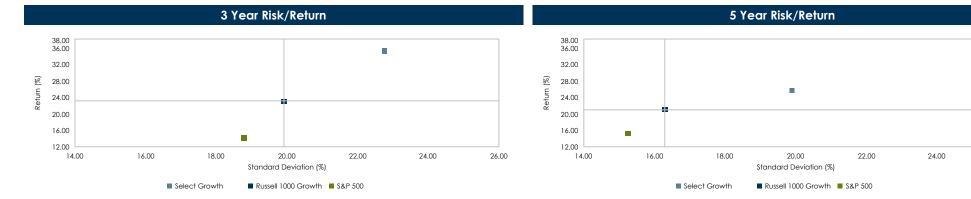

#### Commentary

The Sands Select Growth composite outperformed its Russell 1000 Growth by approximately 660 bps in the fourth quarter of 2020. This quarter was a continuation of the strategy's success in 2020, finishing the year ahead of the benchmark by nearly 33% in an environment favorable for growth style investing. Sands' investment approach results in a portfolio of high-earnings growth companies, many of which benefited from the COVID-19 shutdowns and work-from-home policies in place for much of 2020. At the end of the year, companies falling under the Communication Services and Information Technology sectors comprised nearly two-thirds of the portfolio. Following the 72% absolute return in 2020, the strategy has delivered solid outperformance over longer time frames, generating annualized +1,220 and +465 over three-and five-year periods, respectively.

#### Investment Thesis

The Large Cap Growth portfolio management team consists of three managers: Larry Puglia, Joseph Fath, and Taymour Tamaddon. Each portfolio manager runs a Large Cap Growth strategy at T. Rowe Price with the major difference being the number of names in the portfolio. The Large Cap Growth strategy is ran by Taymour and the Large Cap Growth strategy is the most concentrated of the three strategies with about 60-75 names at any one time. All three of the portfolio managers are extremely knowledgeable and know each name in the portfolio to the degree most analysts would know a name. This is largely because each of the three portfolio managers used to be an analyst and were then promoted to portfolio managers because of their strong analytical talents. Furthermore, T. Rowe Price maintains a large team of skilled sector analysts which provide additional analytical resources for the portfolio managers. The Large Cap Growth Stock Strategy effectively capitalizes on the combined abilities of each of these sector teams as well as a strong portfolio manager leadership to create a portfolio of what they feel are the best large cap growth names for the long term.

#### Commentary

The T. Rowe Price Large Cap Growth composite outperformed its Russell 1000 Growth benchmark by 144 bps (12.83% vs. 11.39%) in the fourth quarter of 2020. Information Technology was the largest detractor from relative performance, as the portfolio's underweight allocation to the sector and negative stock selection effects were headwinds. Exposure within Communication Services drove outperformance for the quarter, as the strategy's outsized allocation to the sector and positive stock picks contributed roughly 150 bps in positive relative return. At the end of the quarter, over 90% of the portfolio's assets were allocated to growth-oriented sectors, such as Communication Services, Health Care, Information Technology, and Consumer Discretionary. The strategy has added value over longer annualized periods, generating +90 bps and +120 bps over three- and five-year periods, respectively. (% M kt Value)

### Investment Thesis

As the only strategy that Winslow manages, the large cap growth portfolio has the investment team's full dedication. Overseen by CIO and founder Clark Winslow, portfolio managers Justin Kelly and Patrick Burton, who have led the strategy together for over ten years, are supported by a growing team of sector-specific analysts. The team has, over time, applied a consistent philosophy and process during all market cycles. Since inception performance has been very strong, and this product consistently ranks in the upper half versus peers. We expect this strategy to continue to perform well across many different market cycles.

Market Cap

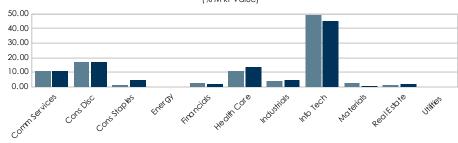

#### Commentary

Winslow's Large Cap Growth strategy lagged its Russell 1000 Growth benchmark by 181 bps (+9.58% vs. +11.39%) in the fourth quarter of 2020. Holdings within Information Technology and Consumer Discretionary were primarily responsible for the portfolio's underperformance again this quarter, similar to 3Q, as the portfolio underweighted large, outperforming stocks within each sector. Relative performance missed slightly in 2020 with a strong absolute return (+38.31% vs +38.49%) and annualized active returns are mixed at +183 bps and -37 bps over 3- and 5-year periods, respectively.

