**6. Finley & Cook: Consideration and Possible Action Regarding 2024 – 2025 OkMRF Audit Report**

Allison began by discussing the two deliverables to the Board, the FY 2024-2025 financial statements and the required communication letter for the Board.

Beginning with the opinion on the financials, Finley & Cook has rendered an unmodified, or clean, opinion on the financial statements. Allison indicated that in addition to the financial statement audit, Finley & Cook also evaluates new accounting standards. Allison reported that there were new accounting standards implemented during 2025, but none that would have a material impact to OkMRF. There were no difficulties or disagreements with management on any accounting or reporting matters, and there were no second opinions sought. Allison was pleased to report there were no general weaknesses in controls or findings for this audit cycle.

In looking at the fair value for both the defined contribution (DC) and defined benefit (DB) plans, most are priced in active markets. Finley & Cook does analyze those alternative investments that are classified as Level 3 and did not have any issues with the estimates used for those types of investments.

For this year, the number of items tested totaled 522 items, including loan balances, general file documentation, census information, distribution check endorsements, and benefit calculations, with the distribution confirmations being the most significant area tested as it is considered to be a higher risk area. In total, 365 positive confirmations were sent related to distributions, with 215 confirmations received without exception. Allison noted there is a common trend to have fewer positive confirmations due to banks flagging these types of communications as fraud. For those without positive confirmation, additional alternative testing was conducted, but Allison reiterated that an overall 60% confirmation response rate is good.

Allison reported the investment income changes for both the DB and DC plans during these two fiscal years were due to positive performance coupled together with low administrative fees. Allison also reported on the overall expansion of the OkMRF system over the past year contributing to the growth.

**7. Consideration and Possible Action Regarding Investment Committee Report**

**A. ACG: Review and Discussion of Monthly ASAP Reports**

Rives began by summarizing that through year-to-date 2025, global equities and bonds were up over 20% and over 7% respectively. Non-U.S. markets have led performance this year, with U.S. equities up about 16.5% year-to-date. Rives touched on the significant narrowness of the market, pointing out that within the S&P 500 index, the tech sector contributed half of the total return and two stocks specifically, Nvidia and Google, contributed 1/3 of the entire return for the year.

Rives turned to the DB plan performance pointing out that while the calendar year-to-date return is hovering around 13%, when comparing all managers to their benchmarks, these returns appear to lag. Rives reiterated that this is not a function of the managers, but instead reflects what is being rewarded in the market. For the year-to-date period in the OkMRF DB portfolio, the non-U.S. equity portion is up over 20%, whereas U.S. equity contributed 13.5%, private equity contributed about 12%, and fixed income added about

9%. Real estate has been the lowest contributor, but still has positive returns year-to-date. There are no manager concerns across the DB plan.

Regarding the DC portfolio, Rives said she has similar comments to the DB plan regarding the dynamics of the investments. However, with the DC plan striving to keep the fees low and the Growth and Value and Aggressive Equity options including both index and active management, there has been less relative underperformance. Rives specifically emphasized the Growth and Value option has done unusually well, performing better than any actively managed construct in the U.S. large cap space that she has seen this year.

Rives commented ACG will be discussing 2026 goals with staff and the annual asset allocation review for the DB plan as well as the capital market assumptions at the January meeting. Rives also said that looking ahead to February, ACG is working to get the international small cap managers slated for interviews.

**B. Consideration and Possible Action on Reallocation and/or Rebalancing of Assets Among Investment Managers as Recommended by the Investment Committee and Rejection or Approval of any Amendments Proposed and Considered by the Trustees as the Meeting**

No action taken.

**8. Consideration and Possible Action Regarding Administrative Committee Report**

No action taken.

**9. Consideration and Possible Action Regarding Contract Committee Report**

No action taken.

**10. Receive Report on Newly Adopted or Amended OkMRF Member Plans**

Darrow reported on plan changes for the OkMRF members.