# Certification

This report presents the actuarial position of the member plans of the Oklahoma Municipal Retirement Fund as of July 1, 2020, in accordance with generally accepted actuarial principles applied on a basis consistent with the preceding valuation. The purpose of the valuation is to determine the required contribution for the retirement program effective July 1, 2021.

The valuation results in this report are based on participant data provided by the member employers and financial data provided by the Oklahoma Municipal Retirement Fund.

In our opinion, each assumption used in combination to calculate liabilities and costs represents our best estimate of anticipated experience under the plan and is reasonably related to the plan experience and to reasonable expectations.

- E Summary of Plan Provisions and Actuarial Method and Assumptions
- F Summary of Plan Participants

# A Comparison of Required Contribution Rates

The exhibit in this section shows the required contribution rates determined by the July 1, 2020 actuarial valuation. These rates will be in effect from July 1, 2021 through June 30, 2022. The following information is presented for each city:

- Whether the plan has an unfunded actuarial liability or a surplus (*UAL or Surplus*). In general, the unfunded actuarial accrued liability is amortized as a level dollar amount over a fixed 30-year period; this amount is then added to the normal cost to determine the total annual cost. For plans that have a surplus, the total annual cost is the normal cost reduced by interest on the surplus.
- The *total rate*. This is the aggregate contribution rate determined under the July 1, 2020 valuation for each plan. The total rate is generally equal to the total annual cost as a percentage of covered payroll, but not less than the employee contribution rate. If employees make hybrid contributions, the hybrid contribution rate is added to the total rate. The rate determined under the July 1, 2019 valuation is also shown for comparison.
- The *employee rate*. This rate, determined by plan provisions, is the percent of pay to be contributed to the plan by employees for the 2021-2022 plan year, and is equal to the employee contribution rate plus the hybrid contribution rate. The employer rate is generally determined by subtracting the employee contribution rate from the total rate. If the employee contribution rate actually exceeds the total annual cost because of favorable plan experience in the past (that is, investment performance better than assumed, or demographic changes more favorable than assumed), then the required employer contribution rate is 0.00%.
- A brief summary of the *plan provisions* elected in the adoption agreement. See Section E for a more detailed description of the plan provisions of the OkMRF Master Plan.
- Those cities which have upgraded the plan level or changed another fundamental plan provision since the prior valuation are indicated in the final column.

### Change in Contribution Rate from July 1, 2020 to July 1, 2021 as Percent of Covered Payroll

# **B** Comparison of Plan Assets and Obligations

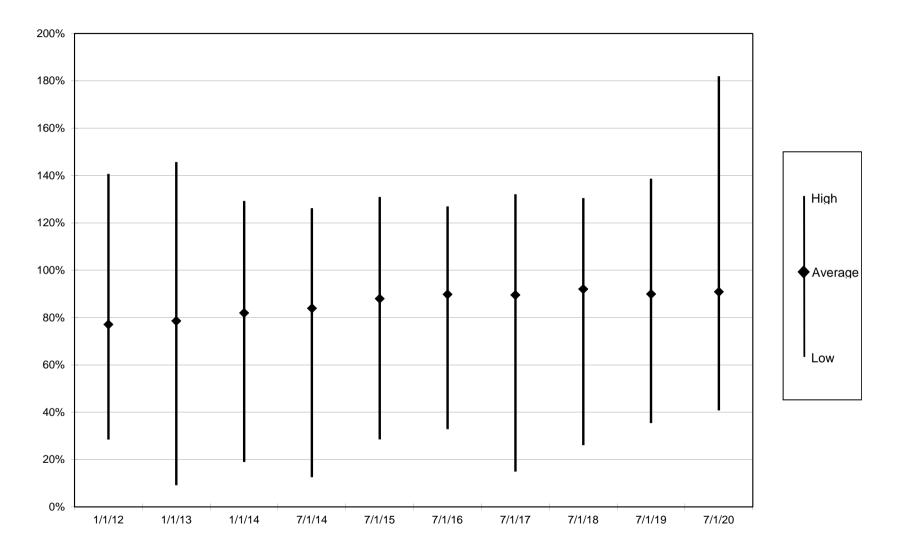

The exhibit in this section shows the plan assets and obligations as of July 1, 2020, disclosure information formerly required under GASB 50 for information purposes only, and the number of active and nonactive participants. The following is presented for each plan with active participants:

- The *cost method* used for the plan. The entry age normal (EAN) cost method is used for all plans except Bartlesville, which uses the unit credit (UC) cost method. See Section E for a further description of the actuarial cost methods.
- The *valuation assets*. The valuation assets are generally the actuarial value of assets. For hybrid plans, however, the employee hybrid account balances are subtracted from the actuarial value of assets to determine the valuation assets. See Section D for the development of the actuarial value of assets.
- The *valuation payroll*. This is the total compensation paid in fiscal year 2020 to employees who were active participants on July 1, 2020. Pay for employees who worked less than a full year in fiscal 2020 is annualized in determining valuation payroll.
- The *present value of benefits (PVB)*. This is the total of all future benefits expected to be paid to plan participants as of July 1, 2020, discounted to the valuation date at the assumed rate of return (7.25% for all plans). The PVB is shown separately for active and nonactive participants.
- The *actuarial accrued liability (AAL)*. This amount is the liability for benefits attributable to past service under the cost method used for determining the required contribution rate.
- The *unfunded actuarial accrued liability (UAAL)*. This amount is the excess of the actuarial accrued liability over the valuation assets. If the assets exceed the actuarial accrued liability, the surplus is reported as a negative unfunded liability.
- The *funded ratio* is the valuation assets as a percent of the actuarial accrued liability.
- The *unfunded UAAL as % of val pay* is the unfunded actuarial accrued liability as a percent of valuation payroll.
- The number of *active and nonactive participants* included in the valuation. See Section F for more details on the participants included in the valuation.
- The *accumulated benefit obligation (ABO)*. This is the total of all benefits actually accrued under the plan as of July 1, 2020, discounted to the valuation date at the assumed rate of return (7.25% for all plans).

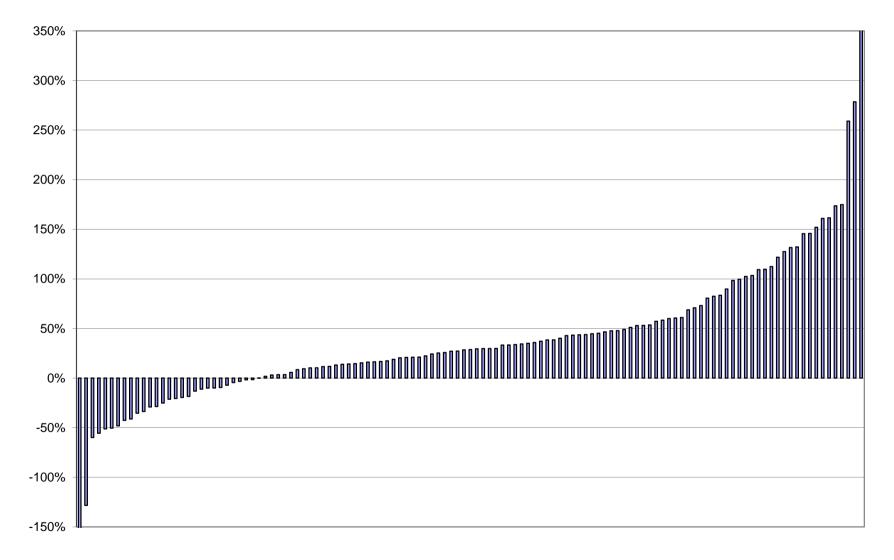

Funded Ratio as of 7/1/2020

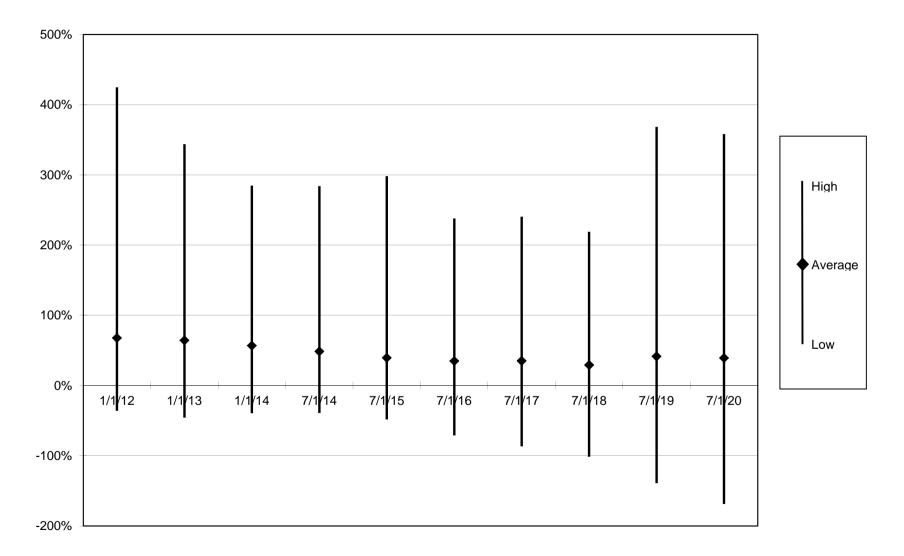

# **Funded Ratios**

# C Funded Status of Plans with No Further Benefit Accruals

There are 7 plans that no longer have employees accruing benefits under the plan, but still have assets in the OkMRF Master Trust for paying benefits to nonactive participants. The following pages show key financial information for each of these plans:

- The number of participants due benefits from the Trust, both in total and by category. The participant categories are active employees with frozen benefits, retirees receiving benefits, beneficiaries of deceased participants entitled to benefits, participants receiving disability benefits, vested participants entitled to future benefits, and nonvested participants entitled only to a refund of their employee contributions with interest. See Section F for more details on the participants included in the valuation.
- The *present value of benefits*. This is the total of all future benefits expected to be paid to plan participants as of July 1, 2020, discounted to the valuation date at the assumed rate of return (7.25%). The present value of benefits is shown separately by participant category.
- The *market value of assets*. Assets for cities with no active participants accruing benefits are valued at fair market value. See Section D for more detail on the trust fund activity during fiscal 2020.
- The *deficiency (surplus)*. This is the excess of the plan obligations, measured as the present value of benefits, over the market value of assets. If the assets exceed the obligations, the surplus is reported as a negative amount.
- The *funded percentage*. This is the market value of assets as a percent of the plan obligations.
- The plan *funding requirement*. If plan obligations exceed assets, the annual payment required to amortize the deficiency over a specified number of years is reported.

# **D** Development of the Actuarial Value of Assets

This section shows the development of the actuarial value of assets as of July 1, 2020.

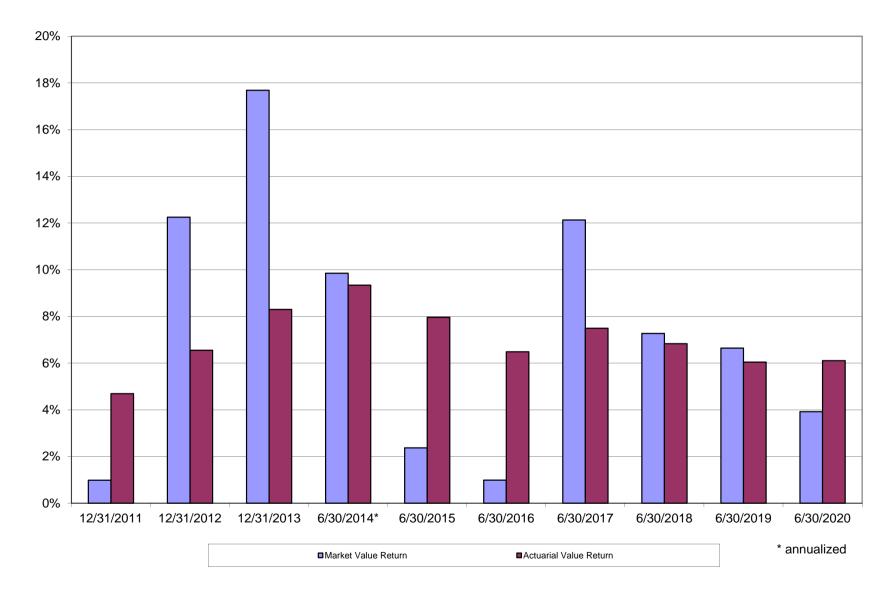

For pension plans with active participants accruing benefits, the actuarial value of assets is related to market value, but smoothed to reduce the volatility of contribution requirements. The market value of plan assets is compared to the expected value based on the prior year market value to determine the investment gain or loss for the year. This gain or loss is then recognized ratably over a 5-year period beginning with the year ending on that valuation date.

The actuarial value of assets is equal to the market value of assets, plus any unrecognized investment losses (or minus any unrecognized investment gains), subject to a 30% corridor. If the actuarial asset value would otherwise be outside this 30% corridor, it is instead equal to the relevant corridor limit.