**11. OkMRF Staff Report**

Cox reported on the following items:

- Trustee Rooney and OkMRF staff volunteered at the Regional Food Bank on December 9<sup>th</sup>, assembling over 22,000 meals and taking the monetary donations to help hungry Oklahomans.
- 2025 educational opportunities have been distributed and if there are other opportunities that trustees may be interested in, to let Cox know.
- Cox and Doolen will be signing a representation letter for Finley & Cook stating to the auditors that the books were opened and everything was fully disclosed to them.
- At January's meeting Pioneer will be presenting a global economic outlook.
- Cox asked the power team partner guests present to introduce themselves to the new board member.
- Cox will be taking time off during the holidays and is planning to be out next month for a medical absence and asked that any inquiries be directed to Whatley or Story in her absence.

## Economic Outlook

# Outlook and Positioning

- The US economy is well positioned for growth in 2026. Tailwinds include: \$100B+ in tax refunds boosting consumer spending, improved business investment conditions and capex broadening beyond AI into more diversified growth.
- Improved consumption and broader business investment to stabilize labor demand from 2025's softening, without dramatic employment gains.
- FOMC: After three rate cuts in 2025, time to pause to assess economic momentum in early 2026.
- Treasury yields are currently trading near fair value and, as such, overall duration positioning is relatively close to benchmarks.
- Rising U.S. government debt/GDP ratio to keep long-term yields elevated relative to economic growth.
- Credit spreads are at the narrow end of historical ranges and reflect confidence in growth and/or attractiveness of all-in yields.
- Neutral Agency MBS exposure despite tighter valuations given potential actions from the White House/Treasury.
- Allocate to alternatives (Securitized/Structured Credit, ILS, etc) relative to traditional HY credit markets given valuations and elevated liquidity spreads.

## **Investment Process**

# Multi-Sector Fixed Income Investment Philosophy

The key tenets of our investment approach

## Driven by Value

Active, dynamic, flexible sector allocation and bond selection based on a value-driven approach can provide an attractive total return in comparison to the market.

## Focus on Total Return

Consider both capital gains and income as drivers of long-term returns.

## Spread Sector Emphasis

Systematic overweights to spread sectors offer the potential for higher long-term total and risk-adjusted returns and greater security selection opportunities.

## Supported by Fundamentals

Rigorous evaluation of economic and investment fundamentals support longer-term success in security selection and sector allocation.

## Appropriate Diversification

The analysis of upside and downside risk is critical for assessing value. Consider trade-offs between pursuit of long-term return generation and embedded risk exposures.

## Mitigate Downside Risk

In-depth, fundamentally driven investment research geared toward value identification and anticipation of credit deterioration helps avoid permanent capital impairment.

## **Multi-Sector Fixed Income CIT Overview**

# Portfolio Overview

Pioneer Multi-Sector Fixed Income Strategy is a multi-sector fixed income portfolio that invests in a wide range of global fixed income sectors with the goal of achieving competitive returns—compared to a traditional higher-quality US core fixed-income portfolio—without excessive additional volatility.

- Active asset allocation and bottom-up security selection are key drivers of alpha
- Seeks to exploit low correlations of global fixed income and non-investment grade debt markets with US investment grade markets
- Focuses on protection against permanent impairment of capital

# Investment Guidelines

Pioneer Multi-Sector Fixed Income Strategy	
Overall Portfolio Credit Quality Range*	A to BBB (minimum of BBB- investment grade rating)
Non-Investment Grade:	60% maximum (includes high yield bonds, bank loans, emerging markets issues, non-agency MBS/ABS, convertible bonds, preferred stock, insurance-linked securities)
Currency:	Maximum of 30% non USD, including 10% emerging markets
Non-US Exposure:	Maximum of 50%, including 25% emerging markets
Industry:	25% maximum limit
Issuer:	5% maximum limit, typical 0.30% to 0.50%; 10% issuer enterprise value
Duration:	+/- 2 years of benchmark
Cash:	0% to 10%
Investment Ranges	
Investment Horizon:	1 to 3 years

Additional internal limits include:

- No purchases of common equity
- 10% maximum contingent convertibles
- 5% maximum bridge loans/delayed draws
- 10% maximum insurance-linked securities
- For credit-sensitive mortgages and asset-backed, we generally limit concentration to 1% per deal (which could incorporate multiple tranches) while individual high-risk tranche exposures will be severely limited, due to their significant idiosyncratic risk. For agency-guaranteed pools, exposures will usually be below 1%, with occasional exceptions for “generic” pools that have large underlying loan counts.

**PLEASE NOTE:** The Internal Guidelines referenced do not necessarily represent prospectus/statutory limitations. These internal guidelines are used as guidance in the daily management of the Portfolio’s investments. These guidelines are subject to change and should not be relied upon as a long term view of the Portfolio’s exposures, limitations, and/or risks.

\*Credit Quality Range is a range of the ratings of the underlying fixed income securities, cash, and cash equivalents held in the representative account of the composite as provided by Moody’s, Standard & Poor’s (S&P), Fitch, DBRS Morningstar, and KBRA, as applicable. Bond ratings are ordered highest to lowest in a portfolio. Based on S&P’s measures, AAA (the highest possible rating) through BBB are considered “investment grade”; BB or lower ratings are considered non-investment grade. Cash equivalents and some bonds may not be rated.

Targets are based on historical performance of the composite returns (gross, USD) since the composite’s inception during normal market environments. Targets can be exceeded or undershot and should not be construed as an assurance or guarantee. Gross-of-fees returns are presented before management and custodial fees but after any transaction costs.

<sup>1</sup>Source/Rating Description: Credit rating breakdown reflects the average of available ratings across Moody's, Standard & Poor's (S&P), Fitch, DBRS, KBRA, and Morningstar. Bond ratings are ordered highest to lowest in the portfolio. Based on S&P's measures, AAA (highest possible rating) through BBB are considered investment grade. BB or lower ratings are considered non-investment grade. Cash equivalents and some bonds may not be rated. This is not a rating of the Portfolio's overall credit quality. The rating includes securities that have not been rated by either of the rating agencies, which has the effect of reducing the overall average. Source: Bloomberg Port. The rating is as of March 31, 2025 and will change over time. Please note that the Portfolio itself has not been rated by any independent rating agency. **ACG has been named a  
Coalition Greenwich Best Investment Consultant  
for seven consecutive years.**

**Methodology and Disclosure:** Between February and September 2024, Coalition Greenwich conducted interviews with 699 individuals from 563 of the largest tax-exempt funds in the United States. These U.S.-based institutional investors are corporate, public, union, and endowment and foundation funds with either pension or investment pool assets greater than \$150 million. Study participants were asked to provide quantitative and qualitative evaluations of their asset management and investment consulting providers, including qualitative assessments of those firms soliciting their business and detailed information on important market trends. ACG is one of three firms recognized in the mid-size investment consultant category. The ratings may not be representative of any one client's experience with ACG; rather they are representative of those clients that chose to participate in the survey. The results are not indicative of ACG's future performance. ACG does not pay to have its clients participate in the study.

## Economic Overview

- The initial estimate of third quarter US GDP growth showed an annualized growth rate of 4.3% in the quarter, the fastest pace in two years
- The FOMC approved a third rate cut of 2025, lowering the Fed Funds rate target to 3.50% - 3.75%, but gave guidance for just one cut in 2026
- Shutdown-delayed data showed labor market weakness and cooling inflation as unemployment rose to 4.6% while CPI fell from 3.0% to 2.7%

### Market Returns (%)

- Mixed December but solid returns across assets in 2025
- Non-US equities outperformed for both month and year

## *Monthly ASAP Report*

December 31, 2025

2018 2019 2020 2021 2022 2023 2024

**ACG has been named a  
Coalition Greenwich Best Investment Consultant  
for seven consecutive years.**

**Methodology and Disclosure:** Between February and September 2024, Coalition Greenwich conducted interviews with 699 individuals from 563 of the largest tax-exempt funds in the United States. These U.S.-based institutional investors are corporate, public, union, and endowment and foundation funds with either pension or investment pool assets greater than \$150 million. Study participants were asked to provide quantitative and qualitative evaluations of their asset management and investment consulting providers, including qualitative assessments of those firms soliciting their business and detailed information on important market trends. ACG is one of three firms recognized in the mid-size investment consultant category. The ratings may not be representative of any one client's experience with ACG; rather they are representative of those clients that chose to participate in the survey. The results are not indicative of ACG's future performance. ACG does not pay to have its clients participate in the study.