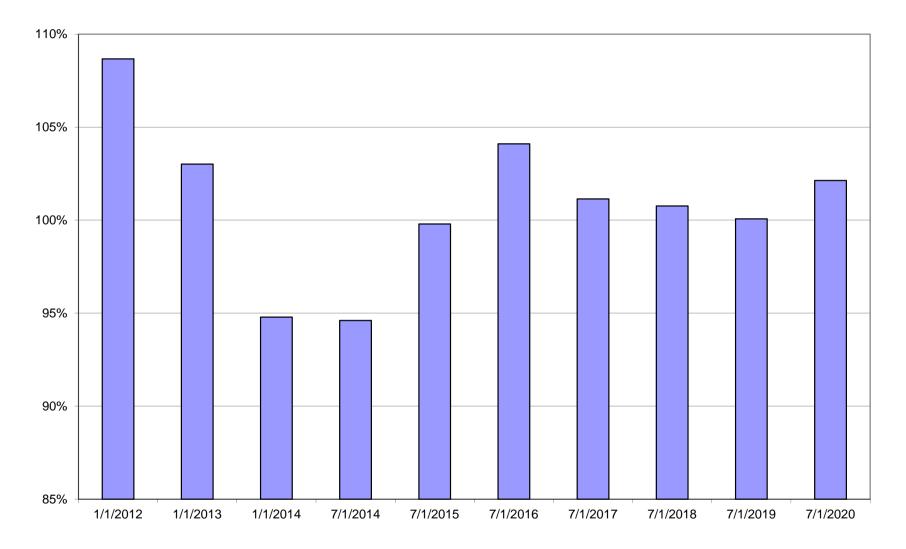

For pension plans with no active participants accruing benefits, and for all retiree medical plans, the actuarial value of assets is equal to the current market value. All investment gains and losses are fully recognized on the valuation date.

For most plans, the actuarial value of assets also serves as the valuation assets. In a hybrid plan, however, hybrid contributions are used to provide additional benefits, and these amounts are not available to pay the regular retirement benefits. For plans that have adopted the hybrid provision, therefore, the total value of the employee hybrid accounts (accumulated hybrid contributions with earnings) is subtracted from the actuarial value of assets to determine valuation assets.

### Historical Return on Plan Assets

\* Frozen plan, or plan with only nonactive participants; the Actuarial Value of Assets is equal to the Market Value.

\*\* Retiree medical plan; the Actuarial Value of Assets is equal to the Market Value.

\* Hybrid city; hybrid account balances are subtracted from the Actuarial Value of Assets to determine the Valuation Assets.

# E Summary of Plan Provisions and Actuarial Method and Assumptions

This section outlines the plan provisions and actuarial method and assumptions used in the valuation.

The first exhibit outlines the provisions of the OkMRF Master Plan. The second exhibit outlines the provisions for the City of Bartlesville, which has not adopted the OkMRF Master Plan.

The following exhibits outline the two actuarial methods used to value plan obligations: the entry age normal cost method and the unit credit cost method. See Section D for a description of the actuarial methods used to value assets.

The final exhibit in this section presents the actuarial assumptions.

# **Summary of Plan Provisions**

Eligibility	police, firefight	-time employees of a participating employer except ters and other employees covered under a state system. ct to cover part-time employees.
Probationary period		nay begin immediately, or may commence after a probationary period, as specified in the adoption
Service		
Credited service	any periods be adoption agree	d of continuous employment with the employer excluding efore the effective date of the plan specified in the ement. Cities may elect to limit the maximum service ployees of Collinsville may receive additional credit for ave.
Vesting	Credited servi	ce plus transferred service from other OkMRF employers.
Employee contributions	elected are the than the stand contribution ra standard contr	the adoption agreement. The options that may be e standard contribution rate, a fixed amount which is less ard contribution rate, a fixed percentage of the total te determined each year (but not in excess of the ribution rate), or no employee contributions. The ibution rates are:
	<ul> <li>Plan AAA</li> <li>Plan AA</li> <li>Plan BB</li> <li>Plan CC</li> <li>Plan A</li> <li>Plan B</li> <li>Plan B</li> <li>Plan C</li> </ul>	6.00% 5.25% 4.50% 3.75% 3.00% 2.25% 1.50%
Service requirement for benefit eligibility	5, 7 or 10 year agreement.	s of vesting service, as specified in the adoption
Final Average Compensation		f the five highest consecutive annual salaries out to the ar years of service.
Accrued Benefit	agreement, m	e of final average compensation specified in the adoption ultiplied by the number of years of credited service. The nat may be elected are:
	<ul> <li>Plan AAA</li> <li>Plan AA</li> <li>Plan BB</li> <li>Plan CC</li> <li>Plan A</li> <li>Plan B</li> <li>Plan C</li> </ul>	3.000% 2.625% 2.250% 1.875% 1.500% 1.125% 0.750%

# **Summary of Plan Provisions**

Norm	al Retirement Age	Age 65 with service requirement fulfilled.
		If specified in the adoption agreement, normal retirement age for an employee with 30 years of vesting service may be as early as age 62.
		Also if specified in the adoption agreement, normal retirement age may be as early as 55 when the sum of an employee's age in years and number of years of credited service equals 80 or more, as provided under the Rule of 80 alternative.
		<ul> <li>Four cities have adopted special retirement provisions not provided in the standard adoption agreements:</li> <li>For employees of Cushing, normal retirement age is 60 with 10 years of service.</li> <li>Normal retirement age for an employee of Altus with 25 years of vesting service may be as early as age 62.</li> <li>For employees of Warr Acres hired before July 1, 2011, normal retirement age may be as early as 55 when the sum of an employee's age in years and number of years of credited service equals 75 or more.</li> <li>For employees of Del City hired before July 1, 2020, normal retirement age is 60 with 7 years of service, or as early as age 55 with 20 years of vesting service.</li> </ul>
	<b>al Retirement</b> Eligibility	Termination of employment on or after normal retirement age.
	Benefit	The accrued benefit payable immediately.
-	Retirement Eligibility	Termination after age 55 with service requirement fulfilled.
	Benefit	The accrued benefit payable starting at normal retirement age, or an actuarially reduced benefit starting at early retirement age.
	<b>ility Retirement</b> Eligibility	Total and permanent disability.
	Benefit	The accrued benefit is payable upon disablement without reduction for early payment.
	ination of Service Before vesting	Return of member contributions with interest.
	After vesting	The accrued benefit payable starting at normal retirement age, or an actuarially reduced benefit starting at early retirement age.

# Summary of Plan Provisions

In-se	rvice Death	
	Before vesting	Return of member contributions with interest.
	After vesting (married participants only)	50% of the accrued benefit is payable to the spouse until death or remarriage. For employees of Bethany, this benefit is payable for life with 10 years certain.
	After vesting (other participants)	50% of the accrued benefit is payable to the designated beneficiary for 60 or 120 months, as specified in the adoption agreement.
Pavn	nent Options	
r uyn	Normal form	The normal form of payment of the accrued benefit is a monthly lifetime annuity with 5 or 10 years certain, as specified in the adoption agreement.
	Optional forms	<ul> <li>Other annuity forms available on an actuarial equivalent basis are:</li> <li>Joint and 50% survivor annuity</li> <li>Joint and 66-2/3rds last survivor annuity (no longer allowed for employees of Chickasha)</li> <li>Joint and 100% survivor annuity</li> <li>If specified in the adoption agreement (with or without restrictions), a single lump sum payment</li> </ul>
Cost	of Living Option	If specified in the adoption agreement, benefits in payment status are adjusted each July 1st based on the percentage change in the CPI. The maximum increase in any year is 3%. For prior plan participants of Skiatook, the increase is 3% per year, regardless of the change in CPI.
Hybr	id Option	If specified in the adoption agreement, any employee contributions designated as hybrid contributions are accumulated at the actual rate earned by the retirement fund and paid to the employee upon retirement in addition to the formula amount.
DRO	P Feature	If specified in the adoption agreement, after reaching age 65, an employee may start their pension, accumulating the payments with earnings as specified in the adoption agreement. This amount, and subsequent monthly payments, are payable upon retirement within 5 years of such election.

### Employee Retirement System of Bartlesville, Oklahoma

# SUMMARY OF PLAN PROVISIONS

Eligibility	All regular, full-time employees except police, firefighters and other employees who are covered under an approved system, who joined the plan before 1/1/2010.
Probationary period	<ul> <li>Prior to 7/1/2006: 2 years.</li> <li>On or after 7/1/2006: none.</li> </ul>
Employee contributions	<ul> <li>Prior to 7/1/2006: none.</li> <li>On or after 7/1/2006, but before 1/1/2010: 3% of pay.</li> <li>On or after 1/1/2010: 6% of pay.</li> </ul>
Service	Participants receive service credit for benefit eligibility for all employment on or after joining the plan (subject to the plan's break in service rules), regardless of whether they opted out of the plan effective 1/1/2010.
Accrued Benefit	The past service benefit plus the future service benefit:
	Past Service Benefit is equal to 2.50% of base pay rate on 7/1/1978 times full years of service from hire to 7/1/1978. Available only to employees whose participation in the plan began before 7/1/1978.
	Future Service Benefitis equal to the sum of:Accumulation of 2.50% of base pay rate in effect on each July 1from 7/1/1978 through 7/1/2005.Benefit for a plan year isprorated if the employee does not complete the year.Accumulation of 2.50% of actual compensation received duringplan years beginning 7/1/2006 and after.Employees who optedout of the plan effective 1/1/2010 accumulate no benefits oncompensation earned on or after 1/1/2010.
Benefit Eligibility	
Normal Retirement	Age 65. Normal retirement date is first of the month on or after age 65 and completion of 7 years of service.
Early Retirement	Age 55 with 7 years of service, or meeting the Rule of 80.
Disability Retirement	Total and permanent disability with 7 or more years of service.
Vested Termination	7 years of service.
Nonvested Termination	Not eligible for any other benefit.