## Economic Overview

- The initial estimate of third quarter US GDP growth showed an annualized growth rate of 4.3% in the quarter, the fastest pace in two years
- The FOMC approved a third rate cut of 2025, lowering the Fed Funds rate target to 3.50% - 3.75%, but gave guidance for just one cut in 2026
- Shutdown-delayed data showed labor market weakness and cooling inflation as unemployment rose to 4.6% while CPI fell from 3.0% to 2.7%

### Market Returns (%)

- Mixed December but solid returns across assets in 2025
- Non-US equities outperformed for both month and year

Source: Bloomberg, ACG Research (as of 12/31/2025)

### Fixed Income and Equity Valuation Metrics

Source: Bloomberg (as of 12/31/2025)

### Asset Class Valuations - Rebalancing Rationale

- US Large Caps remain expensive despite year-to-date underperformance
- Upside for duration appears limited with additional Fed cuts discounted by markets
- Cash yields set to fall as Fed continues easing

Asset Class	Current Valuation	Rationale
US Large Cap	Overvalued	Expensive valuations
US Small Cap	Fairly Valued	Balanced upside/downside risks
Int'l Developed	Undervalued	Fair valuations, improving growth
Emerging Mkt	Fairly Valued	Balanced upside/downside risks

Cash	Fairly Valued	Cash rates likely to decline
Core Bonds	Fairly Valued	Balanced duration risks
Multi-Sector	Fairly Valued	Attractive income, tight spreads
Absolute Return	Undervalued	Attractive income, manager flexibility

Core Real Estate	Fairly Valued	Market values stabilizing

***Asset Allocation Review***

January 30, 2026

2018 2019 2020 2021 2022 2023 2024

**ACG has been named a  
Coalition Greenwich Best Investment Consultant  
for seven consecutive years.**

**Methodology and Disclosure:** Between February and September 2024, Coalition Greenwich conducted interviews with 699 individuals from 563 of the largest tax-exempt funds in the United States. These U.S.-based institutional investors are corporate, public, union, and endowment and foundation funds with either pension or investment pool assets greater than \$150 million. Study participants were asked to provide quantitative and qualitative evaluations of their asset management and investment consulting providers, including qualitative assessments of those firms soliciting their business and detailed information on important market trends. ACG is one of three firms recognized in the mid-size investment consultant category. The ratings may not be representative of any one client's experience with ACG; rather they are representative of those clients that chose to participate in the survey. The results are not indicative of ACG's future performance. ACG does not pay to have its clients participate in the study.

### Recap of 2025

---

- **Solid overall portfolio returns** for a third year in a row
- Strong consumer spending **sustained economic growth**
- **Corporate profits surged** despite tariffs and immigration reform
- **Monetary policy continued to moderate**
- Elevated **geopolitical tensions were shrugged off** by financial markets
- **Asset valuations** generally **ticked higher**

### Key Themes for 2026

---

- **AI boom continues**, but with little room for error
- **Rising government debt** keeps long rates elevated
- **More Fed rate cuts**, slower pace, skewed to second half of the year
- **US economic growth to remain resilient**, but “K-shaped”
- **Outside of the US**, growth, inflation and policy remains bifurcated
- **Future return expectations revised lower**, but opportunity set is broader
- **Ongoing investor uncertainty**, “Fear of a Bubble” vs. “Fear of Missing Out”

Value Add Real Estate	7.6	7.3	7.5	7.9	8.0

<sup>1</sup>Capital Market Assumptions are 10-year median geometric return assumptions.