### Employee Retirement System Of Bartlesville, Oklahoma

# SUMMARY OF PLAN PROVISIONS

Benefit Amount Normal Retirement	The Accrued Benefit is payable as a life only annuity or another annuity option with actuarial reduction. An employee may elect to defer the start of this annuity.
Early Retirement	The Accrued Benefit is payable as a life only annuity starting at age 65. An employee may elect earlier payment as follows:
	If age plus service equals 80 or more: The full benefit unreduced.
	If age plus service are less than 80: Actuarially reduced (based on 6% interest and UP84 mortality).
Disability Retirement	The Accrued Benefit is payable during the period of disability up to age 65. An employee who becomes disabled after age 55 with less than 7 years of service is fully vested in the Accrued Benefit payable at age 65.
Termination	The accrued benefit payable at age 65, or at the participant's option, the actuarially reduced accrued benefit payable after age 55.
Nonvested Termination	Return of employee contributions with interest.
Death Benefits	Before vesting Return of employee contributions with interest.
	<u>After vesting (married participants)</u> The surviving spouse receives 50% of the participant's accrued benefit for life or until remarriage.
	After vesting (unmarried participants) The beneficiary receives 120 monthly payments in the amount of 50% of the participant's accrued benefit at the time of death.
Payment Options	Disability retirement benefits are payable during the participant's lifetime only. Benefits cease when the participant reaches age 65, at which time the participant becomes entitled to a normal retirement benefit equal to the accrued benefit.
	If a disabled participant recovers from disability prior to age 65, disability retirement benefits cease. The participant is then entitled to the accrued benefit as a termination benefit.
	<ul> <li>Normal retirement, early retirement, and termination benefits may be received either as a life annuity, or an actuarially equivalent benefit under one of the following forms:</li> <li>1. Life with 5, 10, 15 or 20 years certain</li> <li>2. Joint and 100% survivor annuity (spouse only)</li> <li>3. Joint and 100% survivor annuity with 5, 10 or 15 years certain.</li> <li>Actuarial equivalency based on 6% interest, UP84 mortality.</li> </ul>

### SUMMARY OF THE ACTUARIAL COST METHOD

#### (Entry Age Normal)

Pension funding requirements are allocated to periods of time using the entry age normal cost method. Assets and liabilities reflect only benefits payable from the OkMRF Trust.

Under the entry age normal cost method, the normal cost is computed as the level percent of pay which, if paid from the time an employee became a participant until assumed retirement, would accumulate to a fund sufficient to pay all plan benefits.

The actuarial liability for active participants is the hypothetical accumulation with interest of prior normal costs less payments, from the employee's date of participation to present.

The actuarial liability for non-active partipants is the present value of future benefits anticipated to be paid to current retirees, beneficiaries and deferred vested participants, discounted for interest and mortality, plus the accumulated employee contributions with interest for non-vested terminated participants.

The unfunded actuarial liability (UAL) is the excess of the total actuarial liability for active and non-active participants, over the actuarial value of plan assets. This amount (redetermined each year) is amortized as a level dollar amount over 30 years from the amortization base date. The amortization base date was initially set as 7/1/2013, or if later, the first amortization date after joining OkMRF. Because of significant differences in implementing the first-ever mortality study specific to public pension plans, the initial amortization base date was reset to 7/1/2020 for all plans. We do not anticipate resetting the amortization base again, except as described in the last paragraph in this exhibit. Experience gains (decreases in cost due to favorable experience), or experience losses (increases in cost due to adverse experience), attributable to deviations between the assumed and actual experience of the Plan, are amortized as part of the UAL.

The total annual cost for the year is the normal cost plus the amortization amount. This total cost is expressed as a percent of covered payroll to determine the total required contribution rate, which is then separated into the employee-paid and municipality-paid portions as specified in the adoption agreement.

If assets exceed the actuarial liability, the total annual cost for the year is the normal cost minus interest on the surplus assets. If the surplus subsequently is exhausted, either through changes in plan provisions or adverse experience, a new 30-year amortization base date is established as the contribution effective date for the first valuation when the plan again has an unfunded actuarial liability.

### SUMMARY OF THE ACTUARIAL COST METHOD

### (Unit Credit)

Pension funding requirements are allocated to periods of time using the unit credit cost method.

Under the unit credit cost method, the normal cost is computed as the present value of the increase in accrued retirement income for each employee's service during the following year.

The actuarial liability of the plan is the present value of the accrued retirement income earned to date. Present values are discounted for interest, mortality, turnover, and retirement rates by age.

The actuarial liability for non-active partipants is the present value of future benefits anticipated to be paid to current retirees, beneficiaries and deferred vested participants, discounted for interest and mortality.

The unfunded actuarial liability (UAL) is the excess of the total actuarial liability for active and non-active participants, over the actuarial value of plan assets. This amount (redetermined each year) is amortized as a level dollar amount over 30 years from the amortization base date. The amortization base date is the 2010 valuation date . Experience gains (decreases in cost due to favorable experience), or experience losses (increases in cost due to adverse experience), attributable to deviations between the assumed and actual experience of the Plan, are amortized as part of the UAL.

The total annual cost for the year is the normal cost plus the amortization amount. This total cost is expressed as a percent of covered payroll to determine the total required contribution rate, which is then separated into the employee-paid and municipality-paid portions as specified in the plan document.

If assets exceed the actuarial liability, the total annual cost for the year is the normal cost minus interest on the surplus assets. If the surplus subsequently is exhausted, either through changes in plan provisions or adverse experience, a new 30-year amortization base date is established at the first valuation date when the plan again has an unfunded actuarial liability.

# **F** Summary of Plan Participants

The first three exhibits in this section depict the age and service distribution for active participants as of July 1, 2020 (OkMRF Master Trust in total). The City of Bartlesville is included in the count although it has not adopted the OkMRF master plan. Exhibits F1 and F2 show the July 1, 2019 distributions for comparison, while Exhibit F3 shows more detail on the current year's distribution, including average pay.

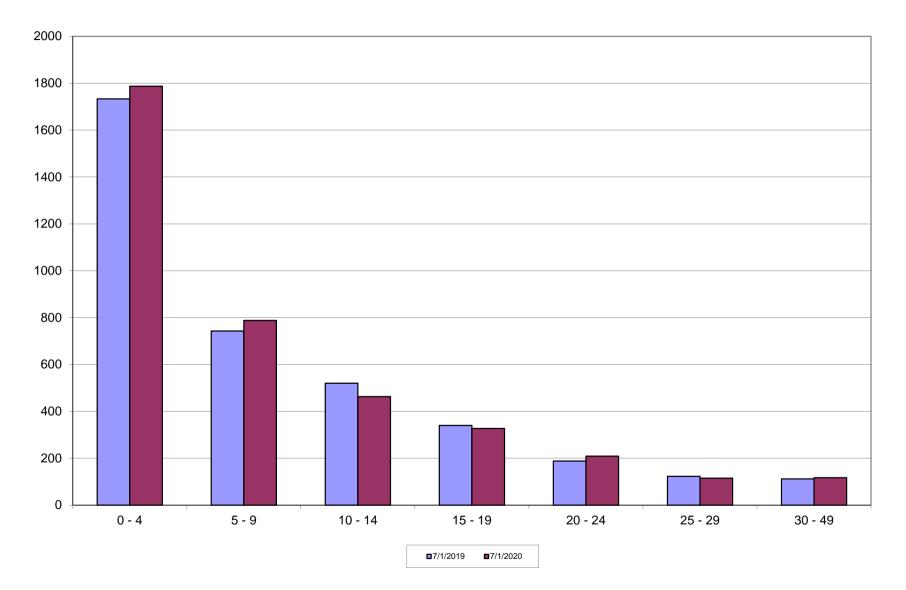

The last three exhibits in this section depict the age distribution and average benefit for nonactive participant as of July 1, 2020 (OkMRF Master Trust in total). Again, participants in the City of Bartlesville plan are included. Exhibit F4 breaks down the distribution by each category of nonactive participants, while Exhibit F5 shows the July 1, 2019 distributions for comparison. Exhibit F6 shows more detail on the current year's distribution, including average benefit.

Participants in retiree medical plans are not separately identified.