**2026 Intermediate-Term Assumptions: Mixed changes vs. 2025 but overall bias will be for lower portfolio level returns**

- **Equity: Mostly lower** mainly due to higher valuations, but also lower dividends
- **Fixed Income: Mixed but generally modest changes** due to higher yields but tighter credit spreads
- **Real Estate: Slightly higher** as moderately lower cap rate mostly offset higher inflation

Rolling 10-Year Returns

Average 10-Yr Return <sup>1</sup>	
Total Portfolio	8.02
Strategic Policy	7.65

<sup>1</sup>Average of last 10 calendar year 10-year annualized returns

### Risks

- AI-valuation reset
- Short-term uptick in inflation
- Fed on hold for longer or a hike
- Earnings pressure
- Long-rates rise more than expected
- Competition from China

### Opportunities

- Prolonged risk-on trade (mkt beta)
- Active managers (reduce AI-risk)
- Non-US equities remain discounted
- Fed easing supports real assets
- Opening IPO window lifts private mkts
- Bond/cash yields still exceed inflation

Please be aware that there are inherent limitations to all financial models, including Monte Carlo Simulations. Monte Carlo Simulations are a tool used to analyze a range of possible outcomes and assist in making educated asset allocation decisions. Monte Carlo Simulations cannot predict the future or eliminate investment risk. The output of the Monte Carlo Simulation is based on ACG's capital market assumptions that are derived from proprietary models based upon well-recognized financial principles and reasonable estimates about relevant future market conditions. Capital market assumptions based on other models or different estimates may yield different results. ACG expressly disclaims any responsibility for (i) the accuracy of the simulated probability distributions or the assumptions used in deriving the probability distributions, (ii) any errors or omissions in computing or disseminating the probability distributions and (iii) any reliance on or uses to which the probability distributions are put.

The projections or other information generated by ACG regarding the likelihood of various investment outcomes are hypothetical in nature, do not reflect actual investment results and are not guarantees of future results. Judgments and approximations are a necessary and integral part of constructing projected returns. Any estimate of what could have been an investment strategy's performance is likely to differ from what the strategy would actually have yielded had it been in existence during the relevant period. The source and use of data and the arithmetic operations used for calculating projected returns may be incorrect, inappropriate, flawed or otherwise deficient.

Past performance is not indicative of future results. Given the inherent volatility of the securities markets, you should not assume that your investments will experience returns comparable to those shown in the analysis contained in this report. For example, market and economic conditions may change in the future producing materially different results than those shown included in the analysis contained in this report. January 30, 2026

2018 2019 2020 2021 2022 2023 2024

**ACG has been named a  
Coalition Greenwich Best Investment Consultant  
for seven consecutive years.**

**Methodology and Disclosure:** Between February and September 2024, Coalition Greenwich conducted interviews with 699 individuals from 563 of the largest tax-exempt funds in the United States. These U.S.-based institutional investors are corporate, public, union, and endowment and foundation funds with either pension or investment pool assets greater than \$150 million. Study participants were asked to provide quantitative and qualitative evaluations of their asset management and investment consulting providers, including qualitative assessments of those firms soliciting their business and detailed information on important market trends. ACG is one of three firms recognized in the mid-size investment consultant category. The ratings may not be representative of any one client's experience with ACG; rather they are representative of those clients that chose to participate in the survey. The results are not indicative of ACG's future performance. ACG does not pay to have its clients participate in the study.

- Provided **educational sessions** on Defined Benefit Plan (DB Plan) and Defined Contribution Plan (DC Plan) investment/economic topics, including:
  - Intermediate and long-term risk/return expectations based on **ACG's 2025 capital market assumptions**.
  - Conducted **Trustee education session** which focused on strategic asset allocation and asset class types.
  - The potential inclusion of additional asset classes within the DB Plan's portfolio (**non-US small cap equity**).
  - General periodic webinars provided virtually by ACG, which included presentations of the **2025 market outlook, private equity market outlook**, and a primer on evolving landscape of **digital assets**.
- **Reviewed private equity commitment pacing plan** and made a commitment to Warburg Pincus Global Growth 15 and Truebridge Secondaries II.
- **Reviewed real estate portfolio** and submitted full redemptions for JP Morgan SPF and SSPF. Proceeds from JPM SPF have been reinvested into Morgan Stanley Prime Property Fund. A replacement value-add fund has yet to be selected.
- **Rebalanced fixed income portfolio** to a 50% Core and 50% Non-Core allocation.
- Reviewed and revised the DB and DC **Investment Policy Statements**.
- Completed **on-site due diligence trip in New York City**, visiting Warburg Pincus, JP Morgan, Ninety One, Axiom, and Blackrock offices.
- **Assisted with Long/Short Equity liquidation** by providing information needed for annual audit.
- Completed annual **investment manager fee review and peer group comparison** across asset classes.
- Conducted **semi-annual performance and peer group ranking reviews** for DB and DC Plans.
- **Hosted OPFTEC Conference** which included over 150 attendees, 12 Oklahoma public funds, and 14 speaker sessions.
- ACG made **rebalancing recommendations** among existing investment managers, as needed.

- Continue to provide **educational sessions** on relevant Defined Benefit Plan (DB Plan) and Defined Contribution Plan (DC Plan) investment/economic topics, potentially including:
  - Intermediate and long-term risk/return expectations based on ACG's 2026 capital market assumptions.
  - Ongoing education on private equity and the current opportunity set.
  - The potential inclusion of additional asset classes within the DB Plan's portfolio.
  - Other general trustee education to be provided by ACG throughout the year (economic outlook, current market dynamics, etc.).
- **Review Private Equity commitment pacing plan and make additional commitment(s)** to ensure the PE portfolio is on track to reach its target allocation.
- **Interview Grandeur Peak and Cedar Street** (non-US Small Cap managers) for potential inclusion in the Non-US **DB** equity portfolio.
- Conduct **semi-annual performance and peer group ranking reviews** for DB and DC Plans.
- Conduct **review and selection of a Value Added Real Estate strategy** in the DB Plan and bring the real estate allocation up to target weight.
- Complete annual **investment manager fee review and peer group comparison** across asset classes (DB and DC Plans).
- Conduct **review of an asset class, potentially US Small/Mid Cap**, including the underlying manager/strategy implementation.
- Complete **on-site investment manager due diligence trip**, tentatively WCM and Artisan in August or October.
- Attend **June 2026 Trustee Retreat** at OMRF office.
- Review and revise the DB and DC **Investment Policy Statements** when appropriate.
- **Review the current structure of the DC Plan investment portfolio** and what changes, if any, should be made to the current lineup.
- Attend **Oklahoma Public Fund Trustee Education Conference (OPFTEC)** in September.
- ACG will continue to make **recommendations** to the Board as to the retention/replacement/rebalancing of investment managers.

## Policy Name: Record Retention and Destruction

**Purpose/Description:** The purpose of this policy is to ensure that business purpose records generated, received, and maintained are adequately retained and protected. Additionally, this policy provides guidelines for the disposal of such records once the business value to OkMRF has been satisfied.

### Policy Goals:

- To maintain records in a manner that ensures timely, efficient, and accurate retrieval of needed information.
- To maintain records for an appropriate time, taking into account its legal, business, fiscal, operational, and historical necessity.
- To provide a reasonable level of protection for records that could be considered private, confidential, classified, essential to business continuity, or that may otherwise require protection.
- To provide secure and appropriate destruction for records that are no longer required to be maintained in physical and/or electronic format.
- To comply with Federal<sup>1</sup> and Oklahoma Statutes<sup>2</sup>.

### I. General

1. This policy is intended to serve as a guideline to be adhered to by all OkMRF employees.
2. Once an electronic and/or digital version of a record has been made, it shall be deemed to be an original record; therefore, retention time frame as set forth by the Record Retention and Destruction Schedule (RRDS) applies to electronic retention.
3. In the event of pending, threatened, actual, or imminent litigation, the destruction applicability of this policy may be suspended by the Director/CEO and/or Legal Counsel for any/all records that could be subject to discovery in anticipated litigation.
4. The creation or deletion of staff's records of "convenience" is not intended to be curtailed by this policy unless the record type is identified specifically within this policy.

### II. Record Definition

For purposes of this policy, a record can be any form of documentation including paper, electronic, email, or digital regardless as to whether the record is stored in traditional boxes, file cabinets, network servers, desktop computers, laptops, handheld devices, or any other electronic devices if it relates to an OkMRF business activity.

### III. Administration of Policy

1. The OkMRF Director/CEO shall establish or appoint a person/committee to administer and maintain the aspects of this policy.
2. The designee(s) will inform OkMRF employees of this policy.

---

<sup>1</sup> 29 CFR §516, *et. seq.*

<sup>2</sup> 11 O.S. §22.131-132.

3. Designee(s) will initiate an annual review process (if and when necessary) to suggest revisions, additions, corrections, or modifications to the RRDS to the Director/CEO. The RRDS is detailed in Section IV.
4. Designee(s) will coordinate and document the physical shredding of paper documents and/or deleting of electronic records as provided for in this policy.
5. Designee(s) will need to be aware of and monitor local, state, and federal laws that may affect the retention and destruction of records. Oklahoma Attorney General Opinion's issued that could have an impact on this policy should be reviewed.

#### **IV. Record Retention and Destruction Schedule (RRDS)**

1. A RRDS, Attachment A, has been developed to guide the maintenance, retention, and destruction for OkMRF's physical paper records, server electronic records, emails, and other forms regardless of physical form or characteristics.
2. The RRDS is organized by business functionality purposes for OkMRF.
3. The business functionalities/categories have been established as follows:
  - a. Participant Records/Recordkeeping
  - b. Plan Administration
  - c. Trust Administration
  - d. Human Resources
4. The RRDS contains descriptive information for each type of record within the business functionalities/categories that are subject to this policy. Information includes but not be limited to the following:
  - Name of record
  - Record location and format
  - Retention time frame

#### **V. Suspension of Destruction**

1. The Director/CEO may suspend this policy if deemed in the best interest of the business operations of OkMRF.
2. In the event of pending, threatened, actual or imminent litigation, the destruction applicability of this policy may be suspended for any/all records that could be subject to discovery or subpoena.
3. Upon advice of legal counsel to Board and/or Director/CEO, destruction of records may be suspended based on the legality of a given event or situation.
4. If OkMRF becomes aware of any governmental agency investigation or commencement of a special audit other than the annual financial audit, the destruction of records may be suspended.
5. If destruction is suspended due to a specific event noted above, the Board will be notified.

#### **VI. Destruction of Records**

1. Since the inception of the RRDS, records from January 1, 2014 to current, have been subject to the RRDS established by this policy. Since all records are now past the longest time frame established in 2014 for scanning to digital format or destruction, a Resolution for destruction of records will not be required for destruction going forward, unless records are set for destruction before the retention time frame outlined on the RRDS.
2. Once an electronic and/or digital version of a record is made, said record shall then be deemed to be an original record in digital form.
3. When various participant "paper" records are received, they are immediately converted to digital format. Where the RRDS allows for digital formats to be

maintained, the “paper” records received will be destroyed in an efficient manner. Board approval for the destruction of these “paper” records will not be required as the electronically captured record shall be deemed as the original.

4. Exceptions to automatic “paper” file destruction cited in #3 above, are “paper” files that are listed as permanent records on the RRDS. The digital and “paper” format are both maintained for back-up retention purposes.
5. When “paper” records are authorized for physical destruction, the “paper” records are placed in a “shredding bin” and shredded on site, utilizing a mobile shred truck supplied by a third-party service and the physical destruction is witnessed by an OkMRF employee.

## **VII. Miscellaneous**

1. If not specified in the RRDS, any email correspondence related to the business operation or that has a OkMRF business purpose shall be auto archived after five (5) years.
2. All emails, except plan interpretive attorney correspondence, will be automatically deleted after ten (10) years, unless the Director/CEO or Designee(s) determine that the email record may be needed for a future or past reference purpose.

## **VIII. Policy Approval and Amendments**

This policy and subsequent amendments will be approved by the Board at a regularly scheduled meeting.
